Spring 2019

Professor/Instructor: Rebecca D. Flores M.Ed.
Office: Meet with instructor via phone, email, or online.
Phone: (325) 656-3825
E-mail: rflores16@angelo.edu

Office Hours: On campus by appointment only.
Day, Time & Location of Course
Online – HOWEVER, there are field experience hours for this course.

Course Required Text:

Course Description:
This course is designed as a study of students with disabilities and the impact on school performance. Legal definitions and requirements under state and federal regulations and the impact on school programs will be presented. In addition, there are ten (10) field experience hours required for this course that must be completed. Please note: Failure to complete all ten (10) hours will result in failure of the course, regardless of grades on other coursework.

Course Purpose:
The purpose of this course is to introduce the pre-service teacher candidate to the field of special education.

Course Goals:
The goals of this course are to have the students:
1. Gain factual knowledge about special education.
2. Learn fundamental principles about special education.
3. Learn to apply the special education course materials.

Course Objectives:
As a result of this course, the pre-service teacher candidates will be able to:
1. Identify the common characteristics of students with disabilities. This is to include terminology, classifications and trends.
2. Identify the needs of students with exceptionalities. This is to include accommodations and modifications, strategies and interventions.
3. Locate and generalize the federal and state laws, rules and regulations as they apply to special education services in the public school systems for students with disabilities.
4. Indicate knowledge and awareness of the special education standards (www.sbec.state.tx.us) and competencies (www.TExES.ets.org) for the Examination of Teacher Education Standards (TExES).
Course Competencies and Standards:
The specific Texas and Council for Exceptional Children special education standards and competencies covered by this course can be found on the Blackboard website for this course.

Course Required Materials
All students registered for this course must have access to a working computer with internet access and a working printer. If you cannot meet this requirement you need to drop this course. All computer-generated and submitted assignments must be done in Microsoft Word not Works or any other program. All assignments are to be submitted as “.doc,” or “.docx.” Failure to do so will result in a zero for that assignment. You also must have a current working ASU RamMail email account and you must check it daily! You will also need to have a source of transportation to travel to one of the local San Angelo Independent School District campuses to which you will be assigned. If you cannot make transportation arrangements to go to your assigned campus weekly, you need to drop this course.

Course Required Skills:
Students are also expected to have basic computer knowledge and skills such as (but not limited to) the ability to:
- use email and Blackboard with attachments
- save files in commonly used word processing program formats
- copy and paste work on two browser windows simultaneously
- use presentation and graphics programs

Course Assignments:
The major assignment for this course is a Field Observation Reflection Paper. You will be required to fill out observation questionnaires over a ten-week period of time, and then write a major reflection paper with respect to those observations at the end of the semester. There will also be a mid-term, a final, and several quizzes, written assignments and discussion board assignments during the semester that will require you to participate. All work will be submitted in Blackboard by the deadline dates, no exceptions. No work will be accepted by email. Please note that there may be some additions or deletions dependent upon weather and semester conditions.

Course Administration:
Professor Policy on Attendance and Grading
During this course, you will be responsible for much of your own learning and for scheduling the necessary time to complete the requirements of the course. It is recommended that you follow the timeline for completing assignments. No late work will be accepted. You may turn in any assignment early, but ALL coursework must be completed and turned in by the due dates at 11:59 PM. There will be no extensions given. The due dates are listed on the Blackboard site for this course.

Course Communication: It is my goal for you to be successful in this class. Please communicate with me if you have personal questions or concerns via email or telephone. Periodically throughout the semester, I may also solicit your feedback at the end of each module. If you need to contact me, you should email and we can schedule a time to discuss the situation. In most cases, I will answer or respond to your email and voice mail questions within 48 hours but don’t expect me to answer questions over the weekend or during an official ASU holiday.
**Course Evaluation/Grading:**
Grades will be based on a total point system for points earned for the activities described above. Every attempt will be made to have the assignments graded in 7 business days after an assignment is due. If assignments are changed during the semester, the point total will be adjusted to reflect the change. The activities carry the following point values:

Tests/Major Projects: 30%
Field Experience: 30%
Application Papers/Discussion Boards: 20%
Quizzes: 20%

A = 90% - 100%
B = 80% - 89%
C = 70% - 79%
D = 60% - 69%
F = 0% – 59%

Please note that completed study guides will be taken for grades. The importance of completing the study guides cannot be stressed enough! Not only will the guides be helpful for you to successfully complete your Mid-term and Final exams, they also contain very important information you will need to know as a foundation for future Special Education courses AND information you need to know for the TExES (Teacher certification) exams.

NCATE Candidate Outcomes

ASU OP 10.15 Providing Accommodations for Students with Disabilities
http://www.angelo.edu/opmanual/#s10
Persons seeking accommodations must contact the Student Life Office, Room 112 University Center, 942-2191, in order to request such accommodations prior to any accommodations being implemented. Students are encouraged to make this request early in the semester so that appropriate arrangements can be made.

Academic Honesty
Candidates are to be familiar with the ASU Student Handbook and the University Honor Code which includes the “Student Academic Honor Code Statement”
https://www.angelo.edu/forms/pdf/Honor_Code.pdf
Candidates are to adhere to ASU policy. Angelo State University expects its students to maintain complete honesty and integrity in their academic pursuits. Students are responsible for understanding the Academic Honor Code, which is contained in both print and web versions of the Student Handbook.
Please Note: Plagiarism or the use of Internet Web, etc., prepared papers is strictly forbidden!
Faculty utilize Internet search links that assist in identifying plagiarized materials. Specific conditions for courses taught in the Department for Teacher Education: At the first incident of plagiarism, the student will receive a zero (0) for the plagiarized assignment and this infraction will be noted on the student's records. Should there be a second occurrence of plagiarism, the student will receive a final grade of F for the course and another infraction report will be added to the student's permanent records.
