Course Description
The practicum is designed to meet the requirements to become a Licensed Professional Counselor (LPC) and/or a Licensed Psychological Associate (LPA). For detailed information about these licenses, please consult the websites:

- Texas State Board of Examiners of Professional Counselors (TSBEPC)
  - http://www.dshs.state.tx.us/counselor/

- According to the TSBEPC, applicants for licensure as an LPC must complete "a supervised practicum experience that is primarily counseling in nature. The practicum should be at least 300 clock-hours with at least 100 clock-hours of direct client contact. Academic credit for the practicum must appear on the applicant's transcript."
- Texas State Board of Examiners of Psychologists (TSBEP)
  - http://www.tsbep.state.tx.us/

- According to the TSBEP, "450 clock-hours of practicum, internship or experience in psychology, in not more than two placements, supervised by a licensed psychologist, must be completed before the written exam may be taken."

Required Materials

- Obtain student liability insurance coverage (at least the minimum level) through the American Professional Agency ---http://americanprofessional.com/student
- The syllabus and additional readings are available on this course's Blackboard website
- http://ramport.angelo.edu
Download and read the Practicum Guide Revised Fall 2017 available on the Counseling Psychology Program Blackboard Webpage

- You will be expected to conform to the ethical standards established by both the ACA and the APA throughout your practicum.
  Download and read The American Counseling Association's (ACA) Code of Ethics
- Download and read The American Psychological Association's (APA) Ethical Principles of Psychologists and Code of Conduct

Pre-Practicum Requirements
Before a graduate student in the Counseling Psychology Program can begin practicum, the following graduate courses must be completed:
A. PSY 6307 - Psychopathology
B. PSY 6323 - Counseling Theories
C. PSY 6325 - Counseling Methods and Techniques
D. PSY 6329 - Professional Orientation to Counseling
E. 18 additional credits in graduate level psychology courses other than those previously listed.

Practicum Placement Process
1. Students planning to enroll in PSY 6371/6671 should meet with Dr. Burkhalter and complete an application during the semester prior to the semester they wish to begin their practicum experience.
   a. Students will be provided with a list of possible practicum placements at that time,
   b. Students are expected to interview at the setting(s) of their choice.
2. If a student is accepted by the placement of their choice, they will then complete a practicum contract and 3 additional documents.
   a. Practicum contracts are available from Drexene Winey, the office coordinator for the Department of Psychology, Sociology & Social Work, in Academic Room 204. An example contract is provided in the 2017 Practicum Guide, but an official contract on university letterhead must be obtained from Drexene or Dr Burkhalter.
   b. The student will have the practicum site supervisor sign the Practicum Contract (from Drexene) and the Practicum Agreement Form (see Form B of the 2017 Practicum Guide Revised Fall 2017).
   c. Submit a copy of your student liability insurance, the Practicum Contract (Form A), the Practicum Agreement (Form B), and the signed Student Responsibilities Form (Form C) to Dr. Burkhalter. Forms are available in the 2017 Practicum Guide Revised Fall 2017.
   d. All four documents have to be submitted to Dr. Burkhalter before you can begin your practicum.

*While in placement, students are required to conform to normal agency working hours. They must also adhere to any guidelines in effect for interns at that age
Course Requirements

1. Students are expected to maintain proper professional and ethical behavior at all times.

2. Maintain a log of their practicum hours and complete and document a total of 300 or 450 hours (100/150 direct) of supervised activities.
   a. A sample log is provided on the Blackboard website for this course and on Form D of the 2017 Practicum Guide Revised Fall 2017.

3. Students are expected to attend weekly group course supervision with Dr. Burkhalter.

4. Complete and present case/observation studies (see Form E of the 2017 Practicum Guide) during the group supervision sessions.

5. Complete a final paper evaluating the strengths and weaknesses of the practicum experience (see Form G of the 2017 Practicum Guide Revised Fall 2017).

6. Present verbatim and participate in online discussion forms posted on Blackboard.

Grading Procedures
Students are expected to complete the 300 required clock-hours within two consecutive semesters (6371) or one semester (6671). It is recommended that students complete the practicum over two semesters rather than in one semester. Students need to budget their time accordingly at practicum sites to complete 150 hours (PSY 6371) or 300 hours (PSY 6671) of service during the semester. A grade of "F" will be assigned for any student not completing his or her hours within the semester. As with any course, a grade of "1" (incomplete) will only be assigned when the student has been on track to complete his/her hours and the majority of the course work has been completed, but extenuating circumstances prevent the completion of all course work. Students facing extenuating circumstances must contact the course instructor and program director as soon as possible.

Grades will be based on the following: (a) the overall quality of their professional and ethical behavior, (b) the quality of the evaluations completed by their field supervisors, (c) their participation in the weekly course supervision meetings and (d) satisfactory completion of their log, reflection papers and final report. (e) Timely competition of verbatim (f) participation in discussion forums posted on Blackboard.

Course Attendance
You are expected to be on time and stay for the entire class period. Role will be taken during each class period and attendance will contribute to your final grade. If you need to leave early or miss a class period due to an emergency, please email me beforehand.

Electronic Devices
All electronic devices (cell phones, MP3 players, etc.) must be turned off or on silent and stowed prior to the beginning of class. Laptop computers and tablets may be used to take notes, and audio recorders may only be used with permission. Given the sensitive nature of information in this course, permission to record lectures is given on a daily basis, and students may be asked to turn off recorders during lectures. It is expected that students will use these devices only for course-related work, and the use of instant-messaging and other non-course related activities will result in a denial of permission to use the device in class. Notes and lectures may not be retransmitted, duplicated, or used without permission.

Honor Code
Angelo State University expects its students to maintain complete honesty and integrity in their academic pursuits. Students are responsible for understanding the Academic Honor Code, which is available on the web at (http://www.angelo.edu/forms/pdf/honorcode5.pdf).
Disabilities
Angelo State University is committed to the principle that no qualified individual with a disability shall, on the basis of disability, be excluded from participation in or be denied the benefits of the services, programs or activities of the university, or be subjected to discrimination by the university as provided by the Americans with Disabilities Act of 1990, the Americans with Disabilities Act Amendments Act of 2008, and subsequent legislation.

The office of student affairs is the designated campus department charged with the responsibility of reviewing and authorizing requests for reasonable accommodations based on a disability, and its is the student's responsibility to initiate such a request by contacting the office of Student Affairs, University Center
Room 112 at 325 942 2047 or 9422211 or by email at studentservices@angelo.edu to begin the process. The Office of Student Affairs will establish the particular documentation requirements necessary for the various types of disabilities.

Plagiarism:
Plagiarism at A’SU is a serious topic. The Angelo State University’s Honor Code gives specific details on plagiarism and what it encompasses. Plagiarism is the action or practice of taking someone else’s work, idea, etc, and passing it off as one’s own. Plagiarism is literary theft.
In your discussions and or your papers it is unacceptable to copy word for word without quotation marks and the source of the quotation. WE use the APA Style manual of the American Psychological Association as a guide for all writing assignments. Quotes should be used sparingly. It is expected that you will
summarize or paraphrase ideas giving appropriate credit to the source both in the body of your paper and in the reference list.

A student who intends to observe a religious holy day should make that intention known in writing to the instructor prior to the absence.
