T-1 PHYSICAL GEOLOGY LAB, FALL 2018

Geology of Casa Grande Peak in Big Bend National Park. We will hike nearby on our November field trip! Figure from Spearing (1985)

Professor: Dr. J.I. “Joe” Satterfield
Office: VIN 122
Office phone: 325-486-6766
Physics and Geosciences Department Office: 325-942-2242
E-mail: joseph.satterfield@angelo.edu

Office hours
• Monday: 8:00 – 10:00 am
• Tuesday: 3:00 – 4:00 pm
• Wednesday: 8:00 – 10:00 am, 3:00 – 4:00 pm
• Thursday: 8:00 – 9:00 am, 11:00 – 12:00
• Friday: 8:00 – 10:00 am
• Or contact me to set up a convenient time to meet

Required Textbooks
2. SmartWork for Earth Portrait of a Planet, $25 (if you buy a used textbook). SmartWork information
3. GEOL 1403, Physical Geology Laboratory Manual, by Heather L. Lehto

Grading
• 2 lab quizzes
• 7 Pre-lab assignments completed using SmartWork (~0.5% each)
• 8 graded lab exercises (~2.5% each)
• Optional Field Trip. Make up a single lab grade by participating on an optional field trip and turning in a brief project report. More details on a following page.
• You will receive a single grade in Physical Geology lecture and lab. See your lecture section syllabus for how lab grades figure in to your overall geology grade.

Attendance Policy
You are expected to attend every lab meeting. Your attendance will be recorded. You cannot complete lab activities at home. If you must miss a lab, you may attend another lab section if you request permission from the lab instructor ahead of time. There are eight lab sections that meet Monday through Thursday at 1:00 and 3:00. Although showing up for lab is not directly part of your grade (see Grading section above), you will find it extremely difficult to pass this class if you do participate in lab!
**Course Webpage**
The [Angelo State Blackboard site](#) for Physical Geology Lab contains answers to lab assignments, information on upcoming lab quizzes, details on upcoming field trips, and your official grades.

**Schedule for Tuesday 1:00 Lab**

Field Trips!

On field trips you will get a chance to apply concepts discussed in class to describe and interpret outcrops of rocks and sediments. On the optional weekend trips we will travel in a university van. No special equipment is required but space is limited! You may go on more than one optional trip, but you can only use one field trip project to replace a single homework or lab assignment grade. Tentative schedule:

1. **Required field trip to San Angelo State Park during lab time:** Monday-Thursday afternoon October 22-25. We will meet at San Angelo State Park to review and practice rock and mineral identification skills on Permian and younger rocks. Leader: your lab instructor

2. **Big Bend National Park:** Friday-Sunday, November 9 - 11. Physical Geology field trip to Big Bend National Park: hike and sketch Cretaceous stratigraphy in Santa Elena Canyon, describe Tertiary volcanic rocks in Tuff Canyon, hike to the top of the Lost Mine Trail in the Chisos Mountains. Leaders: Joe Satterfield, Jessica Garza

3. **Caverns of Sonora:** Saturday, November 3. The cave contains some of the most beautiful and unique cave formations in the world. The tour of the caverns is led by one of the cave guides who will describe both the human and geologic history of the cave. Leader: Heather Lehto

4. **Archaeology Fair and Elementary School Science Nights:** Saturday, September 22 at Fort Concho (Archaeology Fair) and evenings to be announced (Science Nights). Opportunities for sharing basics of rocks, fossils, and maps with students, their parents, and interested people of all ages.

Student learning outcomes

You will learn about rocks and minerals that make up Earth and the sometimes subtle and often destructive processes that shape it. You will learn and test fundamental concepts about meteorite impacts, volcanoes, earthquakes, river flooding, oil and gas resources, groundwater, and plate tectonics. Many examples will be from West Texas and western North America. Problem-solving techniques that you will learn and practice:

- Use multiple working hypotheses
- Be skeptical: look for ways to test hypotheses
- Make sketches: they help in visualizing the world in three dimensions
- Quantify events and processes when possible
- Apply the Principle of Uniformitarianism
- Study and work together
- Get as much practice or experience as you can
- Carefully defend your thinking when answering questions.
- Learning outcomes will be evaluated by exams, lab quizzes, homework assignments, and lab assignments

Geoscience Careers

See Geoscience BS requirements in the [Angelo State Catalog](#). A Geoscience Minor requires 18 hours of geology courses. Physical Geology is a requirement for a major or a minor. Rewarding careers exist for geologists, geophysicists, hydrogeologists, and secondary science teachers. Talk to your professors!

GEO, the student organization for all interested in geology, meets Wednesdays at 6:00 pm. The first meeting will be September 5. GEO is a Student Chapter of the [American Association of Petroleum Geologists](#). 
### Core Curriculum Objectives and related ASU Student Learning Outcomes

<table>
<thead>
<tr>
<th>Student Learning Outcome</th>

</table>

### Academic Integrity

Students are expected to maintain complete honesty and integrity in all work. Any student found guilty of any form of dishonesty in academic work is subject to disciplinary action and possible expulsion from ASU. The College of Science and Engineering adheres to the [Statement of Academic Integrity](#).

### Plagiarism

Plagiarism is a serious topic covered in ASU’s Academic Integrity policy in the Student Handbook. Plagiarism is the action or practice of taking someone else’s work, idea, etc., and passing it off as one’s own. Plagiarism is literary theft.

In your discussions and/or your papers, it is unacceptable to copy word-for-word without quotation marks and the source of the quotation. It is expected that you will summarize or paraphrase ideas giving appropriate credit to the source both in the body of your paper and the reference list.

Papers are subject to be evaluated for originality via Turnitin. Resources to help you understand this policy better are available at the [ASU Writing Center](#).

### Copyright Policy

Students officially enrolled in this course should make only one printed copy of the given articles and/or chapters. You are expressly prohibited from distributing or reproducing any portion of course readings in printed or electronic form without written permission from the copyright holders or publishers.

### Student Disability Services

ASU is committed to the principle that no qualified individual with a disability shall, on the basis of disability, be excluded from participation in or be denied the benefits of the services, programs or activities of the university, or be subjected to discrimination by the university, as provided by the Americans with Disabilities Act of 1990 (ADA), the Americans with Disabilities Act Amendments of 2008 (ADAAA), and subsequent legislation.

The Office of Student Affairs is the designated campus department charged with the responsibility of reviewing and authorizing requests for reasonable accommodations based on a disability, and it is the student’s responsibility to initiate such a request by contacting: Ms. Dallas A. Swafford, Director of Student Disability Services, 325-942-2047.
Title IX
Angelo State University is committed to the safety and security of all students. If you or someone you know experience sexual harassment, sexual assault, domestic or dating violence, stalking, or discrimination, you may contact ASU’s Title IX Coordinator: Michelle Nicole Boone, J.D., Director of Title IX Compliance, 325-486-6357, michelle.boone@angelo.edu, Mayer Administration Building 204A

Student Absence for Observance of Religious Holy Days
A student who intends to observe a religious holy day should make that intention known in writing to the instructor prior to the absence. See ASU Operating Policy 10.19 Student Absence for Observance of Religious Holy Day for more information.

Incomplete Grade Policy
It is policy that incomplete grades be reserved for student illness or personal misfortune. Please contact faculty if you have serious illness or a personal misfortune that would keep you from completing course work. Documentation may be required. See ASU Operating Policy 10.11 Grading Procedures for more information.

General Policies Related to This Course
All students are required to follow the policies and procedures presented in these documents:

- Angelo State University Student Handbook
- Angelo State University Catalog
