**Course Requirements**

1. In order to successfully complete this course, you must visit the Blackboard course site on a regular basis, and participate in all discussions and assignments. All course work has specific due dates specified in the syllabus and due dates document.

2. You are expected to check Blackboard and ASU email on a regular basis, preferably daily. Please complete reading assignments each week and meet all deadlines for submission of coursework. **Late submissions will not be accepted.**

2. **There will be five exams (one Know-the-Course Test and four Text-Exams).** Each text exam has 20 multiple choice questions and is worth 20 points and the Know-the-Course test has 15 questions with one question on finding Blackberry worth 6 points. Time limit for each exam is 1 hour. All exams (except the Final Text Exam) will be available in the Examinations folder of Blackboard for seven days including a Saturday and a Sunday. Therefore, please **DO NOT ask to make-up a missed exam** unless you can provide a doctor’s note stating that you were in **no condition** to take the exam during the days allowed.

There will be **NO MAKE-UP EXAMS** under any circumstances. For emergencies such as hospitalization or accident, a special provision for completing the course will be made with documentation from the doctor recommending that student is unable to complete the course due to his/her condition.
Because all assignments are available for weekends and weekdays with an ample amount of time even for those who work full-time, there are no make-up provisions. The missed discussions cannot be made-up because they involve other students. However, you can participate in the Bonus Discussion to make-up for one missed major discussion.

Therefore, PLEASE DO NOT request to make-up any missed assignment unless you have a *bona fide* emergency. A doctor’s note will be required stating that you were not in any condition to complete the assignment in allowed time. If you still make such a request, I will refer you to this statement that you are agreeing to accept by staying in this course.

4. **Make-Up Discussion** = 8 points
   If you miss a Major Discussion, these make-up points can be substituted for it. Please know that by missing a major discussion, **you will forgo an A Grade in the course**.

5. **Study Guide**: The test cues are provided for each exam in the Study Guide. Please use it.

6. **Know-the-Course Test** (on Syllabus, Blackboard buttons, & finding Blackberry) = 20 points
   This test is REQUIRED of everyone. The purpose is to orient you to this course and its requirements. **Missing this test will negatively affect your grade.**

7. **Total points in the course**
   Five Exams = 100 points
   Two Major Discussions = 20 points (10 points apiece)
   Two Short Essays/video evaluations for an A/B Grade = 100 points (50 points apiece)

8. **Instructions for taking exams through Respondus™ Monitor**

   Access to exams will be through Respondus™ Lockdown Browser [see the handout for downloading under RESPONDUS button on the Blackboard] and will be video recorded via Respondus™ Monitor [see Other Required Materials below for a list of needed equipment]. Use of another electronic device is prohibited.

   There are two practice tests: a Webcam test and a short 10 question practice test over ASU trivia that are not graded. These tools will be available to you to assure accessibility. You are highly encouraged to go through these practice tests in advance of taking a graded exam. This process will allow you to become familiar with the technology associated with testing and improve the testing environment. **These tests, instructional videos, and more information regarding Respondus Monitor can be found under the Respondus Monitor Help tab in your Blackboard course.**
OTHER REQUIRED MATERIALS

- Computer with MAC or Windows Operating System
- High Speed Internet Access
- Ethernet adapter cable highly recommended (wireless connections can drop during test and Collaborate sessions)
- Webcam

Refer to Angelo State University’s Distance Education website for further technology requirements: http://www.angelo.edu/distance_education

HELPFUL LINKS

Respondus Monitor is a companion tool to Respondus LockDown Browser. Monitor is a tool to proctor the online exam. Below are the two links for more information regarding Respondus LockDown Browser and Monitor:

http://www.respondus.com/products/lockdown-browser/

Stable Test Taking Experience: In order to have a stable test taking experience with the Lock Down browser, you should clear the temporary internet files and cookies before taking the test. You should also take the test on a computer that is hard wired to the network and not using a wireless network. Using computers on campus is an alternative if you continue experiencing issues with personal computers with the Respondus browser.

The exams are not set up to be taken on an iPad or a cell phone.

Set aside the correct amount of time to complete an exam and save your answers as you progress through the exam. This will help preserve the answers should you lose Internet connection. If you do not save your answers, the answers will NOT be available.

If you still have technical problems, please contact the e-Learning Center at 486-6263 before 5:00 pm (M-F); DO NOT contact me for the technical problems.

9. Two Essays/Video Evaluations (100 points): Watch two therapy videos and write two short essays with the video reviews on the video topics (no less than 2 pages each). You should begin writing your review/essay right after watching a video of your choice so that you do not forget the contents. Use two outside references for each essay and cite them on the third page. See the Task Preview folder for further instructions. Late papers and papers submitted via email will NOT be accepted.

Make sure your essays reflect university-level writing skills: use complete sentences; check your spellings; and put together graduate level papers that reflect quality. Points will be deducted for spelling/grammatical mistakes. Feel free to use your peers for editorial help.
10. **Required Family Discussion for Everyone:** This assignment will require (a) taking and scoring the Family-of-Origin scale (FOS; found in FOS & Genogram folder) and (b) creating a three-generation genogram of your family of origin (see p. 171, Ch. 7 for directions). After completing the FOS and genogram, write a narrative of at least 500 words on what you have learned about yourself and your family. Post it on the Discussion Board forum titled, “Required Family Discussion.” However, if you do not want to share about yourself with the class, then write a narrative as to what you learned as a counselor in training from this assignment and post it. Please comment on two or more other posts. Because of its importance, this assignment is **REQUIRED** of all students and will not be scored due to its personal nature.

