COURSE DESCRIPTION/OVERVIEW

In this course we will take a close look at the learning styles of each individual learner. We will do this by completing a learning styles inventory. After primary learning styles have been identified, learners will research their individualized learning style. We will broaden the learner’s ability to be successful by utilizing key aspects of their learning style. This will be investigated by research from credible sources, utilizing the resources of the university library and other online resources. Learners will use a variety of tools such as class discussion, projects, group activities, and compositions to better understand how they learn and apply it to their academic success.

Students should be familiar with the use of Microsoft Office Word and PowerPoint (or other acceptable presentation) software and have access to Angelo State University Blackboard.

Academic Honesty and Integrity
Angelo State University expects its students to maintain complete honesty and integrity in their academic pursuits. Students are responsible for understanding and complying with the university Academic Honor Code and the ASU Student Handbook.

It is the professor’s intention to be as fair and impartial as is humanly possible. Therefore, all students will be asked to adhere to the same set of guidelines and rules UNLESS there are disabilities or documented extenuating circumstances that have been discussed with the professor and the Student Life Office. Please make sure you inform the professor as soon as any situation arises. Do NOT wait until the problem is compounded by poor class performance, poor attendance, etc.

Academic integrity is expected. This includes, but is not limited to, any form of cheating, plagiarism, unauthorized sharing of work, or unauthorized possession of course materials. The professor assumes that all students can be trusted. Please do not violate this trust. Violation of academic integrity will result in a failing grade for the course.
