

TRI-BETA NEW MEMBERSHIP

Thanks for your interest in becoming a new member in one of the most successful honors societies on campus, Beta Beta Beta Biological Honor Society. Please note you may become a member at any time, but induction of new members occurs once a year during the fall semester. The organization is targeted for those majoring or minoring in biology, biochemistry, nursing, pre-med, pre-dent or those interested in the field of biology. In order to become a member, please complete the following.

1. **Fill out the information below** and turn it into a Tri-Beta officer preferably at a Tri-Beta meeting or during one of the office hours posted on the door of the Tri-Beta office in basement of the Cavness building, next to the elevator.
2. a) Pay your (one time only) membership fee as an associate member \$40 (this is for anyone interested in the organization).
OR
b) Pay your (one time only) membership fee as a nationally recognized honors member \$50. You must have completed 3 biology classes with a cumulative 3.0 GPA in those classes. You may upgrade from associate member to honors member at the appropriate time for only \$35 (includes chapter dues).
3. Express your interest in new membership to an officer and ensure your name is checked off on the new member list. This ensures your name is sent to the Tri-Beta National office and you will receive a membership certificate. Please *print* out your name *legibly* in the space below - this is what we will use to send to the national office and we want to be sure that your certificate is correct.
4. Attend your first meeting and sign in. These are always held bimonthly on Wednesdays at 6:00pm in the Cavness building (room 019).
5. Be sure to update your active membership each semester by paying your \$25 semester dues. These are only due the semester after you become a member.
