Course Description
Designed to provide a supervised practicum experience covering a broad range of student development positions commonly found in institutions of higher education.

Course Goals
This course is dedicated to the two main goals:
(1) gaining personal experience in at least five student development functional components in higher education and
(2) documenting the practicum experience in a professional manner.

Methods of Instruction
A supervised field experience will be used to assist the student in expanding their knowledge of the daily functioning of multiple student development components. Regularly scheduled individual student and/or class group meetings with the professor may be required.

Course Requirements
Students are expected to complete all course activities in order to successfully complete the course. Required paperwork for practicum completion is a must. Contact professor for instructions regarding this matter.

Major Course Activities
All activities must be satisfactorily completed to receive course credit.
(1) Field-based supervision (150 clock hours in 5 areas)
(2) Electronic practicum log.

**Major Course Activities Detail**

*Field-based Supervision*

A total of 150 clock hours of practicum experience is required. The hours can be accrued at any regionally accredited university, community college, or combination of the two. Students are required to make their own arrangements with the appropriate student development offices to be used during the practicum. Each student will receive at least one on site visit from the professor. The hours should be completed in five (5) areas/departments on campuses.

*Electronic Practicum Log*

The student enrolled in CI 6359 will develop an electronic log demonstrating appropriate documentation of the required 150 clock hours of field-based experience. Both the student and the field supervisor must sign the electronic log.
