     - The TEA EPP director resigned this summer and TEA is experiencing significant changes in staffing
     - In June, TEA changed how they calculate accountability and enlarged the window of accountability
     - In Augusts, TEA changed how we report observations for our 2017-2018 accountability year
     - They also changed how we report who enters our programs and added additional review periods
   - Remediation
     - Took a poll of other Texas EPPs concerning remediation and discovered most are doing what we are already doing and no one is doing anything extremely different
     - Appreciate what all you as a faculty have been doing for the new remediation process

3. Dispositions – *Dr. Purkiss* (see Dispositions handout)
   - Candidate Professional Dispositions – this hand out describes how the department wants our students to behave while in the field
   - Disposition Procedures
     - This process does not do away with InTASC dispositions
     - This process applies only to Teacher Education candidates – we can remove a student from the EPP, but not the university
     - First line of defense is you as faculty & new forms will help support consistent dispositions
     - Process now includes 2 new online forms that can be found on the Teacher Education web page on the left hand bar under Dispositions
- Level 1 – Disposition Incident Report
- Level 2 – Behavior & Ethical Violation Report

  Process is as follows:
  - Level 1 – for small infractions (i.e. excessive tardies/absences)
    - Step 1 – Professor consultation – be sure to make note of the incidence and when you spoke with the candidate
    - If candidate continues to display the same behavior, move to Step 2
    - Step 2 – 2nd counselling session with student & complete Level 1 online form
    - This form will be sent to the EPP, if the candidate receives 3 disposition Level 1 reports, the candidate will be counselled by their advisor.
    - Continued infractions will be presented to the ARD Committee
  - Level 2 – severe behavior & ethical violations (i.e. continual plagiarism)
    - As soon as you are aware that an infraction has occurred submit the Level 2 online form
    - This form will be sent to the EPP, W. Sklenarik will review and send to ARD Committee

- Action 4 – Special Education Module – create module for candidate during clinical, review of SPED vocabular and basics
- Action 5 – Mock Exam – mandated by Dean – give candidates the experience of sitting for the 5-hour test. Use results to help prepare candidates – create individualized competency charts
for candidates to address areas for improvement. Dr. Dickerson is trying to obtain a new copy of an exam that may be used for the mock exam. Block I candidates will be provided the opportunity to take the mock exam, preferably at the end of the semester. This semester’s Clinical Teaching candidates will be offered the opportunity to take the mock exam this semester as they did not have the opportunity during Block I last semester, preferably at the beginning of this semester.

- Action 6 – Test Prep – how to help candidates that just don’t test well under testing conditions – Region 13 has an online test prep course & TWU offers a workshop on test taking that you can skype into. Dr. Solomon will contact Region 15 about resources for test taking
- Action 7 – Review & Revise ED 4311 to more closely align with TEKS – students in ED 4311 will be taking the 8th Grade Social Studies STAAR test
- Action 8 – ED 4314 Standards & Syllabi Review to align with Texas Competencies – will also be taking the 8th Grade Science STAAR test

7. Other
- Departmental Plagiarism Statement
  - It was decided that the department should have a common Plagiarism statement in all syllabi
  - Consensus was reached on the following: 1st incident of plagiarism in course = F on assignment, 2nd incident of plagiarism in course = F in course

ASU candidates know the basis for the assessment of their performance in the Educator Preparation Program through information communicated and demonstrated in the Educator Preparation Handbook and in individual program courses. Candidates must commit to and sign the Educator Preparation Program (EPP) Candidate’s Statement of Commitment Regarding Dispositions as a part of their application for admission to the EPP. Assessment of dispositions will occur both informally and formally in pedagogy courses and in field experiences as candidate’s progress through the program.

As a formal assessment, InTASC dispositions are part of the national accreditation (CAEP) of the Department of Teacher Education. As such, the current InTASC dispositions assessment should be introduced to all candidates in all courses every semester. The use of the InTASC dispositions will be continued to be used in specific courses for CAEP accreditation.

Faculty have the responsibility to include in their syllabi details about attendance, late work, and violations such as plagiarism. You must include in your syllabi what will happen concerning points and/or grades if infractions of these types of the negative behavior listed above occur in your class. If unprofessional or negative behaviors occur, the following policy should be used.

**It should be noted, that the procedures listed below are for Teacher Education candidates only.** If a student, not in the EPP or working towards a degree program housed in the department, commits unprofessional behaviors, they need to be referred to the correct department/person as per ASU policies.

**Procedure for documenting unprofessional behaviors**

**Level 1**
There are those times in courses or during field work when a candidate does not behave in a professional manner. For these behaviors we will use an informal shortened version of the dispositions to assess such behaviors. The procedure for documenting **Level 1** unprofessional behaviors is listed below. This procedure **does not replace** the reporting of more serious behavioral or ethical violations (Level 2) currently in use and discussed later in this document.

1. The first instance of non-compliance or disruptive behavior (of a non-threatening nature) by a candidate, the candidate should be counseled by the faculty member concerning the appropriate behavior. The faculty member should also follow any specific recourse that is included in the course syllabus.
2. If the behavior(s) continue, a second counseling should be attempted and the candidate should be made aware that continuing this (or these) behaviors may lead to them either not
