II. PURPOSE, OUTCOMES AND ASSESSMENTS
Purpose: This class is designed for the beginning tennis player. Students will be taught basic tennis strokes, basic tennis history and knowledge, and some tennis strategy to reach a proficiency level that will enable the student to play recreationally. Physical activity will be a major emphasis of the course, and students will be expected to participate in all aspects of the class.

Course Objectives:
1. To develop basic tennis.
2. To develop basic knowledge
3. To develop a comfort level that will help player to continue to play the sport of a lifetime

Intended Outcomes and Assessment: The students will have the opportunity to develop: a) fundamental tennis skills including the forehand, backhand, serve and volley [Assessment: skill tests], b) knowledge of the rules, etiquette, scoring and history of the game of tennis. [Assessment: final written exam], and c) self-accountability for health and wellness behaviors [Assessment: accountability grade].

III. METHODS AND PROCEDURES
Course Prerequisite: None
Teaching Methodology and Course Content: Each Class will begin with each student obtaining a partner and balls to begin a ten minute warm up. At this time roll will be taken and players will be ready to begin the class. During the first half of the semester, each day’s lesson focus (15-20 minutes) will be the introduction of a new skill or concept. The instructor will explain and demonstrate the skill. Students will then participate in the development of each stroke in a group setting explained by the instructor. The remainder of each session will be devoted to drill and practice of the skills introduced that day and/or on previous days. After the stroke has been introduced and practiced for a couple of days a skill assessment will be taken. During the latter part of the semester will be devoted to a singles and doubles play, and finishing the semester with a round-robin tournament. The following class schedule is tentative and subject to change.
