DIGITAL DESIGN - ART 2373
Spring 2018 MW 10:00 am-12:45 pm; Carr 202
Instructor: Edwin Cuenco
Office: Carr 242
Contact Information: Edwin.cuenco@angelo.edu; 942-6019
Office Hours: MW 7am-8am; F 7am-8am/10am-12nn; TR 7am-8am/10am-12nn; or before/after/during class; and by appointment

Course Description
A foundation course centered on the manipulation of the art elements and graphic design with the use of the computer. 3 Credit hours

This is a digital foundation course centered on the manipulation of the elements of art with the use of the computer while expanding the students’ understanding using the Adobe Suite software. This course will also emphasize the design process and its role in visual problem solving techniques.

Recommended Textbook
Graphic Design Essentials by Joyce Macario; The Digital Designer 101 by Stephen Pite

Recommended Supplies
Pens, sketchpad, cameras, USB backup drive and cloud-based account

Justification of the Course
The course will provide graphic design studio experience in developing creative solutions using computer graphics techniques. Emphasis is placed on the visual-problem solving process using current software applications while applying creative solutions. Through lectures, demonstrations and simulated exercises, students explore the uses of digital design tools to provide creative ways to synthesize traditional art to digital formats. The class assignments will allow students to develop their own perceptual skills, design strategies, and graphic arts production methods.

IDEA Graphic Design Learning Outcomes
a. Develop creative capacities. (commercial and fine arts)
b. Gaining a BASIC understanding of the subject. (industry knowledge, methods, applications)
d. Develop specific skills, competencies, and points of view needed by professionals in the graphic design industry.

Course Objectives
1. Social responsibility is the broad student-learning foundation goal for this course. It includes intercultural competence, knowledge of civic responsibility, and the ability to engage effectively in the regional, national, and international communities.
2. Develop skills of a socially responsible citizen and graphic designer.
3. Demonstrate knowledge of computer graphics and design.
4. Provide an avenue of archiving your digital artworks.
5. Enhance your digital skills needed to produce artwork for subsequent graphic courses.
6. Create a graphic design portfolio geared for future internship and employment purposes.
General Education Goals
The general education curriculum is designed to provide a foundation for knowledge to educate people and to develop the capacity for an individual to expand that knowledge over his or her lifetime. At the end of the course students will be able to:

a. Communicate effectively and think critically.
b. Develop ethical perspectives.
c. Apply scientific and quantitative reasoning.
d. Demonstrate knowledge of the arts and humanities.
e. Understand wellness concepts.

Course Assessment
To do well in this course, plan on an average of at least 6-8 hours of work per week outside of class. Project schedules are designed to give students time for critical and creative revisions; the initial draft layout leading to the final version of a project should represent active experimentation, critical self-assessment, and personal commitment of your work.

a. Meeting deadlines and completion of assignment specifications
b. Understanding and successful use of design elements and composition
c. Proficient craftsmanship in production and prepared class presentation
d. Regular class and major/minor meeting attendance
e. Understanding of basic graphic design and aesthetic values
f. Individual artistic expression and originality of design work

Grading Criteria
In general, grades are determined by how well assignment objectives have been met, development of the idea, creativity and originality, technique, completeness of work, and class participation. Additional grading criteria will be outlined with each individual assignment and graded accordingly. Work must be submitted according to instructor's guidelines COMPLETED AND ON TIME at the beginning of class on due dates. Late work will be reviewed on an individual basis and with a documented excused.

Grade Breakdown
Projects are determined by specific criteria, each assigned with a value between (1) to (4) and calculated equally per project to arrive at a final course grade at the end of the semester. Missed work will be reviewed on an individual basis and accepted only in case of documented health, university and family or personal purposes; or otherwise be considered LATE and reduced to a full letter grade upon submission during the next class meeting with no exemptions. Failure to do so will result in an F grade. The student may be given a failing grade for any assignment, course work, examination, or class project involved in the act of misconduct. No makeup class project will be given unless the absence was the result of an unavoidable physical accident, a sudden illness, or a personal or family emergency. An excused absence will be granted for documented reasons i.e. police report, funeral notice, employment letter, official university activity, observance of government and religious holidays, personal or family emergencies, or a note from the student's doctor stating the student's inability to attend class, or missed the test.

