ANGELO STATE UNIVERSITY

GENERIC BACHELOR of SCIENCE in NURSING

NUR 4205
NURSING CONCEPT SYNTHESIS
Fall 2017
SUSAN WILKINSON PhD, RN, CNS
COURSE NUMBER
NUR 4205

COURSE TITLE
Nursing Concept Synthesis (2-0-0)

CREDITS
Two Semester Credit Hours (2-0-0)

PREREQUISITE COURSES
Nursing 4411 Adult Health Nursing, and Nursing 4321 Adult Health Nursing II Practicum

CO-REQUISITES
NUR 4404 Nursing Capstone Residency, Nursing 4302 Leadership, and 4307 Community-Based Health Promotion and Disease Prevention

PRE-REQUISITE SKILLS
Accessing internet web sites, use of ASU Library resources, and proficiency with Microsoft Word and/or PowerPoint are an expectation of the Generic BSN program. Computer requirements are further delineated in the Department of Nursing Undergraduate Student Handbook. Tutorials for ASU Library and for Blackboard are available through RamPort. The ASU Nursing Program Undergraduate Student Handbook should be reviewed before taking this course (http://www.angelo.edu/dept/nursing/handbook/index.html).

COURSE DELIVERY
The Nursing Concept Synthesis course is delivered in an online format. While there will be some face to face (class) hours scheduled during the term, the majority of the course hours are located within assignments, activities, and interactions with faculty in Blackboard. Students should plan to have ready access to computer and internet (see technology requirements further down in syllabus) and are required and expected to check email and the Blackboard course daily-even during clinical rotations.

Computer Requirements: All students are required to have access to a dependable computer with a reliable Internet Service Provider (ISP or internet connection). Students taking traditional, online, and web supported courses must have a computer that meets minimum requirements recommended by Information Technology (IT). Computer hardware and software that are less than the specifications may cause technical problems interfacing and working with Blackboard TM.

Click these links if you need a refresher about Online Learning or specific information about Computer Requirements

If you run into problems with Blackboard™ or your internet service, you must address the issue immediately. One of your first contacts should be Information Technology. IT services are

Rev 8.15.2017 sw
available around the clock so please do not hesitate to call them for computer problems (325 - 942-2911). You may e-mail them as well @ helpdesk@angelo.edu.

If you come across problems with your computer that cannot be corrected in a timely manner, it is your responsibility to secure access to a reliable computer and keep up with the materials being presented. Missing an assignment due to computer problems is not an acceptable excuse for missing the work.

**BROWSER COMPATIBILITY CHECK**

It is the student’s responsibility to ensure that the browser used to access course material on his/her computer is compatible with ASU’s Blackboard Learning System. The faculty reserve the right to deny additional access to course assignments lost due to compatibility issues. Students are responsible for reviewing the guidelines posted in this course regarding accessing Blackboard assignments. Problems in this area need to be discussed with faculty at the time of occurrence, either via a phone call (preferred) during posted acceptable hours for calling, or via email notification during times outside those posted for calls.

Be sure to perform a browser test. Select the “Technology Support” tab from the Blackboard homepage (http://www.blackboard.angelo.edu). Then select “Test your Browser” option located under the Browser Test header.

Please see computer requirements for BSN classes at this link:

http://www.angelo.edu/dept/nursing/student_resources/computer_requirements.php

**FACULTY**

Susan Wilkinson, PhD, RN, CNS  
Office: VIN 277  
Phone: (325) 486-6606 (office direct line)  
Nursing main office: (325) 942-2224  
Fax: (325) 942-2236  
susan.wilkinson@angelo.edu

**OFFICE HOURS**

T, W, Th 10-12 and by appointment. Please email me for an appointment for other dates/times. I typically teach a lecture class on Monday mornings.

**COURSE DESCRIPTION:**

This course focuses on preparing the senior baccalaureate student for transition to professional nursing role and nursing practice. The Texas Nurse Practice Act and National Standards of Nursing Practice are explored. Peer and faculty interactions will explore and synthesize ethical and practice issues in the senior capstone residency and general nursing practice. This course also includes an NCLEX review course and in-depth preparation for initial nursing licensure.

Rev 8.15.2017 sw
You are responsible for reading, understanding, and abiding by all content in this syllabus!!

