

AlcoholEDU® and Haven® FAQs for Advisors

What is AlcoholEDU and Haven?

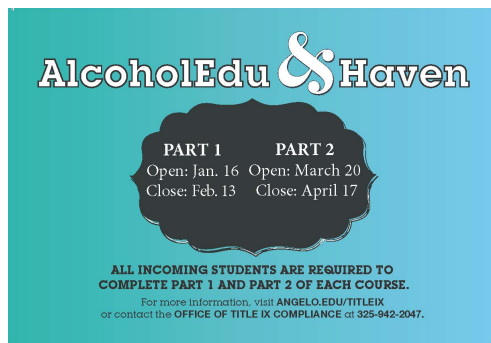

Angelo State University is committed ensuring students receive an exceptional education and can be successful not only in the classroom but in becoming a successful member of our campus community. As part of this commitment to provide a positive education experience, ASU has implemented a comprehensive training program to assist students in making safe decisions related to alcohol use and relationships. *AlcoholEDU®* is an online, research-based alcohol prevention program that provides a tailored educational experience focusing on the impact that alcohol has on the mind and body. *AlcoholEDU®* helps students make well-informed decisions about alcohol while giving them the opportunity to develop skills that will help them handle potential drinking behavior of their peers. *Haven®* is the companion to *AlcoholEDU®* and focuses on healthy relationships and sexual assault prevention. *Haven®* teaches students about setting good boundaries, practicing good communication, affirmative consent, how to be an active bystander, and signs of interpersonal violence and sexual assault.
