   Great Colleges to work for survey. Please answer the survey from modern  
   things your inbox or junk box. They went to exempt and nonexempt employees.  
   HR will send out another email with stats. The emails are random from different  
   categories not everyone will receive one. The value and the date only increases  
   with each response.

   Will Staff ever have Spring Break off? Faculty are educators and don’t accumulate  
   vacation time this is why they are off. In order to get Spring Break off we would  
   have to look at adding more holidays. The legislature says state institutions can  
   observe holidays that fall Monday – Friday. Ex. TxDot if a holiday falls on a  
   Wednesday they must observe it on a Wednesday. Higher Education gets to

decide when they take their holiday. HR looks at how many holidays there are going to be and when are classes in session, how does it fall with SAISD, Tech, Tech Health Science. Then we develop the calendar. That is why you see the big break at Christmas. The past year there were 13 days and the previous 11. 2019-2020 Staff is looking at 15 days.
