Course Objectives

Learning Objectives
Introduction to Business is designed to introduce students to the world of organizations and business and to help students become creative, self-directed learners. As a result of completing this course, the student should have achieved the following:
1. Explain how business success is measured in economic and ethical terms.
2. Identify the pros and cons of different small business models and be conversant in the steps entrepreneurs take to start up a business.
3. List and define the four basic functions of management, and describe how different organizational structures fit best with the needs of a specific organization’s mission and culture.
4. List and describe the basic elements required from human resources management (HRM), including what steps are required to attract and retain employees; identify key legal requirements and laws affecting HRM such as EEO, ADA, and OSHA.
5. Explain key marketing concepts including the "Four Ps", market drivers, market channels, and the product development process.
6. Identify the key elements of and uses for financial statements including the balance sheet, income statement, and cash flows.

**Methods of Assessing Learning Outcomes**

Learning Outcomes will be assessed through exams, assignments, and class participation.

These objectives can only be achieved through a joint effort: I will work to stimulate your interest and learning in these areas, but you will be expected to display initiative and a program of self-study as well. In that sense, a complementary objective of the course is to provide you with an environment that will encourage and reward your own intellectual effort, while simultaneously maintaining rigorous standards that identify those who are motivated to pursue excellence in their own educational preparation for a business career.

**Course Textbook and Required Materials**

Students are required to purchase both the textbook and the Foliotek Career Success Program.

*Students have the choice to buy or rent the text, *Understanding Business* and may choose one:*

Tests and Final Exams
The tests given during the term are objective-test format. The tests will consist of 50-60 multiple-choice questions and will sample about evenly from both the general concepts and the details presented in the text and in class.

Please keep in mind that being prepared and taking the tests during the allocated times is your responsibility. The tests are on the schedule; mark the dates on your calendar now.

Each exam is worth 100 points. Students have approximately 70 minutes to complete the exam; the questions are challenging, so prepare well for each test.

The final exam will cover only the material covered since the prior exam.

Assignments
1. Basic Professionalism Badge
Students are required to successfully complete the Basic Professionalism Badge under the Foliotek Platform. Students must score a minimum of 80% on the quizzes in all 6 modules in order to receive a passing score to receive the Basic Professionalism Badge. Students have only 2 attempts to pass each quiz. The Basic Professionalism Badge may be added to the students’ Foliotek Profile Page, LinkedIn account, Facebook, email, or resume once it has been successfully completed. This assignment is worth a maximum of 50 points for successful completion of all 6 modules. A student that does not pass all of the quizzes in the modules after 2 attempts may earn a maximum of 25
points. Once a student attempts the quizzes with 2 fails, the quizzes may not be reloaded and the badge cannot be attained. Students must work diligently and purposely to pass the quizzes.

2. Career Success Block
Students are required to complete the “Get Started” modules and the “1. Self-Discovery Career Exploration” modules under the “Career Success” block in Foliotek. This block will help students identify their personality, values, workplace preferences, skills, and interests and offer direction on choosing careers. These blocks will also be used to help students create a Profile Page. The completion of the “Career Success Block”, which includes “Get Started” and “1. Self-Discovery Career Exploration” is worth a maximum of 25 points.

3. Profile Page
Students are required to create a Profile Page in Foliotek, which is located in the ID Page icon on the top left bar. The Profile Page should include a professional headshot, a description of you, a resume, relevant tags, and a customized background in order to receive full credit for the assignment. The completion of the Profile Page is worth a maximum of 25 points.

Attendance Policy
Class attendance is important, strongly encouraged, and expected; attendance comprises almost 10% of the final grade. Class lectures and discussions will supplement text materials and will be included as an aspect of the tests. Further, you are responsible for everything that is discussed in class, taken up in class, or handed out in class.

Attendance: Max 50 points

There is always an “excuse” for missing class. Some are legitimate such as illness. Some are understandable such as getting to spend a long weekend at a fantastic resort. And others are plain BS such as just not wanting to attend.

My policy regarding attendance is simple; it is based on rewarding “good” behavior and failing to reward “bad” behavior. Punishment is not part of this equation. Therefore, if you are absent a total of three times or less this semester, you will qualify for any curve that is given at the end of course. If you miss four or more classes, then you do not qualify for any curve that might be given at the end of the term.

What I am expecting from you in this class is a **pattern of responsible involvement** in the course and in your own learning experience. Most jobs in the real world require you to be at work, to be there on time, and to stay until the work is complete. I require this of you now. If you do not agree with my standards, then you should take this course with someone else.
The class provides an opportunity for you to develop abilities in communicating with others about your ideas and approaches for dealing with introductory business problems. This is important. After graduation you will spend much of your professional career doing just that, regardless of the specific career area you pursue. The potential of this opportunity is only fully realized if you make meaningful contributions to the course in class discussions and debate.

It is your responsibility to keep track of your attendance. **If you leave before the class ends or arrive late, you will be marked absent.**

**Participation**

Students should be prepared for class and are **expected to participate** in class discussions, especially during the Foliotek discussions and the Question & Answer Sessions with Guest Speakers.

**Response Time**

Individual exams and assignments are graded within 24 hours and normally reviewed during the first class following the exam.

**Course Policies**

**Academic Honesty and Integrity**

Angelo State University expects its students to maintain complete honesty and integrity in their academic pursuits. Students are responsible for understanding and complying with the university Academic Honor Code and the ASU Student Handbook.

Angelo State University expects its students to maintain complete honesty and integrity in their academic pursuits. Students are responsible for understanding the Academic Honor Code, which is contained in both print and web versions of the Student Handbook.

It is the professor’s intention to be as fair and impartial as is humanly possible. Therefore, all students will be asked to adhere to the same set of guidelines and rules UNLESS there are disabilities or documented extenuating circumstances that have been discussed with the professor and the Student Life Office. Please make sure you inform the professor as soon as any situation arises. Do NOT wait until the problem is compounded by poor class performance, poor attendance, etc.

Academic integrity is expected. This includes, but is not limited to, any form of cheating, plagiarism, unauthorized sharing of work, or unauthorized possession of course materials. The professor assumes that all students can be trusted. Please do not violate this trust. Violation of academic integrity will result in a failing grade for the course.

**Courtesy and Respect**

Courtesy and Respect are essential ingredients to this course. We respect each other’s opinions and respect their point of view at all times while in our class sessions. The use of profanity & harassment of any form is strictly prohibited (Zero Tolerance), as are those remarks concerning

Incomplete as a Course grade
As stated in the Angelo State University Operating Policy and Procedure (OP 10.11 Grading Procedures), the grade I is given when the student is unable to complete the course because of illness or personal misfortune. An I that is not removed before the end of the next long semester automatically becomes an F. A graduate student will be allowed one year to remove a grade of I before it automatically becomes an F. To graduate from ASU, a student must complete all I’s.

Grade Appeal Process
As stated in the Angelo State University Operating Policy and Procedure (OP 10.03 Student Grade Grievances), a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, equitable evaluation procedures, or appropriate grading, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the process and the number of days allowed for completing the steps in the process, see Operating Procedure 10.03 at: http://www.angelo.edu/content/files/14196-op-1003-grade-grievance
