Introduction to Academic Writing
Section One: Course Description, Outcomes, and Objectives

This course emphasizes the writing process and will offer substantial practice in the production of effective prose essays as well as the analysis of selected readings. The prerequisite for this course is that all TSI Requirements must have been met.

ASU Core Curriculum Objectives for English 1301 & Related Course Assessments

Students in English 1301 will practice the following core curriculum learning objectives: critical thinking, communication, teamwork, and personal responsibility. Students will then demonstrate their capabilities in these objectives by writing a variety of essays.

Critical Thinking will be demonstrated in an analytical essay.

1. Students will gather, analyze, evaluate, and synthesize information relevant to a question or issue by employing problem-solving strategies that generate positions and arguments and by examining the basic principles of information-gathering to support a thesis.

2. Students will then develop and demonstrate a logical position (i.e. perspective, thesis, and hypothesis) that acknowledges ambiguities or contradictions by analyzing and evaluating their own communication and that of others to raise questions, make assertions, and generate discussion about a topic or question.

Communication will also be demonstrated in an analytical essay.

1. Students will develop, interpret, and express ideas through effective written communication by taking into consideration audience, purpose, and/or circumstances relevant to written communication, by using relevant and appropriate content for the specific rhetorical situation in order to express their purpose(s) effectively.
Teamwork will be demonstrated in peer-workshops.
1. Students will consider different viewpoints as a member of a team by working toward a shared purpose or goal with members of their team and by creating and evaluating their peers’ drafts, presentations, and arguments.
2. Students will work effectively with others to support and accomplish a shared goal by devoting efforts to team task, interacting with others, contributing to the team and resolving and synthesizing divergent viewpoints within a group.

Personal responsibility will be demonstrated in a final reflection essay.
1. Students will demonstrate the ability to evaluate choices, actions, and consequences as related to ethical decision making by identifying their own core beliefs and the sources of those beliefs in order to connect their choices and actions to decision-making and by recognizing possible consequences of their decisions.

Upon successful completion of this course you should be able to:
1. Apply an understanding of the nature of the writing process by using all phases in writing;
2. Apply an understanding of the principles of audience analysis by adapting language, structure, and detail to the needs of specific readers;
3. Apply an understanding of basic prose structures by using them in sentences and paragraphs in essays so readers can easily understand your purpose and follow your progression of ideas;
4. Generate enough detail to convince readers of the validity of your thesis;
5. Demonstrate sensitivity and attentiveness to language, applying principles of style and tone to enhance the appeal of essays;
6. Write prose largely free of errors in grammar, diction, usage, and mechanics.

In an effort to help you achieve these learning outcomes, I have prepared lessons, readings, and class assignments, listed in the syllabus schedule. These lessons will help you:
1. Develop skills in expressing yourself in writing;
2. Gain factual knowledge about academic writing (the terminology and format of academic writing);
3. Learning fundamental principles, generalizations, and theories (the writing process, writing as thinking).

Prerequisite Skills
Students must be familiar with MicroSoft Word (97-2003, 2007, or later versions). All required assignments must be completed using Word. You must have the ability to:
1. Use devices to communicate with other systems to access data, upload, and download;
2. Use email to create, send, respond, and use attachments;
3. Use word processing;
4. Navigate systems such as Blackboard and the internet;
5. Navigate a Windows or MAC operating system to manipulate files using file manager, determine active printer, access installed applications, create and delete directories and files.

Participation Requirements
To be successful, it is important for you to access Blackboard (Bb) frequently, at least every other day for announcements and discussions. It is essential that you access your ASU email every day. Other specific participation requirements are included as part of the course evaluation system and are included in the syllabus.

Section Two: Student Responsibilities, Grading, Assignment Submissions

REQUIRED TEXT AND MATERIALS
No textbook is required; instead reading will be given through Blackboard.
USB (Each student will need a means of saving files created in the classroom)
Materials for taking Notes in Class (Students are required to take notes in every class)

BLACKBOARD (Bb)
To make sure you have access to course materials, course assignments, visual presentations, and a variety of handouts will be posted in Blackboard from time to time. You are required to print out all course handouts and have print-outs available in class. Course materials posted in Blackboard will include: course syllabus, readings, assignments, assignment examples, visual presentations, and a variety of other handouts. From time to time, course announcements will be delivered through Blackboard and distributed by email to all students enrolled in the class. Students are responsible for updates distributed via emails. As a result, students should check their emails every day. All student enrolled in the course are automatically enrolled in Blackboard.

ASSIGNMENT SUBMISSION POLICIES
All assignments will be submitted to Blackboard. All working drafts and final draft of essays must be submitted via an electronic submission to Blackboard. The final draft submissions must conform to all academic format requirements. Final graded essay will be returned in Blackboard as a graded draft with comments and a grade for the assignment. Assignments cannot be turned in via email.

MISSING ASSIGNMENT ELEMENTS
All elements (workshop drafts, workshop editing sheets, and worksheets if required) must be submitted to be considered complete. Workshop drafts will be submitted at the end of each peer-review session and will count toward the peer review grade.
**NOTE:** For assignments that include peer review workshops, no assignment will be given a passing grade unless at least one peer review draft is submitted along with a final draft Blackboard submission. If not at least one peer-review draft is submitted, the highest possible grade for a final draft is 40, and the lowest grade possible is 0.

**LATE SUBMISSIONS**

All elements of an assignment (peer review drafts and final drafts) are due on the assigned date. No late submission will be accepted resulting in zero for that assignment. All Blackboard final draft submissions must be submitted by 11:59 p.m. the day the assignment is due. Any exceptions to this policy must be approved by me in advance of the due date.