BSN PROGRAM OUTCOMES
Upon completion of the program of study for the Generic BSN, the graduate will be prepared to:

1. Integrate nursing and related theories into the planning and/or delivery of safe nursing care.
2. Engage leadership concepts, skills and decision-making in the planning and/or implementation of patient safety and quality improvement initiatives.
3. Identify and appraise best research evidence to improve and promote quality patient outcomes.
4. Utilize technology to access information, evaluate patient data and/or document care.
5. Participate in political/legislative processes to influence healthcare policy.
6. Engage in effective collaboration and communication within interdisciplinary teams.
7. Design and/or implement health promotion & disease prevention strategies for culturally competent care.
8. Demonstrate standards of professional, ethical, and legal conduct.
9. Practice and/or coordinate, at the level of the baccalaureate prepared nurse, to plan and/or implement patient centered care.

GRADING SYSTEM
Course grades will be dependent upon completing course requirements and meeting the student learning outcomes.

The following grading scale is in use for this course:
- A = 90.00-100 points
- B = 80.00-89.99 points
- C = 70.00-79.99 points
- D = 60.00-69.99 points
- F = 0-59.99 points (Grades are not rounded up)

NO EXTRA CREDIT IS GIVEN, GRADES ARE NOT ROUNDED

**TEACHING STRATEGIES**

- Online lecture and discussion
- Online content and activities via Blackboard
- Written assignments
- Ethical/Legal Assignment
- Examinations
- NCLEX Review Preparation and Assignments
- Guest Lectures
- Students are expected to be “active learners.” It is a basic assumption of the instructor that students will be involved (beyond the materials and lectures presented in the course) discovering, processing, and applying the course information using peer-review journal articles, researching additional information and examples on the Internet, and discussing course material and clinical experiences with their peers.

**ASSIGNMENT/ACTIVITY DESCRIPTIONS**

*Please note: Rubrics for all assignments and activities are either located at the end of this syllabus or on Blackboard.*

**Discussion Board Activities:**

Discussion Boards provide an avenue for synthesis of material / information. A Discussion Board is provided in this course as a way to help students’ process course materials, express thoughts, and engage others opinions and ideas in a healthy and productive learning environment. Students are expected to respond to all discussion board assessments using the “Online"
Discussion Rubric” to support individual answers to the assigned questions throughout this course.

Professional Portfolio: Each student will compile a portfolio as guided in the directions and instructions in the blackboard course. This assignment includes creation of a nursing philosophy and students’ perceptions of meeting the BSN Essentials, (AACN). Additional items might include a resume, a letter of recommendation and copies of continuing education hours earned. Please review the Professional Portfolio document in blackboard for more information. This project may take approximately 3-5 weeks to complete and requires finding documents from previous courses and clinical for the portfolio.

ATI: Each student will participate in ATI Exams including the Comprehensive predictor twice and the Mental Health Exam. See course schedule for dates and times. These exams are mandatory and part of the course grade. Exams are taken in the Testing Center in the Vincent Building.

NCLEX Review Course: Students will participate in a three (3) day live review during the course to prepare them for NCLEX-RN after graduation. The review is mandatory and cannot be made up; it consists of three (3) –eight (8) hour days during the course. (see course schedule). Failure to attend will result in course failure.

HURST ELEVATE NCLEX Online Modules & Exams: Students will view 6 weekly online webinars with corresponding quizzes developed by the NCLEX review company associated with the course (HURST Elevate). Students will also take exams/quizzes that mimic NCLEX to help ready them for the type of computer adaptive exam and style of NCLEX testing for licensure. There will be weekly review activities (webinars) and quizzes starting mid-course. More information is located within the online course.

Ethical/Legal Assignment: Students will apply ethical principles to clinical cases involving the role of the nurse as patient advocate. A framework for moral reasoning will be used that explores the tensions inherent when values conflict in the healthcare setting. Additional information is provided in the Blackboard™ online learning environment.

NCLEX Study Plan: During the first few weeks of the course, students will take a comprehensive exam (ATI) and create an organized study plan based on a set of criteria and how they individually performed on the exam.

Quizzes and/or Exams: There may be online quizzes and in-class exams (or in the testing center) throughout the course. Students must adhere to academic honesty rules and guidelines when taking quizzes and exams.