11. **Introductory Discussion for Everyone:** You are **REQUIRED** to participate in the **Getting-to-Know-You** discussion which is designed for class introduction so that you can know something about your professor and classmates. To access this and other discussions, click on the **Discussions** button on the Blackboard and follow the instructions.

12. **Two Major Discussions for Everyone:** There are **two Major Discussions worth 10 points apiece**. See Task Preview folder to get a heads-up on the discussions to come. Please do not miss the dates for these discussions (no make-ups are possible).

13. **Student Lounge** in the Discussions folder provides a forum for an ongoing discussion for you to interact with other students and discuss topics and questions prior to exams. You can contact each other via email and then decide to go to the Student Lounge.

Special Notes

1. Your Professor’s Philosophy: Teaching is not just a job for me; it is a calling, an “educational ministry.” I am here to guide you, help you, and inspire you to do your best to earn the grade you desire. However, you have the personal responsibility to apply yourself and be an active learner, especially in an online course which requires a lot of self-discipline. For more information about Dr. Singg, please click on “My Professor” on the Blackboard.

3. Academic Honesty: Academic honesty is expected on all work. Students are expected to maintain complete honesty and integrity in their online experiences. Any student found guilty of any form of dishonesty in academic work is subject to disciplinary action and possible expulsion from ASU.
The Department of Psychology, Sociology, and Social Work adheres to the academic honesty statement as set forth in the Angelo State University Student Handbook. University "faculty expects all students to engage in all academic pursuits in a manner that is above reproach and to maintain complete honesty and integrity in the academic experience both in and out of the classroom setting and may initiate disciplinary proceedings against a student accused of any form of academic dishonesty, including but not limited to, cheating on an examination or other academic work, plagiarism, collusion, and the abuse of resource materials."

**Plagiarism** at ASU is a serious topic. The Angelo State University’s Honor Code gives specific details on plagiarism and what it encompasses. Plagiarism is the action or practice of taking someone else's work, idea, etc., and passing it off as one's own. Plagiarism is literary theft.

In your discussions and/or your papers, it is unacceptable to copy word for word without quotation marks and the source of the quotation. We use the APA Style Manual of the American Psychological Association as a guide for all writing assignments. Quotes should be used sparingly. It is expected that you will summarize or paraphrase ideas giving appropriate credit to the source both in the body of your paper and the reference list. Papers are subject to be evaluated for originality via Bb Turnitin. For more information, see ASU Writing Center. [http://www.angelo.edu/dept/writing_center/academic_honesty.php](http://www.angelo.edu/dept/writing_center/academic_honesty.php).

3. **Students with Disabilities:** “Angelo State University is committed to the principle that no qualified individual with a disability shall, on the basis of disability, be excluded from participation in or be denied the benefits of the services, programs, or activities of the university, or be subjected to discrimination by the university, as provided by the Americans with Disabilities Act of 1990 (ADA), the Americans with Disabilities Act Amendments Act of 2008 (ADAAA), and subsequent legislation.”

The Office of Student Affairs is the designated campus department charged with the responsibility of reviewing and authorizing requests for reasonable accommodations based on a disability, and it is the student’s responsibility to initiate such a request by contacting the Office of Student Affairs, University Center, Room 112 at (325) 942-2047 or (325) 942-2211 (TDD/FAX) or by e-mail at studentservices@angelo.edu to begin the process. The Office of Student Affairs will establish the particular documentation requirements necessary for the various types of disabilities. Reasonable accommodations will be made for students determined to be disabled or who have documented disabilities.

4. **Absence for Observance of Religious Holy Days:** A student who intends to observe a religious holy day should make that intention known in writing to Dr. Singg prior to the absence. This should not be a problem in this online class because we don’t take attendance and all assignments have a week (including a Saturday and a Sunday) to complete.
5. **Syllabus Changes:** I reserve the right to make changes as necessary in this syllabus throughout the semester. I will notify students of such changes by email or announcements.

6. **Email Policy:** If you need to communicate with me via e-mail, please do so from your angelo.edu email account. As per ASU policy, I will not respond to emails from your personal email address. Please use **good e-mail manners** and include the following information in your message.
   - A clear subject line, including the course number "Psy 6315."
   - A clear message (check grammar and spellings) with one issue at a time.
   - A proper salutation including my name (Dr. Singg) and signing off with your name.

7. **IDEA Evaluation:** Students are provided the opportunity and are strongly encouraged to participate in the course evaluation at the end of the semester. Areas of evaluation include:
   - Gaining a basic understanding of the subject (e.g., factual knowledge, methods, principles, generalizations, theories).
   - Learning to apply course material (to improve thinking, problem solving, and decisions).
   - Learning specific skills, competencies, and points of view needed by professionals in the field most closely related to this course.

8. **Task Preview/Instructions:** Please see this folder on the Blackboard for all instructions.

9. **Nine Important Points** are listed in the Announcements folder on the Blackboard for you.

10. **Student Responsibility:** It is your responsibility to read/understand the course syllabus and ALL announcements posted on the Blackboard and meet the deadlines for all assignments. This will be the key to doing well in the course. Ignorance about details given in the syllabus and various announcements on the Blackboard cannot be accepted as excuse in any manner.
