Roundtable
Leslie Mayrand
• Informed members the Physical Therapy department received notice of continuing accreditation and the next review will be in 2027.

John Wegner
• Informed members the advisors are looking at course matrixes to make sure course suggestions are accurate and will contact departments with information. The department chairs need to give feedback to the advisors.

Paul Swets
• Said his faculty would like a later drop date deadline. He said whatever the drop date is determined to be there needs to be a consensus in this group of the procedures and guidelines to follow regarding requests to drop or withdraw after the deadline has passed. P. Swets and J. Wegner will work to create a draft of procedures and present them to the group at a later date.
• D. Topliff said he will talk to Financial Aid and the Registrar regarding the drop date. It was noted the deadline date is within a couple of days of almost all other Texas institutions and there must be a reason for that.
• Clarification is needed for the drop and withdraw deadlines and procedures for the 8-week courses.
