

Stephen O'Brien
Student Research Assistant

Stephen O'Brien is from Olney, Texas and is in the integrated accounting program to get his bachelors and masters at Angelo State University. His work with CDI includes data analysis and report writing for the Drug Free community baseline study with ADACCV and CVCARES. He is also working with a local nonprofit to help improve their financial record keeping to help them reach their goal of developing a faith-based transitional program for prisoners returning to the community.
