Course Delivery, Late Work or Missed Assignments Policy

This is a face-to-face graduate level course. Reading the assignments, attending class and participating in class discussion are imperative. If sickness or another legitimate matter keeps you from attending class or causes you to miss a quiz, schedule an appointment with me as soon as possible. We will discuss the material you missed. If you also missed a quiz, I will provide an assignment that will keep you from losing credit for the quiz you missed.

Communication

I am an adjunct faculty member. I teach one class each semester. The rest of the time, I practice psychology in San Angelo. Feel free to call me at my private office (944-8184). Leave a message if I am not available. Students are welcome to call me at home (653-4423). Uninvited robocalls dominate my home telephone, so leave a voice message with your name and number. I will pick up when I hear you or call back when I check messages. My ASU email address is jwright68@asu.edu. Please include the course name and number in the title of your emails. I will return your calls or emails within 24 hours except on weekends. I am new to Blackboard, but I am learning to use it. Perhaps by next year I will know Blackboard well enough to communicate with it. I will be in the Adjunct Office from 3:00PM to 4:00PM on Mondays. You are welcome to visit then.
Grading
The table below describes the calculating of grades.

<table>
<thead>
<tr>
<th>Points of Total Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>Read the assigned chapter in <em>Issues and Ethics</em>. Each chapter has a 15 item self-inventory at the beginning of the chapter. Copy the self-inventories, complete them and bring the completed inventories to class. We will discuss the inventory as we discuss the chapter. Your contribution to the discussion will show whether you read the chapter. Students who attend the class and contribute enough to show they read the chapter receive five points. Those who attend but do not contribute receive three points. Failing to attend without justification yields a score of zero.</td>
</tr>
<tr>
<td>Five bi-weekly, ten-question quizzes over the previous two weeks reading and class discussions</td>
</tr>
<tr>
<td>Final exam—20 questions over the semester's reading and class discussions</td>
</tr>
<tr>
<td>Total</td>
</tr>
</tbody>
</table>

Grading System
Course grades will be dependent upon completing course requirements and meeting the student learning outcomes. Blackboard will automatically calculate the final grade. The following grading scale is in use for this course:

A = 120 to 135 points
B = 105 to 119.99 points
C = 90 to 104.99 points
D = 75 to 89.99 points
F = 0 to 69.99 points (Grades are not Rounded up)

Teaching Strategies
Students benefit most when they are “active learners.” It is a basic assumption of the instructor that students will be involved (beyond the materials and lectures presented in the course) discovering, processing, and applying the course information using peer-review journal articles, researching additional information and examples on the Internet, and discussing course material and clinical experiences with their peers.