GENERAL POLICIES RELATED TO THIS COURSE
All students are required to follow the policies and procedures presented in the following documents:

Rev 8.15.2017 sw
IMPORTANT UNIVERSITY DATES

August 28th  
Fall classes officially begin

September 4th  
Holiday – No class

November 22nd-24th  
Thanksgiving Break

November 3rd  
Last day to drop a class or withdraw from the University for fall Semester

December 11-15th  
Final Exams Week

December 15th  
Last Day of Spring Semester

December 16th  
Spring Graduation

STUDENT RESPONSIBILITY & ATTENDANCE

LECTURE: Class attendance, when scheduled, is necessary and required for successful and satisfactory completion of all course objectives; therefore, students must attend all scheduled on campus course sessions. If a situation arises that prevents the student from attending, he or she should contact the instructor prior to the absence if not an emergency situation.

According to the undergraduate handbook, a week’s worth of cumulative absences in any one course will result in faculty evaluation of the student’s ability to meet course objectives and may result in failure of the course. Three tardies (over 5 minutes late for lecture, campus laboratory, or clinical) will equal 1 hour of absence. Failure to meet these requirements hinders the student's ability to complete the course. Attendance will be checked for each lecture.

*Due to the nature of this course and scheduling of class time, students who miss two (2) hours or more of class time must schedule to meet with the instructor within 1 week of the absence to review the student’s ability to meet course objectives.

ON-LINE: The online parts of this class are asynchronous, meaning you do not have to be online at a certain time. There are readings which you will have to complete to be able to adequately participate in individual and group assignments. In order to complete this course successfully, you do have to participate in all course activities i.e. discussion boards, course projects, reflective logs, tests, etc. Students are expected to engage in course activities and submit work by due dates and times. The hope is that students will make substantive contributions which reflect integration of assigned materials as well as any outside readings as appropriate. Scholarly contribution is an expectation.
COMMUNICATION
Faculty will respond to email and/or telephone messages within 24 hours during working hours Monday through Friday. Weekend messages may not be returned until Monday.

Written communication via Blackboard: It is an expectation of this class that you use formal writing skills giving appropriate credit to the source for your ideas. Follow APA (2010) 6th edition (2nd Printing or higher only) guidelines for referencing.

Written communication via email: All private communication will be done exclusively through your ASU email address. Check frequently for announcements and policy changes.

A note about professional communication:
I expect all email correspondence to be professionally written. This means it should begin with a salutation (e.g., “Hi Dr. Wilkinson,” “Dear Dr. W,” “Dr. Wilkinson,”), end with a valediction (e.g., “Thank you, Tom,” “Sincerely, Joan,” “Best,” “Take care,” etc... the possibilities are endless!), and, for the love of professionals everywhere, do NOT include text/shorthand (e.g., “lol,” “pls.”). I reserve the right NOT to reply to emails that are unprofessionally written.

Virtual communication: Office hours and/or advising may be done with the assistance of the telephone, Skype, Join.me, Google Hangouts, etc.

Netiquette—Proper Online Activity Behavior: All students are expected to maintain professional demeanor and behavior in all ASU nursing online activities. Postings are to be constructive and non-judgmental. Please do not type in ALL CAPS as this represents someone shouting a response. Please be mindful of the variety of different cultural and personal communication styles within any group. Always think before posting and carefully read responses.

Use Good "Netiquette":
• Check the discussion frequently and respond appropriately and on subject.
• Focus on one subject per message and use pertinent subject titles.
• Capitalize words only to highlight a point or for titles. Otherwise, capitalizing is generally viewed as SHOUTING!
• Be professional and careful with your online interaction. Proper address for faculty is by formal title such as Dr. or Ms./Mr. Jones unless invited by faculty to use a less formal approach.
• Cite all quotes, references, and sources.
• When posting a long message, it is generally considered courteous to warn readers at the beginning of the message that it is a lengthy post.
• It is extremely rude to forward someone else’s messages without their permission.
• It is fine to use humor, but use it carefully. The absence of face-to-face cues can cause humor to be misinterpreted as criticism or flaming (angry, antagonistic criticism). Feel free to use emoticons such as J or :) to let others know you are being humorous.