**LOST WORK**

You will need to devise a strategy for securely storing digital files. I highly recommend that you incorporate a backup file system into your storage strategy as we all know that hard drives can fail, and USB drives can disappear. Back up all work in multiple locations. I will not accept technological breakdowns or lost files as valid excuses for missing assignment deadlines.

**GRADING**

Students are responsible for keeping up with the schedule outlined in the course syllabus. Missing class is not an excuse for a lack of preparedness. Information about changes in the syllabus or the content of lectures will not be given out by telephone or email; a personal visit to my office is required.

**Grade Determination:** Grades for the semester will be determined as follows:

**March 26th** is the last day to drop. Withdrawal grades will be indicated by W.

**Incomplete Grade Policy:**

It is policy that incomplete grades be reserved for student illness or personal misfortune. Please contact faculty if you have serious illness or a personal misfortune that would keep you from completing course work. Documentation may be required. See ASU Operating Policy 10.11 Grading Procedures for more information.
Section Three: Course Policies & Services

ATTENDANCE POLICY
Because this is a student-oriented class, regular attendance is required. Each student will be allowed six (6) excused absences for the course of the semester. When the allowed number of absences has been exceeded, the student automatically fails the course. Classes begin promptly at the designated time, and role will be called at the beginning of class. Once role is taken, the door to the classroom will be closed and locked. No one will be admitted after that time.

Attendance is more than simply occupying a chair. Students who fail to have required homework or are unprepared for class (lacking note taking materials, hand-ins, workshop drafts, or other required materials) can be marked as absence. Participation in classroom activities is also required. If in my opinion a student is not participating, I reserve the right to count that student absence (this includes laying heads on desk, sleeping, messing with a cell phone or other electronic device, or carrying on conversations unrelated to classroom activities).

ABSENCES EXCEPTIONS
There may be at times special circumstances that might require additional consideration on my part (such as medical emergencies). A student missing a week of classes should notify the Student Life Office and/or the dean. I will only give additional consideration when satisfactory evidence is presented that indicate a catastrophic event has occurred that warrants additional consideration.

Students who participate in sanctioned university events will be given an excused absence; however, you are still responsible for any work that is due and responsible for keeping up with assignments and work due in following classes. I strongly recommend that you visit with me in my office before missing class.
THE WRITING CENTER
When necessary, students will be referred to the Writing Center for tutoring. Referrals are mandatory. When the student goes to the Writing Center, he or she must allow the Center to send me an email concerning the visit. Failure to comply with a referral will have a serious impact on subsequent assignment grades. The Center is located on the third floor of the Porter Henderson Library, Room C305.

Monday-Thursday: 9:30 a.m. to 4 p.m.
Wednesday evening: 6 p.m. to 8 p.m.
Friday: 9:30 a.m. to noon
Sunday: 1 p.m. to 4 p.m.

ACADEMIC HONESTY

Academic Integrity

Students are expected to maintain complete honesty and integrity in all work. Any student found guilty of any form of dishonesty in academic work is subject of disciplinary action and possible expulsion from ASU.

The College of Science and Engineering adheres to the Statement of Academic Integrity

Plagiarism

Plagiarism is a serious topic covered in ASU’s Academic Integrity policy in the Student Handbook. Plagiarism is the action or practice of taking someone else’s work, idea, etc., and passing it off as one’s own. Plagiarism is literary theft.

In your discussions and/or your papers, it is unacceptable to copy word-for-word without quotation marks and the source of the quotation. It is expected that you will summarize or paraphrase ideas giving appropriate credit to the source both in the body of your paper and the reference list.

Papers are subject to be evaluated for originality via Turnitin. Resources to help you understand this policy better are available at the ASU Writing Center.

Copyright Policy

Students officially enrolled in this course should make only one printed copy of the given articles and/or chapters. You are expressly prohibited from distributing or reproducing any portion of course readings in printed or electronic form without written permission from the copyright holders or publishers.

- Active engagement in classroom activities is required.
- Students who sleep or disrupt the classroom will be asked to leave the room and counted absence.
- Continuous disruptions in the classroom will result in disciplinary action.
- Leaving the classroom during class is disruptive. Personal needs should be taken care of before class. Students who continually leave the classroom during class will be asked to leave and counted absence.
- No cell phones or other electronic devices are allowed in the classroom during class. Students who violate this rule by having cell phones out or using an electronic device during class, will immediately be asked to leave the class and counted absence.
- No food or drinks are allowed in the classroom.
Section Four: Course Schedule

Reading Assignments
Readings are due the class following the date they are assigned as homework. The content of reading assignments may or may not be discussed in the classroom; however, each student is responsible for having read the assignment and having a good understanding of the material content. All reading assignments will be assigned in Blackboard (Bb). Quizzes over reading assignments may also be given unannounced.

Quizzes, Workshops, & Classroom Exercises
If a student misses a class when there is a quiz, workshop, or in-class exercise, no make-up will be allowed. In such cases, any student missing a class would do well to visit with me in my office as soon as possible. Do not contact me by email about missed in-class activities; you must come to my office.

Assignments
All assignments are due the day that they appear on the schedule. Late assignment submissions will be given a grade of zero unless arrangements have been made with me before the deadline. Please note that more detail instructions will be given with each assignment. It is vital that you follow all directions.

Course Schedule
The schedule for this course is likely to change at some point. Any changes to the schedule will be announced in class and announced in a Bb email. Students missing classes are also responsible for any schedule changes. Students who miss class are also responsible for being prepared for the next class. Students who are not prepared with the necessary materials can be counted as absence.
