MATH 1350
Mathematics for Elementary/Middle School Teachers I

Instructor: Susan E. Whitaker
Email: susan.whitaker@angelo.edu
Phone: (325) 486 - 5439
Office: MCS 220H

Office Hours: MWF 10:00 AM – 11:00 AM, MCS 220 H; TR 1:00 PM – 2:00 PM, 4:00 PM – 5:00 PM, MCS 220H; W 11:00 AM – 12:00 PM, MCS 220H, M 1:00 PM – 3:00 PM in Math Lab, LIB 330

Course Information

Course Description
Sets and relations, the system of whole numbers, numeration systems, the system of integers, elementary number theory, fractions and rational numbers, decimals and real numbers. Lab activities will include making and using math manipulatives, comparing different problem solving techniques, making interdisciplinary connections, and experiencing math concepts through auditory, visual, and kinesthetic approaches to inquiry-based activities.

Prerequisite and Co-requisite Courses
Mathematics 1324 or equivalent.

Student Learning Outcomes
Upon completion of this course, students will be able to:

1. Students will gain factual knowledge including the mathematical terminology, classifications, and methods used in this course. Students will use the vocabulary, symbolism, structure, reasoning, and procedures that are needed to
teach the mathematical content for grades K-8. See course content for more details.

2. Students will learn the fundamental principles, generalizations, and theories covered in this course. Students will demonstrate understanding of the conservation of area and volume, non-standard and standard measurement, proportionality, similarity, congruence, and basic probability.

3. Students will learn to apply course material. Students will be able to make connections between concepts and also apply knowledge in a new and different setting. In particular, students will learn how to translate course content into K-8 grade appropriate lessons.

4. Students will develop specific skills, competencies, and points of view needed by K-8 mathematics teachers. In addition to learning the mathematical content of this course, students will:
   • become familiar with the Texas Essential Knowledge and Skills (TEKS) and the National Council of Teachers of Mathematics (NCTM) Standards;
   • learn multiple approaches to the teaching of mathematics;
   • use manipulatives to model mathematical concepts;
   • develop communications skills (oral, written, and listening), knowledge of appropriate vocabulary, and various questioning strategies;
   • learn how to use resources (such as the Internet and NCTM journals) in planning classroom activities.

5. Students will gain a broader understanding and appreciation for mathematics.

Course Delivery
This is a face-to-face course with learning resources and supplemental materials posted in Blackboard.

Required Texts and Materials
_A Problem Solving Approach to Mathematics for Elementary School Teachers_, 13th Edition by Billstein, Libeskind, & Lott is the required text but you are not required to have a physical copy as an etext is part of the MyMathLab course.

Math 1350 (Fall 2019-Summer 2020) Lab Manual

Technology Requirements
To successfully complete this course, students need to A Problem Solving Approach to Mathematics for Elementary School Teachers Access Card through Pearson’s
MyMathLab. There is a link in the Blackboard course which will take you to the site to purchase the access.

**Communication**

Faculty will respond to email and/or telephone messages within 24 hours during working hours Monday through Friday. Weekend messages may not be returned until Monday.

**Written communication via email:** All private communication will be done exclusively through your ASU email address. Check frequently for announcements and policy changes. In your emails to faculty, include the course name and section number in your subject line.

**Grading**

**Evaluation and Grades**

Course grades will be determined as indicated in the table below.

<table>
<thead>
<tr>
<th>Assessment</th>
<th>Percent of Total Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>Daily grades and homework</td>
<td>20</td>
</tr>
<tr>
<td>Test 1</td>
<td>15</td>
</tr>
<tr>
<td>Test 2</td>
<td>15</td>
</tr>
<tr>
<td>Test 3</td>
<td>15</td>
</tr>
<tr>
<td>Test 4</td>
<td>15</td>
</tr>
<tr>
<td>Final Exam</td>
<td>20</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>100%</strong></td>
</tr>
</tbody>
</table>

**Attendance**

Attendance will be taken daily. If you are absent, you will not receive credit for in-class activities for that day. If you arrive after attendance has been taken, you should check with me at the end of class to see that I updated your attendance status.

**Grading System**

Course grades will be dependent upon completing course requirements and meeting the student learning outcomes.

The following grading scale is in use for this course:

- A = 89.5 - 100 points
- B = 79.5 – 89.5 points
C = 69.5 – 79.5 points
D = 59.5 – 69.5 points
F = 0-59.5 points

Assignment and Activity Descriptions

Tests
There will be four tests and a comprehensive final exam. The final exam will be Tuesday, December 10, from 1:00 pm to 3:00 pm. If you know that you are going to miss a test, make arrangements to take the test prior to the tests being returned to students. If such arrangements are not made, then your final exam will be used to replace it. If you do not miss any tests, your final exam may be used to replace your lowest test score should it be to your benefit.

In-class Activities
Class activities are an essential part of this course. As such, a daily grade is given for your participation. Those who are not present for class will receive a grade of zero for those activities. Students who are present but spend the class time texting, sleeping or are engaged in other off task behavior will also receive a grade of zero for those activities.

Paper Homework and Quizzes
Assignments will be made from the lab manual. If you need additional paper to complete the assignment please use standard sized paper and staple the pages, in sequential order, in the top left corner. Box in your answers and show your work. No work = no credit. Assignment should be folded in half lengthwise with your name clearly printed on the outside. Under your name should be the name of the assignment. Assignments are due at the beginning of class and will not be accepted after I have gathered them from the table. If you are going to miss class or be late, send your work with another student or bring it by my office before class.