(The "netiquette" guidelines were adapted from Arlene H. Rinald’s article, The Net User Guidelines and Netiquette, Florida Atlantic University, 1994, available from Netcom.)
ASSIGNMENT SUBMISSION
In this class, all assignments except the portfolio, need to be submitted through the Assignments link in the Blackboard course site. This is for grading purposes. Issues with technology use arise from time to time. If a technology issue does occur regarding an assignment submission, email me at susan.wilkinson@angelo.edu and attach a copy of what you are trying to submit. This lets your faculty know you completed the assignment on time and are just having problems with the online submission feature in Blackboard. Once the problem is resolved, submit your assignment through the appropriate link. This process will document the problem and establish a timeline. Be sure to keep a backup of all work.

LATE WORK OR MISSED ASSIGNMENTS POLICY

General Policy on late work, exams, or quizzes: There are no makeup for assignments, exams, or quizzes except for extreme extenuating circumstance and only if the course instructor has been notified prior to the due date/exam time. Instructor reserves the right to require documentation for emergencies that delay submission of assignment.

Written Work: Please note: All written work is expected to be turned in on time. Due dates and times for assignments are posted in Blackboard and on the course calendar. Any work turned in after the designated date (without prior contact to the faculty) will be late and will not be accepted and will result in a zero. All written/typewritten work must be legible with correct spelling and grammar and must be written in APA format as applicable. You must be present for all exams or you will receive a zero and can result in course failure. Although some assignments will not receive an actual ‘letter/number’ grade, their assigned ratings will be part of the evaluation process for weekly, mid-term and final evaluations. Review plagiarism and copyright guidelines prior to writing the paper.

Remediation and Counseling: There is remediation available within the Nursing Department. The department uses communication tools for various reasons. These documents serve as a communication method for remediation, absenteeism, status in course, and disciplinary issues. Therefore, these documents should not be necessarily viewed as a “negative” focus unless it is of discipline in nature. These tools help identify areas of concern and/or weakness with a plan or action to assist the student to remediation on such issues. A write up for “Unprofessional Conduct” is disciplinary and is reserved for offenses as identified by the Texas Board of Nursing, Nurse Practice Acts, or within the standards of nursing that constitutes a serious concern or offense. A student written up on Unprofessional Conduct will be counseled and referred to the Nursing Program Director.

ACADEMIC INTEGRITY
Academic honesty is expected on all work. Students are expected to maintain complete honesty and integrity in their educational experiences. Any student found guilty of any form of dishonesty in academic work is subject of disciplinary action and possible expulsion from ASU. All codes and policies are set forth in the University Student Handbook of Angelo State University http://www.angelo.edu/student-handbook/ as well as the Department of Nursing

Rev 8.15.2017 sw
PLAGIARISM
Plagiarism at ASU is a serious topic. The Angelo State University’s Honor Code gives specific details on plagiarism and what it encompasses. Plagiarism is the action or practice of taking someone else's work, idea, etc., and passing it off as one's own. Plagiarism is literary theft.

In your discussions and/or your papers, it is unacceptable to copy word for word without quotation marks and the source of the quotation. We use the APA Style Manual of the American Psychological Association as a guide for all writing assignments. Quotes should be used sparingly. It is expected that you will summarize or paraphrase ideas giving appropriate credit to the source both in the body of your paper and the reference list. Papers are subject to be evaluated for originality via Bb Safe Assignment or Turnitin. Resources to help you understand this policy better are available at the ASU Writing Center http://www.angelo.edu/dept/writing_center/academic_honesty.php.

PERSONS WITH DISABILITIES AND SPECIAL ACCOMMODATIONS REQUEST
“Disability Services is part of the Office of Student Affairs at Angelo State University. Angelo State’s Office of Student Affairs works to ensure that qualified students with disabilities have equal access to all institutional programs and services. The office advocates responsibly for the needs of students with disabilities and educates the campus community so that others can understand and support students with disabilities.”

For more information on learning disabilities and how to apply for accommodations through the ASU Disability Services visit http://www.angelo.edu/services/disability-services/

The following includes contact information for Disability Services at ASU:
ada@angelo.edu
Phone: 325-942-2047
Fax: 325-942-2211
Address: Houston Harte University Center, 112, ASU Station #11047, San Angelo, TX 76909

INCOMPLETE GRADE POLICY (OP 10.11 Grading Procedures)
It is policy that incomplete grades be reserved for student illness or personal misfortune. Please contact faculty if you have serious illness or a personal misfortune that would keep you from completing course work. Documentation may be required.

