Course Objectives

Learning Objectives:
Upon completion of this course, students will be able to...

1. Understand the application of business practices and the connection with the ethical, political, and legal environment of the United States.
2. Know how professionals effectively navigate complex business issues that lack a clear right answer and articulate and defend the rational for their choice in resolution.
3. Understand the history and intent of American political, ethical, and legal structures and by so doing to ascertain why proposed solutions to contemporary ethical and social business questions may or may not work.
4. Articulate the importance of legal, ethical, and political boundaries upon business behavior and the bearing of those boundaries upon individual values and normative systems.

Assessment Methods
• Students will be assessed based on class discussions, various online assignments, and exams.
• Students are expected to read the assignment prior to completing MyLab assignments. A discussion on the assignment will occur each week.
• In order to receive full points for discussion posts (class participation) the student must post at least one response to the topic and respond to two other posts. The initial response should be no less than 50 words. The response has no word limit but should be thoughtful and considerate (at least one to two sentences). I will notify students if their posts are not up to class standards.
• Many topics covered in this class are controversial – no comments or discussion should be taken personally and all opinions and discussion should be respectful and considerate.
• See the handout titled “Descriptions of Various Assignments” for instructions on how to complete the assignments outlined below.
• The dates for each of the four exams are listed below. Exams are not comprehensive and will include questions based on information covered during class, in the textbook, and other materials covered throughout the course.

It is the professor’s intention to be as fair and impartial as is humanly possible. Therefore, all students will be asked to adhere to the same set of guidelines and rules UNLESS there are disabilities or documented extenuating circumstances that have been discussed with the professor and the Student Life Office. Please make sure you inform the professor as soon as any situation arises. Do NOT wait until the problem is compounded by poor class performance, poor attendance, etc.

Plagiarism

Plagiarism is a serious topic covered in ASU’s Academic Integrity policy in the Student Handbook. Plagiarism is the action or practice of taking someone else’s work, idea, etc., and passing it off as one’s own. Plagiarism is literary theft.

In your discussions and/or your papers, it is unacceptable to copy word-for-word without quotation marks and the source of the quotation. It is expected that you will summarize or paraphrase ideas giving appropriate credit to the source both in the body of your paper and the reference list.

Papers are subject to be evaluated for originality via Turnitin. Resources to help you understand this policy better are available at the ASU Writing Center.

Incomplete as a Course grade

As stated in the Angelo State University Operating Policy and Procedure (OP 10.11 Grading Procedures), the grade “I” is given when the student is unable to complete the course because of illness or personal misfortune. For undergraduates, an “I” that is not removed before the end of the next long semester automatically becomes an “F”. A graduate student will be allowed one year to remove a grade of “I” before it automatically becomes an “F”. To graduate from ASU, a student must complete all “I’s”.

Grade Appeal Process

As stated in the Angelo State University Operating Policy and Procedures (OP 10.03 Student Grade Grievances), a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, has experienced inequitable evaluation procedures, or inappropriate grading practices, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the
responsibilities of the parties involved in the grade appeal process and the number of days allowed for completing the steps in the process, see Operating Procedure 10.03 at: http://www.angelo.edu/content/files/14196-op-1003-grade-grievance.
