Organization Info Form

Outdoor Adventures, UREC

Please take a second to provide us with some additional information on your organization, its goals, and expected learning outcomes of your programming event. The more information you provide, the better off our facilitators will be at providing a comprehensive experience. Feel free to attach additional sheets of paper if necessary.

For first time groups, this process can sometimes be confusing. Please, feel free to contact your program coordinator for any clarification.

Total expected participants: _____ Males: _____ Females: _____

Organizational Background:

Briefly describe the history of your organization and its purpose.

Please elaborate on the type of structuring and titles within your organization.

Has your group ever attended a challenge course before? If so, please discuss your experience with them. What did you like about the experience, and what could have gone better?

What specifically are you hoping to attain by having Outdoor Adventures provide programming experiences for your group? Examples of group goals might include: breaking the ice, getting to know one-another, teaching communication skills, conflict / tension resolution, working together as a team, etc.

Is there any additional information we should know? For example, an on-going conflict amongst co-workers, or cliques forming within your group. Please be specific as possible; i.e. use names and timeframes.

Please attach any additional information that might be useful (e.g. organization website address, mission / vision statement, memorandum of understanding, etc.).

Thank you for taking the time to fill out this information. Your program coordinator might contact you with additional questions.