STUDENT ABSENCE FOR OBSERVANCE OF RELIGIOUS HOLY DAYS
“A student who intends to observe a religious holy day should make that intention known in writing to the instructor prior to the absence.” Please see ASU Operating Policy 10.19.
COPYRIGHT POLICY
Students officially enrolled in this course should make only one printed copy of the given articles and/or chapters. You are expressly prohibited from distributing or reproducing any portion of course readings in printed or electronic form without written permission from the copyright holders or publishers.

SYLLABUS CHANGES
The faculty member reserves the option to make changes as necessary to this syllabus and the course content. If changes become necessary during this course, the faculty will notify students of such changes by email, course announcements and/or via a discussion board announcement. It is the student’s responsibility to look for such communications about the course on a daily basis.

Social Media Policy: The Angelo State University Nursing Program supports the use of social media in personal/nonacademic or non-professional contexts. Students may encounter confidential information within the academic or patient care environment during clinical practicum and must demonstrate professional behaviors and communication. Consistent with Code of Ethics for Nurses with Interpretive Statements [ANA, 2001], Nursing: Scope and Standards of Practice [ANA, 2nd ed., 2010], Nursing’s Social Policy Statement [ANA, 2010] and the ASU Confidentiality Statement all students sign at the beginning of their program, it is the Students’ responsibility to refrain from the following:

- Uploading images/videos of yourself in a clinical environment or uniform*
- Discussing patients, visitors, vendors, or organizational partners
- Talking about physicians, hospital/facility/clinical staff
- Discussing clinical events or news stories involving clinical partners
- Giving medical advice online
- ‘Friending’ or requesting to friend patients (even when they are no longer patients), Department/College faculty, or staff.
- The only exceptions are individual or group photos of the clinical group and faculty.

ASU nursing faculty reserves the right to order the immediate removal of inappropriate items (HIPPA violations, etc.) that are posted on a student’s social media site. Students preparing to enter the nursing workforce have a professional obligation to understand the nature and consequences of participating in social networking of all types [blogs, Twitter, Facebook, etc.]. Patient privacy is a fundamental ethical and legal obligation of nurses. Although social networking venues offer opportunities for mentoring and sharing needed health related education and information among colleagues and the lay public it also presents risk. The use of privacy settings and the separation of personal from professional information is not guaranteed from being shared or made public in less protected forums. Online content and behavior has the potential to enhance or undermine the individual student’s career and/or the academic institution they attend. Students should consider the ‘unintended consequences’ of any information they share outside the context in which it was learned. [adapted from Principles: Social Networking and the Nurse [Draft 25 April 2011], American Nurses Association]

Rev 8.15.2017 sw
Library Resources: Reading from a wide variety of sources is encouraged in order to prepare for online discussions, clinical experiences, and for any written assignments. You have access to RAMCAT and RAMNET.

WEBLINKS:
Board of Nursing for the State of Texas http://www.bne.state.tx.us/
BSN Student Resources http://www.angelo.edu/dept/nursing/student_resources/

Complaint and Grievance Process: Students will find access to the complaint and grievance policies, along with other student-based policies for the university through the ASU Student Handbook at this link: http://www.angelo.edu/content/files/17187-20122013-student-handbook-for-web

This Student Handbook is a publication of Angelo State University. Its purpose is to provide students with general information regarding the policies, rules, and regulations concerning student activities, academic issues, and expected standards of student behavior. The policies, rules and regulations contained in this Student Handbook are subject to change at any time without notice. Students are expected to be familiar with the behavioral expectations contained herein and to conduct themselves in a manner consistent with them.

COURSE EVALUATION
Students are provided the opportunity, and are strongly encouraged to participate in a course evaluation at the end of the semester. Areas on the IDEA evaluation include:

- Learning to apply course material (to improve thinking, problem solving, and decisions)
- Developing specific skills, competencies, and points of view needed by professionals in the field most closely related to this course
- Developing a clearer understanding of, and commitment to, personal values
- Learning to analyze and critically evaluate ideas, arguments, and points of view

**The student must pass NUR 4205 and NUR 4404 in the same semester to successfully progress in the program and receive credit for either course. If a student repeats any of the above courses, he/she must enroll in the co-requisite courses.**
