

This monthly newsletter provides a brief report on topics of special interest to alumni and friends of Angelo State University from the [Office of Development](#).

Become a Member of the President's Circle

Increasing membership in the President's Circle is one of the top priorities for the Office of Development. The President's Circle is made up of alumni, faculty, staff, community leaders and friends of ASU who contribute an unrestricted gift of \$1,000 or more to the university during an academic year.

You can join the President's Circle by calling the Office of Development at (325) 942-2116 or by giving on-line. [Learn more.](#)

Member of the Oaks Society

In planning his gift to Angelo State University, LeRoy Olsak showed remarkable commitment to education—the same commitment he has shown to his country, family and career.

Olsak became a member of the Oaks Society after he established a \$50,000 charitable gift annuity to support the College of Nursing and Allied Health in memory of his wife (Sally) and father-in-law.

“I chose the College of Nursing because Sally and I were so thankful for all the nurses who helped her with her 25-year fight with cancer,” Olsak said. “The annuity will establish a perpetual scholarship for many future nurses to care for people who need this service.”

You can also become a member of the Oaks Society once you notify the Office of Development that ASU is part of your estate planning (through your will, trust, insurance policy, retirement plan, annuity or any other method). For questions, e-mail the [Office of Development](#) or call (325) 942-2116.

2009 Lake House Luau

In honor of our 2008-09 Annual Fund Campaign, donors, friends and family enjoyed a great afternoon of food and fun at our own little paradise located on Lake Nasworthy. This event was held Oct. 31.

The Annual Fund provides resources that address critical and immediate needs. There is no minimum amount

to donate and you may designate your gift to any area. For additional information, e-mail the [Office of Development](#) or call (325) 942-2116.

ASU Now Offers Classes in the Hill Country

Beginning this month, Angelo State will offer education, nursing and communication classes in Boerne to broaden the educational opportunities available to residents in Kendall County and the surrounding area.

The Boerne classes resulted from joint discussions between Angelo State representatives and Kendall County Economic Development Corp. (KCEDC) officials. ASU and the KCEDC have signed a memorandum of understanding for ASU to provide courses in higher education for the Kendall County area, centered in Boerne. [Learn more.](#)
