A two-week intensive summer coding camp where high school and junior high students interested in computer science learn basic design and implement and test computer codes.

Students with prior programming experience or who have attended previous ASU Code Camps will work on more advanced projects.

June 4—15, 2018
Monday—Friday
8:30—11:30 a.m.
ASU Math-Computer Science (MCS) Building
2200 Dena Drive, Room 100

Familiar with keyboarding helpful.
No programming experience necessary.

The 2-week program fee is $38.

Java & Unity 3D Game Development Programs

Code Camp T-shirts

Make checks payable to: ASU CODE Camp
Include:
- Address
- Phone number
- DL number

See flyer for details.

Payments Accepted
- Cash (exact amount)
- Check
- Money Order
- On-line Credit/Debit Card
