

2.7.4

Coursework for Degrees

The institution provides instruction for all course work required for at least one degree program at each level at which it awards degrees. If the institution does not provide instruction for all such course work and (1) makes arrangements for some instruction to be provided by other accredited institutions or entities through contracts or consortia or (2) uses some other alternative approach to meeting this requirement, the alternative approach must be approved by the Commission on Colleges. In both cases, the institution demonstrates that it controls all aspects of its educational program. (See Commission policy Core Requirement 2.7.4: Documenting an Alternate Approach.)

Angelo State University provides instruction for all course work required for all degree programs at each level at which it awards degrees, as evidenced by the program requirements published in the ASU Undergraduate Catalog 2011–2012 (pp. 334–363) and examples from the ASU Graduate Catalog 2011–2012 for Accounting, Biology, and Border Security. ASU maintains control and ensures the quality and integrity of its educational programs through policies and procedures governing the acceptance of academic credit from other institutions (see Comprehensive Standard 3.4.4, Acceptance of academic credit) and policies dictating the percent of credit hours that must be earned through instruction offered by ASU (see Comprehensive Standard 3.5.2, Institutional credits for a degree). The institution does not offer any academic programs or courses through consortial relationships or contractual agreements (see Comprehensive Standard 3.4.7, Consortial relationships/contractual agreements).