A (4.0) to A- (3.5)  
Outstanding to excellent work in projects and assignments; class participation and regularly attendance
B (3.0) to B- (2.5)
Average work in projects and assignments; follows instructions and regularly attendance
C (2.0) to C (1.5)
Adequate work in projects and assignments; attendance within minimum class requirement
D (1.0)
Barely acceptable work; failing to complete all assignments; excessive class tardiness or absences
F (0)
Fail; Non-submission
Coursework
Each assignment project will be provided with a detailed project spec sheet. Be sure to follow the instructions carefully. Read the directions prior to handing in your projects. Failure to comply with these instructions will affect your grade. We will critique work-in-progress as well as finished projects. Class critiques are meant to develop skills of presentation and discussion, and should be approached in a professional manner. The presentation of work is an essential part of the project as well as your development as a creative professional. Creating the work is only part of the process and you must be able to present your work as the right solution to the design problem. Students are expected to contribute actively to a positive classroom environment. Absences, late arrivals and early departures, inappropriate use of cell phones or laptops, lack of preparation, inattentiveness, or unwillingness to discuss your research will affect your ability to contribute to a positive classroom environment and will be graded accordingly. Unless instructed otherwise, work must be in the following formats (PDF, JPG, AI, PSD) to be accepted for review, class viewing or grading. Any work brought into class after a graded class critique has started will be counted as Late. All works will be due at specific dates as outlined in the project Spec Sheet schedule.

Class Assignment Themes
A fine arts education is an open-minded tolerance for ideas and modes of expression that might sometimes conflict with one's personal values. By being exposed to such ideas or expressions, students are not expected to endorse or adopt them but rather to understand that they are part of the free flow of information upon which higher education depends. To this end, you may find that certain class requirements may include engaging certain materials, such as books, films, images and artworks, which may, in whole or in part, indirectly offend you. These materials are equivalent to required texts that are essential to the course content. If you choose to decline to engage the required material by not reading, viewing, or performing material you consider unpleasant, you will still be required to meet the class requirements in order to earn credit. This may require responding to the content of an alternative course material or topic amenable both to you and the instructor for appropriate grade completion with supporting official documentation provided by the concern student.

Backing Up Your Files
Losing work due to a failed digital media, lost, or overwritten files is NOT AN EXCUSE for missed and late class assignments. Students are expected to have an effective backup strategy for all their working and final files. Please note that Carr-EFA Mac Lab 202 are open and computers typically updated and erased by the IT Department at anytime throughout the semester without prior notification.

Software Training
Basic computer knowledge is required, so a certain amount of familiarity with the software used in class is at least expected. Please note that while there will be adequate software tutorials covered in class, it is your PERSONAL RESPONSIBILITY to further develop the essential technical computer skills needed to complete your class assignments.

Student Honor Code and Academic Integrity
Angelo State University expects its students to maintain complete honesty and integrity in their academic pursuits. Students are responsible for understanding the Academic Honor Code, which is contained in both print and web versions of the Student Handbook. Plagiarism will not be treated lightly in this course. This class is focused on generating and developing your own ORIGINAL DESIGNS. This does not mean that references can not be used but copying, tracing, or using the actual work of others without documenting or showing significant changes (75% modification from copied artwork) in creating your artwork and can lead to a reduced full letter grade or failing the assignment. Make sure to post references of your sources and keep working in developing your own original designs.
Attendance Policy
Regular class attendance is a required student’s obligation and will be taken daily by a sign-in sheet. It is the responsibility of the student to sign the attendance sheet if they want to be counted present. Failure to sign the attendance sheet will result in an unexcused absence. You will be marked absent if you are more than (30) minutes late; or leave class (30) minutes early without instructor permission. Any false signatures will result in zero participation grades for all parties involved. Failure to attend class or arriving late may impact your ability to achieve course objectives, which could affect your final grade. If I am late in arriving to class, you must wait (15) minutes after the start of class before you may leave without being counted absent, or you must follow any written instructions I may give you about my anticipated tardiness.

