*Notice to Students with Disabilities: Angelo State University complies with the Americans with Disabilities Act in making reasonable accommodations for qualified students with disabilities. If you suspect that you may have a disability (physical impairment, learning disability, psychiatric disability, etc.), please contact the Dean of Student Life and Student Services at 942-2191. If you need disability accommodations in this class, please see me as soon as possible.
**Academic Advising:** The College of Liberal Arts and Department of Communication, and Mass Media require that students meet with a Faculty Advisor as soon as they are ready to declare a major. The Faculty Advisor will set up a degree plan, which must be signed by the student, faculty advisor, and the department chair. Communication or Mass Media majors who have questions about advising or declaring a major in the department, can call 942-2031. Undeclared majors are supported by ASU’s Center for Academic Excellence located in Library A312, and can be reached at 942-2710.

**Grade Appeal Process.** As stated in Angelo State University Operating Policy and Procedure (OP 10.03 Student Grade Grievances), a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the process and the number of days allowed for completing the steps in the process, see Operating Procedure 10.03 at [http://www.angelo.edu/opmanual/docs/Section_10_Academic_Policies-Students/OP_10.03_Grade_Grievance.doc](http://www.angelo.edu/opmanual/docs/Section_10_Academic_Policies-Students/OP_10.03_Grade_Grievance.doc).

**Honor Code Policy:** Violations of academic integrity are very serious matters and are clearly documented in the ASU Student Handbook. The work a student submits in a class is expected to be the student's own work and must be work completed for that particular class and assignment. Plagiarism means intentionally or knowingly representing the words or ideas of another as one's own. This may include your own previous work. Plagiarism includes quoting or paraphrasing from other sources without acknowledging/citing the source of your information or presenting quoted material as your own words. You must be very clear about attribution of sources and you must know how to cite sources in a paper. Please see full Honor Code Policy at [http://www.angelo.edu/cstudent/documents/pdf/Student_Handbook.pdf](http://www.angelo.edu/cstudent/documents/pdf/Student_Handbook.pdf).

**Attendance/Participation**
Roll will be called at the beginning of class and is your responsibility to make sure that you speak up when your name is called each day; if you fail to do so you will be counted as absent. Regardless of attendance, you are responsible for class notes, handouts, and deadlines. If you have an issue with a grade, you must see me within 7 class days, to resolve the issue.

Attendance is required in this course. The Communication & Mass Media Department requires all students to attend no less than 75% or the class to pass the course. If you have 11 absences of any kind in a MWF section, 8 absences in a MW or TTH, or 7 absences in a Summer class section you will automatically fail this course, regardless of your numerical average. [See http://www.angelo.edu/dept/cdj/faculty/csy12301.htm](http://www.angelo.edu/dept/cdj/faculty/csy12301.htm), the departmental COMM 2301 Policy Statement. In addition to that policy, you are allowed two absences without penalty on lecture days only in TTH sections. From that point on, 2 points will be deducted from your final grade for arriving late, leaving early, or missing class. Regardless of attendance, you are responsible for class notes, handouts and deadlines. You will be assigned a critique to complete for at least one speaker each speech day you are not to perform. There are no makeups. If you are absent when assigned to speak, critique, or take a test, you will receive zero for that grade. Please note that if you do not complete all four required speeches in this course you will automatically fail the course, regardless of your numerical average in the remaining course requirements.
A student wishing to observe a religious holy day must notify me in writing at least 14 days prior to the classes scheduled on dates the student will be absent. For religious holy days that fall within the first two weeks of the semester, notice should be given on the first day of the semester.

Assignments

**Storyboards, Worksheets, and Analysis:**
Students will critically analyze different types of professional videos for shots, angles, audio, and lighting techniques. Preproduction is the key for successful video and audio production and students will complete two different storyboard projects. These projects must be submitted with complete scripts, shot sheets and illustrations. Worksheets will be based on audio and video production scenarios.

**Exams:**
There will be a midterm and final examination during the semester. The final will not be comprehensive. Each exam is worth 100 points.

**Quizzes:**
There will be five quizzes given throughout the semester. Each quiz is worth 20 points and will cover class lectures, and assigned textbook readings

**Class Participation:**
You are required to be actively engaged in lectures. An active listener is courteous and attentive to the class. An active listener does not speak to a classmate while a peer is giving a presentation or during a lecture.

**Methods of Evaluation:** Grades will be determined from exams and the written assignments. Students earning 90 percent or more of the total available points will receive grades of A. Students earning 80 to 89 percent receive a B, 70 to 79 percent will receive a C and 60 to 69 percent will receive D. Students earning less than 60 percent will not pass the course and will receive an F.

The key to success in this class is to read the book thoroughly and completely. Lectures support – but will not replace – the material found in the text. The key to reading the text is to stay current. Read the chapters BEFORE coming to lecture; read at least a chapter a week and do not fall behind. In other words, come to class and read the book and you will do well in this class, and, truth be told, enjoy the class.
