*Administrative Experience at Angelo State University
(August 2009 to Present)*

Since serving as a faculty member (Instructor: 8/2009 to 6/2010 and Assistant Professor: 6/2010 to present) and as the Social Work Field Education Director (08/2009 to 08/2011) and Social Work Program Director (08/2011 to Present) at Angelo State University, I have gained and demonstrated working knowledge of the Council on Social Work Education's (CSWE) 2008 Educational Policy and Accreditation Standards (EPAS), and the CSWE Accreditation Benchmark process, developing a field education component for a baccalaureate social work (B.S.W.) program from its start, assisting in obtaining candidacy status for the social work program with the CSWE (the B.S.W. program at Angelo State University received candidacy status at the [February 2011 Commission on Accreditation meeting](#)).

I have gained experience with program construction, curriculum development, face-to-face and online course development, online student assessment, and student learning outcome assessment. Additionally, I have gained an understanding of the following areas: contract acquisition, student supervision; advising social work students; and other service oriented and administrative tasks. Examples of these "other" service oriented and administrative tasks include, but are not limited to, serving on the Department's Institutional Effectiveness Committee; Faculty Advisor for Delta Zeta Sorority; University Center Program Council Board; being a member of and chairing several faculty search committees in the Department of Psychology, Sociology, and Social Work; Social Work Program marketing; Cultivating Relationships with Community Organizations and Agencies; and student organization development and advising.