Online Homework
We will be using an online program called MyMathLab for part of the homework this semester. The course is linked through Blackboard. The due dates and times are associated with the assignments in MyMathLab.
Centers

Centers are hands-on activities that are used to introduce new concepts, enrich or reinforce concepts that have already been taught, or help children make connections between different ideas. Centers in this course will usually be done in small groups with little or no teacher assistance. I plan to set up centers for you to do during the semester. It will be your responsibility to do these centers outside of class time. Most will require you to do them in our classroom because there will be instructions and materials provided. Times that are available for access to the classroom will be announced soon. You will need to purchase one piece of colored poster board for one of the activities.

Portfolio

A portfolio is a collection of various things for about a student. It serves many purposes: to teach organizational skills, to keep track of assignments, to use as a study guide, to create a resource file for future use, and as an assessment of mastery. You will create a portfolio for this course using a three inch, three-ring binder and a set of eight tabbed dividers. The tabs are to be labeled: Assignments, Test 1 material, Test 2 material, Test 3 material, Test 4 material, Journal Articles, Tests, and Lab Manual. You will also create a title page that will include: MATH 1350, Mathematics for Elementary/Middle School Teachers I, Fall 2019, and your name. The portfolio should be with you in class every day.

General Policies Related to This Course

All students are required to follow the policies and procedures presented in these documents:

- Angelo State University Student Handbook
- Angelo State University Catalog

Academic Integrity

Students are expected to maintain complete honesty and integrity in all work. Any student found guilty of any form of dishonesty in academic work is subject to disciplinary action and possible expulsion from ASU.

The College of Science and Engineering adheres to the university's Statement of Academic Integrity.
Accommodations for Students with Disabilities

ASU is committed to the principle that no qualified individual with a disability shall, on the basis of disability, be excluded from participation in or be denied the benefits of the services, programs or activities of the university, or be subjected to discrimination by the university, as provided by the Americans with Disabilities Act of 1990 (ADA), the Americans with Disabilities Act Amendments of 2008 (ADAAA) and subsequent legislation.

Student Disability Services is located in the Office of Student Affairs, and is the designated campus department charged with the responsibility of reviewing and authorizing requests for reasonable accommodations based on a disability. It is the student’s responsibility to initiate such a request by contacting an employee of the Office of Student Affairs, in the Houston Harte University Center, Room 112, or contacting the department via email at ADA@angelo.edu. For more information about the application process and requirements, visit the Student Disability Services website. The employee charged with the responsibility of reviewing and authorizing accommodation requests is:

Dallas Swafford
Director of Student Disability Services
Office of Student Affairs
325-942-2047
dallas.swafford@angelo.edu
Houston Harte University Center, Room 112

Incomplete Grade Policy

It is policy that incomplete grades be reserved for student illness or personal misfortune. Please contact faculty if you have serious illness or a personal misfortune that would keep you from completing course work. Documentation may be required. See ASU Operating Policy 10.11 Grading Procedures for more information.

Plagiarism

Plagiarism is a serious topic covered in ASU’s Academic Integrity policy in the Student Handbook. Plagiarism is the action or practice of taking someone else’s work, idea, etc., and passing it off as one’s own. Plagiarism is literary theft.

In your discussions and/or your papers, it is unacceptable to copy word-for-word without quotation marks and the source of the quotation. It is expected that you will summarize or paraphrase ideas giving appropriate credit to the source both in the body of your paper and the reference list.
Papers are subject to be evaluated for originality. Resources to help you understand this policy better are available at the ASU Writing Center.

**Student Absence for Observance of Religious Holy Days**

A student who intends to observe a religious holy day should make that intention known in writing to the instructor prior to the absence. See ASU Operating Policy 10.19 Student Absence for Observance of Religious Holy Day for more information.

**Title IX at Angelo State University**

Angelo State University is committed to providing and strengthening an educational, working, and living environment where students, faculty, staff, and visitors are free from sex discrimination of any kind. In accordance with Title VII, Title IX, the Violence Against Women Act (VAWA), the Campus Sexual Violence Elimination Act (SaVE), and other federal and state laws, the University prohibits discrimination based on sex, which includes pregnancy, and other types of Sexual Misconduct. Sexual Misconduct is a broad term encompassing all forms of gender-based harassment or discrimination and unwelcome behavior of a sexual nature. The term includes sexual harassment, nonconsensual sexual contact, nonconsensual sexual intercourse, sexual assault, sexual exploitation, stalking, public indecency, interpersonal violence (domestic violence or dating violence), sexual violence, and any other misconduct based on sex.

You are encouraged to report any incidents involving sexual misconduct to the Office of Title IX Compliance and the Director of Title IX Compliance/Title IX Coordinator, Michelle Boone, J.D. You may submit reports in the following manner:

Online: [www.angelo.edu/incident-form](http://www.angelo.edu/incident-form)
Face to face: Mayer Administration Building, Room 210
Phone: 325-942-2022
Email: [michelle.boone@angelo.edu](mailto:michelle.boone@angelo.edu)

*Note, as a faculty member at Angelo State, I am a mandatory reporter and must report incidents involving sexual misconduct to the Title IX Coordinator. Should you wish to speak to someone in confidence about an issue, you may contact the University Counseling Center (325-942-2371), the 24-Hour Crisis Helpline (325-486-6345), or the University Health Clinic (325-942-2171).*

For more information about resources related to sexual misconduct, Title IX, or Angelo State’s policy please visit: [www.angelo.edu/title-ix](http://www.angelo.edu/title-ix).
## Course Schedule

The table below indicates the expected schedule of sections that will be discussed on the date listed. However, changes to this schedule may occur and will be posted in Blackboard announcements.
