Tonight, before you go to sleep, think of something that makes you smile. There is always something, no matter how bad your day may have been. You will sleep better, you will feel better once you wake and you will face your new day with a positive mind.
Take charge of your happiness.

If you have questions about any assignment during the semester, please come by my office or email me……..don’t wait until the last moment when you are in a panic mode.

Extra Credit: You can make 10 extra points by donating blood during the semester or becoming an organ donor. If you are already an organ donor (bless you); you can show me or email me a picture of your driver’s license to receive 10 extra credit points. When you register on-line (see Texas Department of Public Safety link below), you will receive a confirmation email. You can forward that confirmation email to me.  

If you donate blood, please bring me the proof of blood donation paper or or take a picture of it and send it to me. You can donate at United Blood Services, 2020 W. Beauregard, San Angelo or during any on-campus blood drive.

HOW TO DETERMINE YOUR CURRENT GRADE:

Example: If the cumulative point total for all assignments up to the present is 80 and your Bb grade book total is 65; then divide the cumulative point total (80) into your Bb grade book total (65) and you get 81%. You can do this any time during the semester to find your current grade.

The Professional Development Portfolio (PDP) component will consist of several
assignments which should provide you with opportunities to acquire critical skills in planning, management, and career skills. Specific due dates and topics will be identified in the syllabus. All "Portfolio" assignments will be recorded in a folder or binder.

The "Activity File" will be a compilation of games, relays, lead-up activities, etc. that can be used with elementary/secondary level students. The project will be completed on 8 1/2” x 11” paper and placed in a 3” or 4” binder. Precise topics will be identified in the syllabus and are not the same for each level. The project will be completed in three phases as you submit 25 elementary & 25 secondary activities on each due date. The minimum number of activities included in this assignment is 150……..IT CANNOT BE DONE IN ONE DAY!

A major component of your grade will include teaching opportunities. You will co-teach two lessons (peer teaching) at ASU. You will have at least four teaching opportunities during this course in elementary/secondary schools in SAISD and various community-based organizations. Partners will be assigned for this component and each person is responsible for planning and teaching the lesson. You will use a specific format to be discussed during class. Your class, work and/or athletics schedules will determine your teaching locations later in the semester. Dress code is in effect for ALL teaching assignments and all observations off-campus.

IV. ATTENDANCE POLICY
Attendance is necessary to fully understand the concepts and theories that will be introduced this semester. We will meet 30 times during the semester at 10 points each = 300 points. Your Bb gradebook attendance column has already been credited with 300 points. If you are absent, then I will subtract the 10 points. University-sponsored activities, religious holy day (s) and military training are always excused. I will allow you 2 personal unexcused absences during the semester. Tardies count five points each.

If you know that you will miss a class on a date you are scheduled to teach, please reschedule IMMEDIATELY!
V. **Dress Code:** Students are required to dress in appropriate physical education attire (aligned with SAISD guidelines) when we are in the gym or out in the community (no tank tops, low-cut tops, cutoffs, short shorts, capri or yoga pants, tights, jeans, or t-shirts advertising products; no street shoes, sandals, boots, flip flops, etc.). In addition, **HEAD GEAR OF ANY KIND IS NOT ALLOWED** (hats, caps, hoodies, bandanas, etc.) during class. Failure to wear appropriate activity clothes and shoes will result in a ten-point deduction from your professionalism grade. NOTE: tights may be worn under appropriate shorts. **Acceptable shirts:** plain t-shirts or collared shirts, t-shirts and collared shirts that have fitness/health-related topics and Angelo State University or sports related logos. **Acceptable shorts:** walking or athletic shorts that are no shorter than mid-thigh (approximately 3 inches above the knee). Warm ups are acceptable clothing. Any clothing apparel advertising other universities will NOT be allowed.

You must wear an ASU shirt and name tag when you are out in the community observing/teaching and when you are peer-teaching in the gym. You are representing the university, so look nice by NOT wearing ragged or heavily wrinkled clothing. Each student must have a whistle and lanyard when engaged in community teaching and peer-teaching.
V. Professionalism
I want you to be professional during class this semester especially concerning dressing appropriately and being on time to class. I will subtract points if you are not dressed appropriately or you are excessively tardy to class.

VII. Please respect your classmates and your professor by turning off your cell phone and putting it away before class starts. I do not want any texting or checking email during the classes as it is rude & unacceptable. It can all wait until class is over. That also includes peer-teaching time in the gym.

VII. Professional Development Portfolio (PDP) Assignments (all papers are doubled spaced & normal font)

PDP #1 (due Tuesday 1-30) (10 pts.)

Locate and copy at least 3 articles from journals, newspapers, or the internet which address children's fitness (you do NOT need to print out the article but do need to cite the references). Write a 1-2 page typed paper on how to improve fitness and combat childhood obesity with references.

PDP #2 (due Thursday 3-29) (10 pts.)

Interview 2 current or retired physical education teachers or community-based organization teachers using the questions that you received in class. You can ask the questions and type the answers or give the teacher a pre-printed interview with adequate space to answer the questions. Please make sure you write the teacher’s name and work site location on the interview, otherwise I will count off points. I will also count off points if the interviews are not typed.

PDP #3 (due Tuesday 5-1) (10 pts.)

1. Develop a complete current resume to include references. In your objective statement, clearly state the purpose of your resume as it is tailored to the career field. The summary statement is meant to grab the employer’s attention by highlighting your qualifications (4 or 5 lines). In other information, you can throw in education, employment history, organizations, military experience, volunteer work, awards, references, etc. You can find many good examples on the internet.
2. Most school districts now require applicants to write their philosophy of education. Develop your philosophy of education of about one-half to 2/3 page in length, doubled spaced.
