

**DEGREE PLAN WORKSHEET – DEPARTMENT OF BIOLOGY**  
**Bachelor of Science – 2011-12 Catalog**  
**Ecology and Evolutionary Biology Major – Multiple Discipline Minor\***

*Instructions: With your advisor's assistance, develop a plan for taking each of the courses listed. Upon completion of 30 semester hours, bring your completed plan, which has been approved and signed by your advisor, to the Biology Department Office to file an official degree plan. Even after your official degree plan has been filed, you will be required to consult with your departmental advisor each semester. Your advisor will monitor your progress, apprise you of special opportunities or inform you about changes in requirements or course availability.*

**ELECTIVES (22-24 hours required-11 of these must be advanced)\*\*\***

This degree requires a minimum of 120 hours with a minimum of 42 advanced hours.

\*Students may select a minor other than the multiple discipline minor; however, all the courses listed for the degree must be completed (see Chemistry exception below).

\*\*The Chemistry requirement may also be satisfied by Chemistry 1411, 1412, 3151, 3351, 3152, 3352, and 4331. These courses would also satisfy the requirement for a minor.

\*\*\*Additional biology courses may be taken to fulfill general elective requirements; Biology 3403 is strongly recommended for students who plan to pursue a graduate degree in Biology.
