Social workers recognize personal values and the distinction between personal and professional values. They also understand how their personal experiences and affective reactions influence their professional judgment and behavior. Social workers understand the profession’s history, its mission, and the roles and responsibilities of the profession. Social Workers also understand the role of other professions when engaged in inter-professional teams. Social workers recognize the importance of life-long learning and are committed to continually updating their skills to ensure they are relevant and effective. </tbody>
</table>

### Grading System

Course grades will be dependent upon completing course requirements and meeting the student learning outcomes.

The following grading scale is in use for this course:

- A = 90.00-100 points
- B = 80.00-89.99 points
- C = 70.00-79.99 points
- D = 60.00-69.99 points
- F = 0-59.99 points (Grades are not rounded up)

### Teaching Strategies

Students are expected to be “active learners.” It is a basic assumption of the instructor that students will be involved *(beyond the materials and lectures presented in the course)*
discovering, processing, and applying the course information using peer-review journal articles, researching additional information and examples on the Internet, and discussing course material and clinical experiences with their peers.

**Assignment and Activity Descriptions**

**Professional Performance:** This is relevant to attendance and engaging in class activities, including frequency and quality of discussion board responses.

**Movie Review:** Students will view a movie from a list provided by instructor focusing on an aging theme, and write a critical analysis of the movie. The content of the review should include myths associated with aging, positive portrayals of the aging, and personal analysis on the positive or negative view expressed in the movie. Papers should conform to the standards of the most recent edition of the American Psychological Association publication manual, and be 5-6 pages in length (including cover sheet and reference pages).

**Interview/Assessment:** Students will conduct an interview/assessment of an elderly person at Christian Villages as part of an interdisciplinary team with nursing, physical therapy, and counseling psychology students on a date TBD. You will be graded on your assessment and participation in the interdisciplinary team process.

**Group Presentation:** Students will be assigned to groups and will present a group power point on a topic related older adults from the textbook. Groups will present an outline of the topic and ppt to the instruction for approval. The presentation will be in APA format and will include at least three (3) peer reviewed journal articles. Students will be graded on content, ppt slide presentation (format, grammar, and appearance of ppt), communication, professional appearance, and APA format. Students will provide feedback on group members participation in the group experience, which will make up 50% of each student’s assignment grade.

**Examinations:** There will be four (4) online, timed, examinations in this course. Each of these examinations is worth 10% of your total course grade.

**Testing via Respondus™ Monitor**

Access to examinations will be through Respondus™ Lockdown Browser and will be video recorded via Respondus™ Monitor [See Other Required Materials for a list of needed equipment]. Use of another electronic device is prohibited.
Assignment Submission
All assignments MUST be submitted through the Assignments link in the Blackboard site. This is for grading, documenting, and archiving purposes. Issues with technology use arise from time to time. If a technology issue does occur regarding an assignment submission, email me at chelsea.kading@angelo.edu and attach a copy of what you are trying to submit. Please contact the IT Service Center at (325) 942-2911 or go to your Technology Support tab to report the issue. This lets your faculty know you completed the assignment on time and are just having problems with the online submission feature in Blackboard. Once the problem is resolved, submit your assignment through the appropriate link. This process will document the problem and establish a timeline. Be sure to keep a backup of all work.

Late Work or Missed Assignments Policy
Due dates and times for assignments are posted. Failure to submit your assignments on the assigned date will result in ZERO. No papers or postings will be accepted without instructor pre-approval.

Student Evaluation of Faculty and Course

Students in all programs are given the opportunity to evaluate their courses and the faculty who teach them. Evaluations are most helpful when they are honest, fair, constructive, and pertinent to the class, clinical experience, or course. Faculty value student evaluations, and use student suggestions in making modifications in courses, labs and clinical experiences. Angelo State University uses the IDEA (Individual Development and Educational Assessment) system administered through Kansas State University for all course evaluations. The Office of Institutional Research and Assessment administers IDEA for the entire university, online and has established a policy whereby students can complete course evaluations free from coercion.
