Web Print: Mobile Release

Mobile Release makes it possible to print from anywhere on campus. Upload the document to Web Print, and then follow the steps below to release it from your mobile device when you are in the MCS or Library Commons.

STEP 1: Sign into PaperCut

1. On your mobile device, go to the website “papercut.angelo.edu/mr” (this site will only work while connected to the campus wifi).
2. For easy access, you may want to bookmark this site for future use.

STEP 2: Select a Printer

1. Select the printer that is currently holding the job that you want to print.

STEP 3: Release the Print Job

1. Ensure that the document to be printed is selected.
2. Press the Release button.
3. Retrieve your document from the printer that it was sent to.

Once the document has been printed, the document will be removed from the queue. If there is a problem, please contact the Technology Service Center at 325-942-2911.
