Additionally, the Tenure Advisory Committee is responsible for appointing the faculty committee from within or outside its own membership and for its functioning in those cases of non reappointment and termination for cause when an untenured tenure-track faculty member alleges that a decision not to reappoint him or her is based on improper rationale as identified in OP 06.23. The committee will determine its own procedural rules.

In all cases, the committee functions as a recommending body to the president. The president's decision is final in cases involving non-reappointment or termination for cause of untenured tenure-track faculty.

**Appointment:**

The committee consists of five tenured faculty and two ex-officio member, who are the Provost and Vice President for Academic Affairs and the dean selected by the Deans' Council. Each undergraduate college will elect one member. Each dean's office will prepare and distribute ballots to the faculty of the respective college. Only tenured faculty teaching full time are eligible for election.

**Term of office:**

Elected members serve two-year terms. Elected faculty members will not be eligible to serve consecutive terms. The Deans' Council member will serve for three years but will not be eligible to serve consecutive terms.
