Class attendance is a professional responsibility. Please be on time and plan to stay the entire class period. Attendance will be taken during each class period. There are no “excused” absences in this class as you are allowed two (2) before any loss of attendance points. Each absence after the second absence will result in 15 points being deleted from your “Attendance” category.

It is appreciated that you notify the instructor (by voice message or email) if/when you have to be absent. Any “in-class assignments” that you miss due to absence CANNOT be made-up.

Attendance at, preparation for, and participation in each class are mandatory. Course content is presented through demonstration and practice with frequent candidate debriefing. Homework assignments are designed to require a minimum of two hours outside of class for each class hour.

During the BLOCK I teaching, only one (1) absence is allowed. Any additional absence must be made-up and documented by your classroom teacher. Failure to make-up absences during Block teaching will drop your final letter grade by one letter. The instructor, classroom teacher, and the members of your group MUST be notified immediately of any upcoming absence or late arrival.

Being unprepared for class and not completing assignments will negatively affect your grade. Before each class session, check Blackboard--print out and bring any necessary documents to class.
