     December 7, 10:00 am to 2:00 pm.

Old Business:
2. Topic: Dual Credit (D. Topliff)
   • D. Topliff informed members recently passed legislation says Dual Credit courses that  
     are not part of the core may not be offered. He asked that if there are courses they want  
     added to the core, the proposals should be submitted as soon as possible. The Core  
     Curriculum Committee is meeting in January right after the winter break. Core changes  
     will be submitted to the Coordinating Board in January.
   • J. Miazga informed members the Texas Education Agency has a future teacher initiative  
     where they want four CTE courses offered as dual credit. TEA has already launched this  
     campaign.

3. Topic: Faculty Evaluations (D. Topliff)
   • D. Topliff said he has now received all faculty evaluations and is almost done reviewing  
     them. He said at the Faculty Senate meeting the question came up again about the time  
     frame for collecting evaluations from students. Some faculty members think the time  
     frame is too long. D. Topliff said the time frame can be set to whatever we want. There  
     was some discussion and mention of sporadic Blackboard issues regarding students’  
     ability to access the system.

4. Topic: Tenure and Promotion (D. Topliff)
   • D. Topliff told members he has received several portfolios and he will begin reviewing  
     the portfolios as soon as he is done with faculty evaluations. He reminded members the  
     tenure and promotion portfolios are due Friday, December 8.

New Business:
5. Topic: Summer and Fall Schedule Build (D. Topliff)
   • D. Topliff told members he forwarded the schedule build proposal by C. Weeaks to  
     members. There was some discussion. D. Topliff said he will contact C. Weeaks to  
     move the schedule build end date to February 19.
   • D. Topliff reminded members summer courses not meeting the minimum enrollment will  
     not be approved.
   • D. Topliff informed members he will be attending the SACS conference this weekend through Tuesday.
   • D. Topliff shared a letter regarding regional accrediting commissions conducting special reviews of institutions with low graduation rates (below 25%) and high student loan default rates or low loan repayment rates. The calculations are done using August graduation data. He said per IPEDS data ASU is at 27%. D. Topliff said all ideas to increase graduation rates will be considered and the target rate right now is 30% per IPEDS definition. J. Wegner said a report is in the process of being created to find out what the issues are but there are so many components to consider it is taking longer to create the report.
