CATALOG DESCRIPTION: Designed to develop the skills, techniques, and competencies associated with the role of the educational diagnostician. Individuals will work under the supervision of certified educational diagnostician and a faculty member. Grading will be either pass or fail. Prerequisites: Education 6362 plus an additional six courses in special education and consent of the instructor.

COURSE GOAL: To provide students a working environment to learn to assess students and to work with educational professionals, families, and community agencies.

COURSE OBJECTIVES:
1. To gain experience administering assessments to learners with diverse needs and backgrounds in a supervised environment.
2. To gain experience in analyzing test results and writing test result.
3. To make recommendations based on learners needs.
4. To conduct appropriate meetings and conferences with administrators, teachers and parents.

PROCEDURE:
Students work in school districts or educational cooperatives as an educational diagnostician. Students are supervised by a certified educational diagnostician.

CLASS PROCEDURE:
1. Student will meet with instructor the beginning of the semester to discuss District arrangements.
2. Class will consist of within District work throughout the semester.
3. District personnel will monitor students.

ATTENDANCE:
One semester of work 15 weeks on a daily basis.

EVALUATION:
1. Interviews with the District Diagnostician and Special Education Director.
2. Completion of the daily tasks of an educational diagnostician as to the attendance, participation, overall understanding of the assessment, protocol and structure.
The College maintains a practicum program as a part of the professional training for the preparation of educational diagnosticians. Its basic function is to enable the practicum student who has almost completed all course work to gain the necessary experience in the performance of the critical tasks. The experience is under the close supervision of a fully trained and experienced educational diagnostician.

Catalog Description for ED 6369 — Designed to develop the skills, techniques, and competencies associated with the role of the educational diagnostician. Individuals will work under the supervision of certified educational diagnostician and a faculty member. Grading will be either pass or fail. TEXAS STANDARDS FOR EDUCATIONAL DIAGNOSTICIAN CERTIFICATE

Standard I. The educational diagnostician understands and applies knowledge of the purpose, philosophy, and legal foundations of evaluation and special education.

Standard II. The educational diagnostician understands and applies knowledge of ethical and professional practices, roles, and responsibilities.

Standard III. The educational diagnostician develops collaborative relationships with families, educators, the school, the community, outside agencies, and related service personnel.

Standard IV. The educational diagnostician understands and applies knowledge of student assessment and evaluation, program planning, and instructional decision making.

Standard V. The educational diagnostician knows eligibility criteria and procedures for identifying students with disabilities and determining the presence of an educational need.

Standard VI. The educational diagnostician selects, administers, and interprets appropriate formal and informal assessments and evaluation.

Standard VII. The educational diagnostician understands and applies knowledge of ethnic, linguistic, cultural, and socioeconomic diversity and the significance of student diversity for evaluation, planning, and instruction.

Standard VIII. The educational diagnostician knows and demonstrates skills necessary for scheduling, time management, and organization.

Standard IX. The educational diagnostician addresses students' behavioral and social interaction skills through appropriate assessment, evaluation, planning, and instructional strategies.

Standard X. The educational diagnostician knows and understands appropriate curricula and instructional strategies for individuals with disabilities.
Objectives of Practicum

- To assess students who may have disabilities/special needs.
- To interpret assessment to teachers, school personnel, and parents (with supervising Educational Diagnostician present).
- To observe students in academic and non-academic settings.
- To observe supervising Educational Diagnostician assessing, observing, conducting Pre-Admission, Review, and Dismissal (PARD) and Admission, Review, and Dismissal (ARD) meetings.
- To write assessment reports similar to those produced in the district.
- To work with diagnosticians, teachers, and parents to process referrals.
- To understand and apply special education laws and related regulations.
- To understand and advise staff members of appropriate local, state, and federal law concerning individuals with disabilities.
- To assist teachers in implementation of Individual Educational Plans (IEP).

Procedures

- Practicum is completed the last long semester before graduation/certification.
- Practicum students should be counseled the semester before practicum to establish appropriate program.
- Cooperating school and the University should complete appropriate assurances and schedule of supervision and designated personnel.
- University and practicum student schedule and assess progress.
- Evaluation is completed by University based on progress reports, hours completed and other documents.
Log of activities completed by practicum student signed by supervising Educational Diagnostician.

Practicum student _____________________________ District/Coop

to participate in ED 6369 laboratory practicum in Special Education.

Supervising Educational Diagnostician

Building/District Supervisor

Signed: _____________________________ Date: _____________________________
Dear Sir,

Thank you for your interest in having ______________________ complete his/her educational diagnostics practicum in your district. The course title is Education 6369. In order to plan for this practicum in your district and provide the highest quality of training for our graduate students, the university needs to know the following information:

1) Name and location of the school(s) where the graduate will be

2) The name of the school principal/supervisor
   Name
   Address
   Phone Number

3) The name of the Educational Diagnostician who will supervise
   Name
   Address
   Phone Number

Sincerely,

Dr. Mary Sanders
To Whom It May Concern:

Please indicate if the following student has completed the first half of his/her practicum successfully.

Name: ____________________________________________  Yes/No

1. Attendance is regular.

2. Work is completed on schedule.

3. Works well with others.

4. Follows district guidelines/state procedures.

Thank you,

Dr. Mary Sanders
