TESTING VIA Respondus™ LOCKDOWN BROWSER AND MONITOR
Access to chapter tests will be administered through Respondus™ Lockdown Browser. Exams will also be video recorded via Respondus™ Monitor [See Other Required Materials for a list of needed equipment]. Use of another electronic device is prohibited.

There are two practice tests: a) one is a Webcam test and b) a short 10 question practice test over ASU trivia. These tools will be available to the student to assure accessibility. Students are highly encouraged to go through these practice tests in advance of taking a graded test. This process will allow you to become familiar with the technology associated with testing and improve the testing environment. These tests, instructional videos, and more information regarding Respondus Monitor can be found under the Respondus Monitor Help tab in your Blackboard course.

OTHER REQUIRED MATERIALS
- Computer with MAC or Windows Operating System
- High Speed Internet Access
- Webcam (Logitech highly recommended)
- Ethernet Cable (highly recommended for taking chapter tests and exams)
- Logitech USB microphone headset

GRADING SYSTEM

ASSESSMENTS AND POINT VALUES

TEACHING STRATEGIES
Students are expected to be “active learners.” It is a basic assumption of the professor that students will be involved (beyond the materials presented in the course), discovering, processing, and applying the course information using peer-review journal articles, researching additional information and examples on the Internet, and discussing course material and personal experiences with their peers.

ASSIGNMENT/ACTIVITY DESCRIPTIONS
*Please note: More detailed instructions of these assignments and activities are posted with each one in Blackboard. Rubrics for these assignments and activities (excluding tests, labs, and exams) are posted with these assignments in Blackboard.

- **Chapter Tests:** Sixteen chapter tests (one for each chapter of the required text) will be posted in Blackboard. The chapter tests are intended to provide the student with formative feedback regarding their respective level of comprehension of the required reading. These tests are posted for a period not to exceed 36 hours. Students have 60 minutes to complete each individual chapter test. Each test will have 40 items at .5 point per each item. Students will have two attempts in completing the exams. The highest score will be posted in Blackboard.

- **Labs:** Five lab activities provide students with a variety of hands-on, kinesthetic experiences relative to selected course competencies. Since some of the lab activities require the involvement of other people, students are strongly encouraged to conduct these labs with 2 to 3 others enrolled in the course. Roommates, friends, or family members are permissible. Labs materials and instructions are posted in Blackboard.

- **Discussion Boards:** Discussion Boards (one discussion per module) are provided to help students analyze, synthesize, apply, and evaluate course content, express thoughts, and engage others’ opinions and ideas in a healthy and productive learning environment. Students are expected to respond to the professor’s prompts and participate in the student discussions that ensue.

- **Research Paper:** This research paper provides students an opportunity to utilize the library resources of Angelo State University to locate, retrieve, review, and learn from current literature relative to human motor development. During Module 1, students are expected to submit electronic copies of one refereed journal article for approval. At the beginning of Module ???? , students will submit their completed research project (a review of the article retrieved and approved at the beginning of the semester). Instructions on how to complete the research paper is posted in Blackboard.

GENERAL POLICIES RELATED TO THIS COURSE
All students are required to follow the policies and procedures presented in the following documents:

- ASU Undergraduate Catalog located on the ASU website [https://www.angelo.edu/content/files/16795-201213-undergraduate-catalog](https://www.angelo.edu/content/files/16795-201213-undergraduate-catalog)
IMPORTANT UNIVERSITY DATES
January 14, 2019 First Day of Class
March 28, 2019 Last day to drop a class or withdraw from the University for this Semester
Final Exams Begin May 6

STUDENT EXPECTATIONS BASED ON COURSE DELIVERY AND SEQUENCE
For planning purposes, this course will require a minimum of 6-9 study hours per week on average. This class is delivered online and therefore asynchronous, meaning students are not required to be on-line at a certain time. However, the course content is delivered in a sequential order, meaning students must complete each component (module) of the course in a timely manner. To complete this course successfully, students are expected to complete all reading assignments, view all posted videos, complete all chapter exams, and actively engage in all discussion boards and projects. Students are expected to make substantive contributions to the learning environment through their individual integration of assigned reading materials and videos, outside readings (research assignment), and their personal experiences, as appropriate.

