

RamPark Information and Instructions for Registration

Angelo State University requires anyone parking a vehicle on campus to have an active, valid parking permit properly displayed in their vehicle.

RamPark is an **on-line parking registration program for faculty, staff and students** which you will be able to access during the registration process for your classes.

It is a simple process, requiring only that you have your campus ID information, and vehicle information such as **license plate number and state, color, make, model and year of your vehicle**.

Once you complete the process, faculty and staff which have their permit deducted through payroll deduction, will need to **pick up their permit** beginning August 10 at the University Police Department. Faculty and Staff who wish to pay up front will register and pay for their permits beginning August 10. Students will need to **pick up their permit during public distribution at the Houston Harte University Center** from August 19 to August 23.

If you need more than one permit, or a permit after on-line registration is closed, you will need to come by our parking office.
