*Must receive permission from the graduate advisor, the graduate dean, and complete Graduate Course Approval Form **prior** to registering for the course.

Open electives, requested from outside the departmental program, must be appropriate for the individual student's degree program and career goals, and the student must receive written approval from the departmental graduate advisor prior to course enrollment. Transfer courses may qualify as substitutions for existing courses in a block or as supporting electives if they are appropriate for the student's degree program and career goals. Approval, for such, **must be given by the departmental graduate advisor.
