Course Information

Course Description

Medical terminology examines the principles of medical word building to help future healthcare professionals develop an extensive medical vocabulary through a study of root words, prefixes, and suffixes. Correct pronunciation and spelling of medical terms will be addressed. Anatomy, physiology, and pathology of disease are discussed yet no previous knowledge of these topics is necessary.

Course Credits

### Course Delivery

This is an online course offering. The course will be delivered via the Blackboard Learning Management System. The course site can be accessed at ASU's Blackboard Learning Management System.

### Required Texts and Materials

  - Special code is not required
Technology Requirements

To participate in one of ASU’s distance education programs, you need this technology:

- A computer capable of running Windows 7 or later, or Mac OSX 10.8 or later
- The latest version of one of these web browsers: internet Explorer, Firefox, or Safari
- Microsoft Office Suite or a compatible Open Office Suite
- Adobe Acrobat Reader
- High Speed Internet Access
- Ethernet adapter cable required (wireless connections can drop during tests and Collaborate sessions)
- Webcam

Refer to Angelo State University’s Distance Education website for further technology requirements: Angelo State University's Distance Education Website

Faculty will respond to email and/or telephone messages within 24 hours during working hours Monday through Friday. Weekend messages may not be returned until Monday.

Written communication via email: All private communication will be done exclusively through your ASU email address. Check frequently for announcements and policy changes. In your emails to faculty, include the course name and section number in your subject line.

Grading

This course is graded strictly on points NOT percentages. The amount of points you earn determines your grade in the course. I DO NOT ROUND UP GRADES at the end of the semester. It is your responsibility to keep track of the total course points you have accumulated in the course.

**Grading System**

Course grades will be dependent upon completing course requirements and meeting the student learning outcomes.

The following grading scale is in use for this course:

- **A** = 580.00-639 points
- **B** = 515.00-579.99 points
- **C** = 445.00-514.99 points
- **D** = 390.00-444.99 points
- **F** = 0-389.99 points (Grades are not rounded up)

**Teaching Strategies**

Students are expected to be “active learners.” It is a basic assumption of the instructor that students will be involved (beyond the materials and lectures presented in the course) discovering, processing, and applying the course information using peer-review journal articles, researching additional information and examples on the Internet, and discussing course material and clinical experiences with their peers.

**Assignment and Activity Descriptions**

**Individual Assignments**

- **Personal Introduction 25 points**
  - Introduce yourself to your classmates. Where are you from? What is your major? What are your career goals? What do you hope to accomplish/learn in this class?
  - Respond to at least one classmate for full points.

- **Identifying Word Roots and Combining Forms: 10 points**
  - Introduction to medical work building. A medical word consists of some or all of the following elements: word root, combining, suffix, prefix.
• Review 1-3, Activity 1-3 Identifying Word Roots and Combing Forms: 10 points
  o Underlining the word root in the given medical term (pg. 7)
  o Underline the following element that are combining forms (pg. 7)

• Medical Terminology Word Building: 85 points
  o Medical word building tables introduce combining forms, suffixes, and prefixes related to body system. Key word elements and their meanings are labeled on an anatomical illustration to reinforce visually the word elements introduced.
  o Complete five assignments where you combine the word parts you learn to construct medical terms related to body structures.

• Medical Vocabulary: 90 points
  o Medical vocabulary contains terms related to diseases and conditions. This is followed by a section of diagnostic, medical, and surgical procedures and pharmacology. Dynamic illustrations are included that visually illustrate the disease; the diagnostic procedures used to identify the disease; and the medical, surgical, and pharmacological treatments used to treat various diseases and disorders.
  o Complete 4 assignments where you match the medical term with the correct definition.

• Chart Notes: 114 points
  o Chart notes provide authentic medical reports related to a medical specialty associated with the relevant body system to reinforce terminology covered in this course.
  o Complete 10 assignments where you read a medical chart aloud. Use the information to provide the correct medical term

• Demonstrate What You Know: 45 points
  o To evaluate your understanding of how medical terms you have studied and in the clinical environment.
  o Assignments include matching and complete the numbered sentences by selecting an appropriate term from word bank.