The course content is organized into ????? modules and student must complete one module before progressing to the next. Each module has a due date for the completion of all assignments. Within each module there are readings and other activities that students will need to complete in order to successfully complete the chapter tests and participate in the discussion board for that module.

COMMUNICATION
The professor will respond to texts/email/or telephone messages within 24 hours during working hours Monday through Friday. Weekend messages may not be returned until Monday.

Written communication via Blackboard: Students are expected to use formal writing skills and give appropriate credit to the source for his/her ideas. Written work should conform to the APA (2010) 6th edition (2nd Printing or higher only) guidelines for referencing.

Written communication via email: All private communication will be done exclusively through students’ ASU email address. Check frequently for announcements and policy changes.

Face-to-face and Virtual face-to-face communication: By appointment and/or advising may be done face-to-face or with the assistance of the telephone or Blackboard Collaborate.

USE GOOD "NETIQUETTE":

- Check the discussion frequently and respond appropriately and on subject.
- Focus on one subject per message and use pertinent subject titles.
- Capitalize words only to highlight a point or for titles. Otherwise, capitalizing is generally viewed as SHOUTING!
- Be professional and careful with your online interaction. Proper address for faculty is by formal title such as Dr. or Ms./Mr. Jones unless invited by faculty to use a less formal approach.
• Cite all quotes, references, and sources.
• When posting a long message, it is generally considered courteous to warn readers at the beginning of the message that it is a lengthy post.
• It is extremely rude to forward someone else’s messages without their permission.
• It is fine to use humor, but use it carefully. The absence of face-to-face cues can cause humor to be misinterpreted as criticism or flaming (angry, antagonistic criticism). Feel free to use emoticons such as :o or :) to let others know you are being humorous.

(The “netiquette” guidelines were adapted from Arlene H. Rinald’s article, The Net User Guidelines and Netique, Florida Atlantic University, 1994, available from Netcom.)

ASSIGNMENT SUBMISSION
All assignments are to be submitted through the Assignment Submission Tab in the Blackboard course site. This is for grading purposes. Technology interruptions and other issues arise from time to time. If a technology issue does occur regarding an assignment submission, email the professor at susan.keith@angelo.edu or attach a copy of the assignment. This lets the professor know that the assignment was completed on time and there are problems with the online submission feature in Blackboard. Once the problem is resolved, submit your assignment through the appropriate link. This process will document the problem and establish a timeline. Be sure to keep a backup of all work.

LATE WORK POLICY
The course is organized into modules. Students must complete the assignments associated with each module before progressing to the next. Some modules are longer than others but generally, student should plan to complete each module in one week or less. Assignment due dates are shown on the calendar/schedule or posted within Blackboard. Late assignments are not accepted without prior approval of the professor. The professor reserves the right to deduct points for late assignments that are accepted past the original due date.

ACADEMIC HONESTY
Academic honesty is expected on all work. Students are expected to maintain complete honesty and integrity in their online experiences. Any student found guilty of any form of dishonesty in academic work is subject of disciplinary action and possible expulsion from ASU.

The Kinesiology Department adheres to the academic honesty statement as set forth in the Angelo State University Student Handbook http://www.angelo.edu/content/files/17358-university-honor-code. The University “faculty expects all students to engage in all academic pursuits in a manner that is above reproach and to maintain complete honesty and integrity in the academic experience both in and out of the classroom setting and may initiate disciplinary proceedings against a student accused of any form of academic dishonesty, including but not limited to, cheating on an examination or other academic work, plagiarism, collusion, and the abuse of resource materials.”

PLAGIARISM
Plagiarism at ASU is a serious topic. The Angelo State University’s Honor Code gives specific details on plagiarism and what it encompasses. Plagiarism is the action or practice of taking someone else’s work, idea, etc., and passing it off as one’s own. Plagiarism is literary theft.

In your discussions and/or your papers, it is unacceptable to copy word for word without quotation marks and the source of the quotation. We use the APA Style Manual of the American Psychological Association as a guide for all writing assignments. Quotes should be used sparingly. It is expected that you will summarize or paraphrase ideas giving appropriate credit to the source both in the body of your paper and the reference list. Papers are subject to be evaluated for originality via Bb Safe Assignment or Turnitin. Resources to help you understand this policy better are available at the ASU Writing Center http://www.angelo.edu/dept/writing_center/academic_honesty.php
