Absence when an assignment is made, discussed or due does **not** excuse you from the due date. Any assignment not received on the due date will only be accepted up to one week from the due date and will be subject to late penalties. The following components are factored into the final grade:

1. **Attendance:** Class attendance and courtesy during class is a professional responsibility. Attendance will be taken during each class period. You will be allotted two excused absences for the semester that allow for occasions such as illness, bad weather, funeral attendance, and other such personal events. Please try to save your two excused absences. **If you have more than two absences, you will lose 15 points from the total points for EACH additional absence.** Tardies and leaving class early are absolutely unacceptable and will be reflected in your final average. **Written Assignments:**
Any written assignment or project submitted should be of high professional quality. This expectation includes:

1. All writing assignments must be produced on a word processor unless otherwise defined. Please use double line spacing and a standard 12-point font unless otherwise requested.

2. All written work must indicate evidence of competency in writing. This means that it is expected to be free of errors in typing, spelling, grammar, punctuation, sentence structure, syntax, style, and organization. Do not use contractions unless you are quoting. **You will lose 5 points on each assignment for excessive errors.** Reread your work before submitting and read it aloud to yourself.

3. Submitting papers:
   - Some assignments may be required to be submitted in page protectors.
   - Headings should be brief (name, date, assignment title, no extra space to make page requirement)

Plagiarism

Plagiarism at ASU is a serious topic. The Angelo State University’s Honor Code gives specific details on plagiarism and what it encompasses. Plagiarism is the action of taking someone else’s work, idea, etc., and passing it off as one’s own. Plagiarism is a literary theft.

Specific conditions for courses taught in the Department for Teacher Education: At the first incident of plagiarism, the student will receive a zero (0) for the plagiarized assignment while this infraction will be noted on the student's records. Should there be a second occurrence of plagiarism, the student will receive a final grade of F for the course and another infraction report will be added to the student's permanent records.

In your papers for this course, it is unacceptable to copy word for word without quotation marks and the source of the quotation. Quotes should be used sparingly as it is expected that you summarize the information in your own words while giving credit to the source. Resources to help you understand this policy better are available at the ASU Writing Center.

Withdrawal Policy: Please check the University policy regarding the last day to drop a class.

Semester Calendar: Please refer to the university website for the holiday and final exam calendars.

Syllabus Changes: The professor reserves the right to make changes as necessary to the syllabus and course calendar.
