A suggestion you should consider making one or two extra pieces in case of brakeage in the firings, this is just a suggestion. I only grade finished glazed fired ware. Ceramic majors and advanced students must fire their own work. You must be at 2 consecutive gas firing to learn the process because you are to fire your own work. If you don’t learn this process you will not pass this class that is part of your course. Kilns must be fired at ¾ to full capacity if the kilns are not I will shut down the firing until you can fill the kiln, that goes for both gas and electric kilns.
