

April 6, 2018

Dear Parent/Guardian,

The Department of Computer Science at Angelo State University (ASU) are pleased to announce that Code Camp is being offered **June 4 - 15, 2018, Monday – Friday, 8:30 am – 11:30 am**, at ASU Mathematics Computer Science (MCS) building, 2200 Dena Drive.

**** Monday, June 4th - Registration will begin at 7:30 am ****

This two-week program is for Junior High and High School students who have an interest to learn basic coding, designing, operating and testing of computer codes. Students with prior experience or have attended prior ASU Code Camps will work on more advanced projects.

Participants will acquire and apply information with Java and Unity 3D Game Engine to create, implement and test computer codes, while developing team-building skills with other students.

No previous experience required, however, **keyboarding skills is highly recommended.**

Code Camp, is instructed and supervised by William J. Wolfe, PH.D., Department of Computer Science Professor at ASU. In addition, there will be several current ASU students on hand to assist as needed.

Registration packet and information are now available at our website:

angelo.edu/dept/computer_science/

Thank you. We look forward to another successful year.

With **RAM** Pride,

Belinda Saaranen
