TEACHING STRATEGIES

• Students are encouraged to stay current on the readings and turn assignments in on time. This will benefit them and others as they seek to participate meaningfully in the course.

• Students are expected to be “active learners.” It is a basic assumption of the instructor that students will be involved (beyond the materials and lectures presented in the course) discovering, processing, and applying the course information using peer-review journal articles, researching additional information and examples on the Internet, and discussing course material and experiences with their peers.

• Students are asked to seek help early if they have problems, questions, or concerns during the semester. Every student has something unique to offer to the discourse. If students don’t come to class or refuse to engage others while in class, that decreases the diversity of the dialog for everyone.

GRADING SYSTEM

Course grades will be dependent upon completing course requirements and meeting the student learning outcomes. The following grading scale is in use for this course:

A = 300-270 points
B = 269-240 points
C = 239-210 points
D = 209-180 points
F = 0-179 points  (Grades are not rounded up)

• **Homework** is designed to make you think critically about how course concepts relate to one another and to you.

• **Forums**: are designed to allow you to discuss concepts with other students in the course.

COMMUNICATING WITH THE PROFESSOR

In most cases, Dr. Simpson will respond to your email and/or telephone messages within 48 hours during working hours Monday through Friday. Weekend messages may not be returned until Monday.
**Written communication via Blackboard:** There is a discussion on the forum to ask questions.

**Written communication via email:** All private communication will be done exclusively through your ASU email address. Check frequently for announcements and policy changes. Please start your subject line with “SChange” so your message does not get buried. I can search by that term instead of sifting through 300-400 emails.

**Virtual communication:** If we really need to “meet” we can use Blackboard’s Connect! feature.

**STUDENT RESPONSIBILITY & ATTENDANCE**

Students are expected to engage in course activities and submit work by due dates and times. The hope is that students will make substantive contributions which reflect integration of assigned materials as well as any outside readings as appropriate. Scholarly contribution is an expectation. For planning purposes, this class will probably require a minimum of 6-9 study hours per week on average.

**ASSIGNMENT SUBMISSION**

In this class, you must complete all of your work online through forum entries, Turnitin assignment submissions, or Blackboard exams. It is your responsibility to use a reliable computer (especially for quizzes) with a reliable connection and give yourself plenty of time to avail yourself of the attempts offered. Since you have 2 attempts for tests and plenty of time to make forum entries, issues with technology should not affect your progress in this course. If a technology issue does occur that affects your progress, and you did not wait until the last minute to start a test or assignment, email the professor at shirley.simpson@angelo.edu explaining the issue. Attach a copy of the forum message you are trying to submit and/or a screen capture of any quiz-related error messages received if you have one. The professor is not under any obligation to reset quizzes.

**Testing via Respondus™ Monitor**

Access to quizzes and exams will be through Respondus™ Lockdown Browser and will be video recorded via Respondus™ Monitor. Use of another electronic device is prohibited.

There are two practice quizzes: a) one is a Webcam test and b) a short 10 question practice quiz over ASU trivia that is not graded. These tools will be available to the student to assure accessibility. Students are highly encouraged to go through these practice quizzes in advance of taking a graded quiz. This process will allow you to become familiar with the technology associated with testing and improve the testing environment. These quizzes, instructional videos, and more information regarding Respondus Monitor can be found under the Respondus Monitor Help tab in your Blackboard course.

As you may know, Respondus Monitor is a companion tool to Respondus LockDown Browser. Monitor is a tool to proctor the online exam. Here is some more information regarding Respondus LockDown Browser and Monitor:

**LATE WORK OR MISSED ASSIGNMENTS POLICY**

Late work will not be accepted. Missing homework or exams grades will convert to a zero after the deadline. Do not wait until the last minute to upload assignments or take exams. If something goes wrong, I can’t help you.

**PROBLEM WITH A BLACKBOARD GRADE?**

Check your grades regularly. If you receive a zero on an assignment you completed or get a score you think is in error, you have 5 days from the date the grade is posted to contact the professor so she can check it for you. *Note: Since most of your assignments in this course will be digitally submitted, it is highly unlikely you will find errors on graded homework or quizzes.*

All students are required to follow the policies and procedures presented in the following documents:

- Angelo State University Student Handbook located on the ASU website: http://www.angelo.edu/student-handbook/

ACADEMIC HONESTY
Academic honesty is expected on all work. Students are expected to maintain complete honesty and integrity in their online experiences. Any student found guilty of any form of dishonesty in academic work is subject of disciplinary action and possible expulsion from ASU.

The Psychology & Sociology Department adheres to the academic honesty statement as set forth in the Angelo State University Student Handbook (2011-2012) http://www.angelo.edu/student-handbook/code-of-student-conduct/misconduct.php. The University “faculty expects all students to engage in all academic pursuits in a manner that is above reproach and to maintain complete honesty and integrity in the academic experience both in and out of the classroom setting and may initiate disciplinary proceedings against a student accused of any form of academic dishonesty, including but not limited to, cheating on an examination or other academic work, plagiarism, collusion, and the abuse of resource materials.”

PLAGIARISM
Plagiarism at ASU is a serious topic. The Angelo State University’s Honor Code gives specific details on plagiarism and what it encompasses. Plagiarism is the action or practice of taking someone else's work, idea, etc., and passing it off as one's own. Plagiarism is literary theft.

In your discussions and/or your papers, it is unacceptable to copy word for word without quotation marks and the source of the quotation. We use the APA Style Manual of the American Psychological Association as a guide for all writing assignments. Quotes should be used sparingly. It is expected that you will summarize or paraphrase ideas giving appropriate credit to the source both in the body of your paper and the reference list. Papers are subject to be evaluated for originality via Bb Safe Assignment or Turnitin. Resources to help you understand this policy better are available at the ASU Writing Center http://www.angelo.edu/dept-writing_center/academic_honesty.php.