• Weekly Quiz: 200 points
  o Questions will be a combination taken from weekly assignments.
  o 30 minutes (once logged onto Black Board) to take open book quiz. Quiz will be available for 24 hours.
• Final Exam: 80 points
  o Comprehensive review of all chapters and information covered. Questions will be
taken from weekly quizzes and assignments throughout the chapters.
  ▪ What type of project are you going to do?
  ▪ Who does the project benefit?
  ▪ Who is your contact person for the group you are benefitting?
  ▪ When do you propose to complete your project?
  ▪ Why did your group choose this particular project?

Assignment Submission
All assignments MUST be submitted through the Assignments link in the Blackboard site. This is
for grading, documenting, and archiving purposes. Issues with technology use arise from time
to time. If a technology issue does occur regarding an assignment submission, email me at
kristi.white@angelo.edu and attach a copy of what you are trying to submit. Please contact the
IT Service Center at (325) 942-2911 or go to your Technology Support tab to report the issue.
This lets your faculty know you completed the assignment on time and are just having problems
with the online submission feature in Blackboard. Once the problem is resolved, submit your
assignment through the appropriate link. This process will document the problem and establish
a timeline. Be sure to keep a backup of all work.

Late Work or Missed Assignments Policy
Late work will not be accepted unless you have received permission from the instructor prior to
the due date. If you miss an assignment due to an unexcused absence, you are out of luck.
Show up for class!

General Policies Related to This Course
All students are required to follow the policies and procedures presented in these documents:

• Angelo State University Student Handbook
• Angelo State University Catalog

Student Responsibility and Attendance
ON-LINE: This class is asynchronous, meaning you do not have to be on-line at a certain time.
There are readings which you will have to complete to be able to adequately participate in
individual and group assignments. In order to complete this course successfully, you do have to
participate in all course activities i.e. discussion boards, course projects, reflective logs, etc.
Students are expected to engage in course activities and submit work by due dates and times.
The hope is that students will make substantive contributions that reflect integration of assigned materials as well as any outside readings as appropriate. Scholarly contribution is an expectation. For planning purposes, this class will probably require a minimum of 6-9 study hours per week on average.

**Academic Integrity**

Students are expected to maintain complete honesty and integrity in all work. Any student found guilty of any form of dishonesty in academic work is subject of disciplinary action and possible expulsion from ASU.

The College of Health and Human Services adheres to the university’s [Statement of Academic Integrity](#).³

**Accommodations for Students with Disabilities**

ASU is committed to the principle that no qualified individual with a disability shall, on the basis of disability, be excluded from participation in or be denied the benefits of the services, programs or activities of the university, or be subjected to discrimination by the university, as provided by the Americans with Disabilities Act of 1990 (ADA), the Americans with Disabilities Act Amendments of 2008 (ADAAA) and subsequent legislation.

Student Disability Services is located in the Office of Student Affairs, and is the designated campus department charged with the responsibility of reviewing and authorizing requests for reasonable accommodations based on a disability. It is the student’s responsibility to initiate such a request by contacting an employee of the Office of Student Affairs, in the Houston Harte University Center, Room 112, or contacting the department via email at ADA@angelo.edu. For more information about the application process and requirements, visit the [Student Disability Services website].⁴ The employee charged with the responsibility of reviewing and authorizing accommodation requests is:

Dallas Swaffer
Director of Student Disability Services
Office of Student Affairs
325-942-2047
dallas.swafford@angelo.edu
Houston Harte University Center, Room 112

**Incomplete Grade Policy**

It is policy that incomplete grades be reserved for student illness or personal misfortune. Please contact faculty if you have serious illness or a personal misfortune that would keep you from
completing course work. Documentation may be required. See ASU Operating Policy 10.11 Grading Procedures for more information.

