

DEGREE PLAN WORKSHEET- DEPARTMENT OF BIOLOGY

Biology Major 8-12 Life Science Certification

Instructions: With your advisor's assistance, develop a plan for taking each of the courses listed. Use the tentative schedules in the back of the current course schedule to determine when courses will be offered. Record your semester schedules on the back of this sheet. Upon completion of 30 semester hours, bring your completed plan, which has been approved and signed by your advisor, to the Biology Departmental Office to file an official degree plan. Even after your official degree plan has been filed, it is imperative that you consult with your departmental advisor each semester. Your advisor will monitor your progress, apprise you of special opportunities or inform you about changes in requirements or course availability.
