Weekly Quizzes

Quizzes cover that week’s material with a focus on the chapter reading and synchronous session. They are graded automatically, and you should see your score posted on Blackboard immediately on completion. Quizzes typically open after the synchronous session and can be taken at any time but are always due at the end of the week, by midnight Sunday. Quizzes are timed so please prepare well for each quiz. Familiarity with the material is key so watch the synchronous session,
complete the chapter readings, and complete the assignments before attempting the quiz. Questions come from a test pool and will be ordered randomly. Each quiz is open book and open notes but collaboration with others is not allowed. These are individual assignments.

**Weekly Assignments**
Weekly Assignments vary but typically take the form of a short paper or a series of short answer questions covering the chapter reading. Weekly assignments are normally graded within one week of the due date.

NOTE: If you are found to be collaborating with other students on an assignment, quiz, or test, you will receive an F in the class and may be dismissed from ASU.

**Synchronous Sessions**
Students are expected to participate in a weekly synchronous session with the instructor. Participation points are awarded for attendance. Each session is worth 5 points. To earn the full participation points students unable to attend the live session must watch the video within 48 hours and submit a one paragraph response email to the instructor that highlights either a key takeaway from the session or asks a question related to the content discussed in the session.

**Assignment Deadlines and Missed/ Late Work**
You are free to complete your work early; however, late work and missed work will not be accepted.

**Email**
Response to emails will normally be within 24 hours Monday through Friday. I am here because I want you to learn, so please consider me a resource.