**Plagiarism**
Plagiarism is a serious topic covered in ASU’s Academic Integrity policy in the Student Handbook. Plagiarism is the action or practice of taking someone else’s work, idea, etc., and passing it off as one’s own. Plagiarism is literary theft.

In your discussions and/or your papers, it is unacceptable to copy word-for-word without quotation marks and the source of the quotation. It is expected that you will summarize or paraphrase ideas giving appropriate credit to the source both in the body of your paper and the reference list.

Papers are subject to be evaluated for originality. Resources to help you understand this policy better are available at the ASU Writing Center.

**Student Absence for Observance of Religious Holy Days**
A student who intends to observe a religious holy day should make that intention known in writing to the instructor prior to the absence. See ASU Operating Policy 10.19 Student Absence for Observance of Religious Holy Day for more information.

**Copyright Policy**
Students officially enrolled in this course should make only one printed copy of the given articles and/or chapters. You are expressly prohibited from distributing or reproducing any portion of course readings in printed or electronic form without written permission from the copyright holders or publishers.

**Syllabus Changes**
The faculty member reserves the option to make changes as necessary to this syllabus and the course content. If changes become necessary during this course, the faculty will notify students of such changes by email, course announcements and/or via a discussion board announcement. It is the student’s responsibility to look for such communications about the course on a daily basis.

**Title IX at Angelo State University**
Angelo State University is committed to providing and strengthening an educational, working, and living environment where students, faculty, staff, and visitors are free from sex discrimination of any kind. In accordance with Title VII, Title IX, the Violence Against Women Act (VAWA), the Campus Sexual Violence Elimination Act (SaVE), and other federal and state laws, the University prohibits discrimination based on sex, which includes pregnancy, and other
types of Sexual Misconduct. Sexual Misconduct is a broad term encompassing all forms of
gender-based harassment or discrimination and unwelcome behavior of a sexual nature. The
term includes sexual harassment, nonconsensual sexual contact, nonconsensual sexual
intercourse, sexual assault, sexual exploitation, stalking, public indecency, interpersonal
violence (domestic violence or dating violence), sexual violence, and any other misconduct
based on sex.

You are encouraged to report any incidents involving sexual misconduct to the Office of Title IX
Compliance and the Director of Title IX Compliance/Title IX Coordinator, Michelle Boone, J.D.
You may submit reports in the following manner:

Online: www.angelo.edu/incident-form
Face to face: Mayer Administration Building, Room 210
Phone: 325-942-2022
Email: michelle.boone@angelo.edu

Note, as a faculty member at Angelo State, I am a mandatory reporter and must report
incidents involving sexual misconduct to the Title IX Coordinator. Should you wish to speak to
someone in confidence about an issue, you may contact the University Counseling Center (325-
942-2371), the 24-Hour Crisis Helpline (325-486-6345), or the University Health Clinic (325-942-
2171).

For more information about resources related to sexual misconduct, Title IX, or Angelo State’s
policy please visit: www.angelo.edu/title-ix.

**Student Evaluation of Faculty and Course**

Students in all programs are given the opportunity to evaluate their courses and the faculty who teach them. Evaluations are most helpful when they are honest, fair, constructive, and pertinent to the class, clinical experience, or course. Faculty value student evaluations, and use student suggestions in making modifications in courses, labs and clinical experiences.

Angelo State University uses the IDEA (Individual Development and Educational Assessment) system administered through Kansas State University for all course evaluations. The Office of Institutional Research and Assessment administers IDEA for the entire university, online and has established a policy whereby students can complete course evaluations free from coercion.
Student Learning Outcomes

1. Gaining a basic understanding of the subject (e.g., factual knowledge, methods, principles, generalizations, theories)
2. Learning to apply course material (to improve thinking, problem solving, and decisions)
3. Developing specific skills, competencies, and points of view needed by professionals in the field most closely related to this course.
4. Acquiring skills in working with others as a member of a team.
5. Learning to apply knowledge and skills to benefit others or serve the public good