An absence, excused or unexcused, does not relieve a student of any course requirement. Excessive absences will be reported to the VPA Art Office and will affect your final grade. If the student accumulates more than (3) unexcused absences the student grade will be reduced to a full letter grade, and continue to be reduced for each additional unexcused absence. The accumulation of more than (6) unexcused absences will result in failure from class unless warranted by other unavoidable and excused circumstances. In this regard, it is the student’s responsibility to withdraw from class if they do not want to receive a failing grade. An excused absence will be granted with a documented excuse i.e. police report, funeral notice, employment letter, official university activity, observance of government and religious holidays, personal or family emergencies, or anote from the student’s doctor or family stating the patient’s inability to attend class, or missed the test.

Religious Holidays
A student who intends to observe a religious holiday should make that intention known in writing to the instructor prior to the absence. A student who is absent from class for the observance of a religious holiday shall be allowed to take an examination or complete an assignment scheduled for that time within a reasonable time after the absence.

Classroom Expectations
The overall theme of this class is RESPECT and helping everybody succeed. I will treat you with respect and I expect the same treatment from you. However no one is perfect in this world and that is why I ask you to be more understanding, considerate, and supportive of all your classmates and instructor in class. Try your best to practice common courtesy at all times. Avoid coming habitually to class. Please wear the appropriate attire suited to working in a studio art course. The environment for the class must be conducive to learning. Offensive behavior and disrespectful language will not be tolerated. Students who continue to display rude and disrespectful behavior will be given a warning. If the behavior continues, the student will be asked to leave the class and meet with the Art Program Coordinator to discuss the situation before being allowed back to the classroom. As part of your educational experience, you may be expected to participate in class exhibitions (print and online), provide pro bono design services to non profit organizations and university department design projects, attend field trips and art exhibitions located both on and off campus.

Students with Disabilities
Persons with disabilities who may warrant academic accommodation must contact the Office of Student Services, Room 203-B, Hardeman Student Service Center, or (325) 9422191, in order to request such accommodation prior to any accommodation being implemented. Students are encouraged to make this request early in the semester so that appropriate arrangement can be made. Furthermore, the instructor is not required to anticipate the needs of students with disabilities.
Art Major/Minor Meetings
All art majors and minors are to meet three times a semester for a general meeting, as part of the requirements for this course. The meetings will take place on 4:00 pm Wednesdays or Thursdays unless they are Symposium Fridays in which case other time options will be available. Failure to attend any of these meetings without notifying the instructor and setting up an alternative assignment will result in 2 points being deducted from the grade in this course for each meeting missed, when proper notification has not been submitted, as designated above. Please contact the Art Program Coordinator if you have any further questions regarding this matter.

Important Item to Remember
Carr-EFA Mac Lab 202 is an open lab. It is the responsibility of all students to secure AT ALL TIMES their personal safety and property before, during, and after class hours while in university premises.

Course Schedule
These approximate dates and may change or overlap. Specific dates and information will be given in project spec sheets throughout the semester.

| Week 1: | Lectures and Exercises |
| Week 2-5: | Project #1 |
| | Initial project ideas and research |
| | Lab hour production work |
| | Graded presentation |
| Week 6-9: | Project #2 |
| | Initial project ideas and research |
| | Lab hour production work |
| | Graded presentation |
| Week 10-13: | Project #3 |
| | Initial project ideas and research |
| | Lab hour production work |
| | Graded presentation |
| Week 14-16: | Project #4 |
| | Initial project ideas and research |
| | Lab hour production work |
| | Graded presentation |

Final Examinations

Important Dates
Midterms Week
March 5-9, 2018

Spring Break
March 12-16, 2018

Last Day to Drop
April 2, 2018

Final Exams Week
May 7-11, 2018

Disclaimer: This syllabus is subject to change or revisions at any time during the semester. It is the responsibility of the student to be aware of any changes if they occur.
