Instructor: Trey Holik, VIN 121, 325-486-5452
Email: eddie.holik@angelo.edu
Phone: 325-486-5452
Office: VIN 121

Office Hours: MTWTF 10a – 11a

Course Information

Course Description
Study of electricity, magnetism, light, and atomic physics. (This course will not count as the introductory physics course for physics majors and pre-engineering majors.)

Prerequisite and Co-requisite Courses
Concurrent enrollment in or credit for, Physics 1102 is required. Prerequisite: PHYS 1301 or equivalent

Prerequisite Skills
Students are to be proficient with a scientific calculator and algebra.

Student Learning Outcomes
Upon completion of this course, students will:
1. Gain factual knowledge in physics,
2. Learn fundamental principles of physics, and
3. Apply course material to problem solving.

Course Delivery
This is an online course offering that will be delivered via Blackboard.
Required Texts and Materials
The textbook “College Physics” is available from OpenStax College for free. You will also need a scientific calculator. You do not need to purchase this textbook. A student of this institution is not under any obligation to purchase a textbook from a university-affiliated bookstore. The same textbook may also be available from an independent retailer, including an online retailer.
You will need a webcam for use with Respondus LockDown Browser and Monitor. You will also need a picture ID for Respondus Monitor. More info below.

Technology Requirements
To successfully complete this course, students need to have access to a smart phone with camera, a printer, a capable computer with Microsoft Office, Respondus LockDown Browser, a webcam, and a picture ID such as your student ID card. You will also need a scientific calculator.

Respondus LockDown Browser and Monitor
This course requires the use of LockDown Browser and a webcam for online exams. The webcam can be the type that’s built into your computer or one that plugs in with a USB cable. This brief video will give you a basic understanding:

Download and install LockDown Browser from this link:
https://download.respondus.com/lockdown/download.php?id=384131921

Once Installed
Start LockDown Browser
Log into Blackboard Learn
Navigate to the test
Note: You won't be able to access tests with a standard web browser. If this is tried, an error message will indicate that the test requires the use of LockDown Browser. Simply start LockDown Browser and navigate back to the exam to continue.

When taking an online test, follow these guidelines:
- Have a picture ID such as your student ID card available.
- Ensure you're in a location where you won't be interrupted
- Turn off all other devices (e.g. tablets, phones, second computers) and place them outside of your reach
- Before starting the test, know how much time is available for it, and also that you've allotted sufficient time to complete it
• Clear your desk or workspace of all external materials not permitted - books, papers, other devices
• Remain at your computer for the duration of the test
• If the computer, Wi-Fi, or location is different than what was used previously with the "Webcam Check" and "System & Network Check" in LockDown Browser, run the checks again prior to the exam
• To produce a good webcam video, do the following:
  o Avoid wearing baseball caps or hats with brims
  o Ensure your computer or device is on a firm surface (a desk or table). Do NOT have the computer on your lap, a bed, or other surface where the device (or you) are likely to move
  o If using a built-in webcam, avoid readjusting the tilt of the screen after the webcam setup is complete
  o Take the exam in a well-lit room, but avoid backlighting (such as sitting with your back to a window)
  o Remember that LockDown Browser will prevent you from accessing other websites or applications; you will be unable to exit the test until all questions are completed and submitted

Several resources are available if you encounter problems:
• The Windows and Mac versions of LockDown Browser have a "Help Center" button located on the toolbar. Use the "System & Network Check" to troubleshoot issues. If an exam requires you to use a webcam, also run the "Webcam Check" from this area
• Respondus has a Knowledge Base available from www.support.respondus.com. Select the "Knowledge Base" link and then select "Respondus LockDown Browser" as the product. If your problem is with a webcam, select "Respondus Monitor" as your product
• If you're still unable to resolve a technical issue with LockDown Browser, go to www.support.respondus.com and select "Submit a Ticket". Provide detailed information about your problem and what steps you took to resolve it

Communication
Faculty will respond to email and/or telephone messages within 24 hours during working hours Monday through Friday. Weekend messages may not be returned until Monday.

Written communication via email: All private communication will be done exclusively through your ASU email address and Blackboard. Check frequently for announcements and policy changes. In your emails to faculty, include the course name and section number in your subject line.
Virtual communication: Office hours and/or advising may be done with the assistance of the telephone, Collaborate, Skype, etc.

Grading

Evaluation and Grades
Course grades will be determined as indicated in the table below.

<table>
<thead>
<tr>
<th>Assessment</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Daily grades, homework, participation</td>
<td>20%</td>
</tr>
<tr>
<td>Exams 1 - 3</td>
<td>60%*</td>
</tr>
<tr>
<td>Exam 4</td>
<td>20%*</td>
</tr>
<tr>
<td>Total</td>
<td>100%</td>
</tr>
</tbody>
</table>

*If beneficial, Exam 4 grade will replace lowest of Exams 1 – 3.

Grading System
Course grades will be dependent upon completing course requirements and meeting the student learning outcomes.

The following grading scale is in use for this course:
- A = 90% +
- B = 80% – 89.99%
- C = 70% – 79.99%
- D = 60% – 69.99%
- F = Less than 59.99% (Grades are not rounded up)

Assignment and Exam Descriptions
There are two methods of assessment for Student Learning Outcomes:
- The semester will be grouped into four exam sections. Each exam section will cover three or four chapters. On average, we will cover one chapter every 1.5 days but you can complete each entire exam section at your own pace. This course is asynchronous.
- Each chapter will have Problems and Exercises that will be 20% of your total grade. These assignments will be completion based. In other words, even if your homework assignment is wrong, you get full credit if you legitimately attempt it and turn it in. This accomplishes two things. First, you are encouraged to understand the HW rather than simply copying answers. Second, you can use the solutions as a tool to teach you rather than simply copying answers. Note that the assigned problems are the Problems and Exercises in the Openstax Text book and NOT the Conceptual Questions. You will need to submit these homeworks as a single PDF.
• Each exam will be online with the Respondus Lockdown Browser and Monitor. For review, you will be able to take a practice version of each exam and a live review session will be held at 10am on the listed days. Each of the four exams is worth 20% of your grade. If advantageous to your grade, Exam 4 will replace your lowest of Exams 1, 2, and 3.

Due Dates and Late Work
• All section activities will be due ON THE LAST SECTION DAY AT MIDNIGHT CENTRAL STANDARD TIME unless otherwise marked. For example if the first exam section is assigned 7/6 and lasts to 7/14, then all work must be submitted by midnight CST on 7/14.
• This is largely an asynchronous online course. You will have several days to complete all work. DO NOT wait to the last minute to complete assignments. Due date extensions will not be granted based on technical issues, health, or personal events.
• Late work will not be accepted. Once an exam section deadline is past, there are no make-ups or late work. Be sure to complete your work on time.

Course Schedule

All Chapter and HW Problems and Exercises are found in Openstax College Physics. Solutions to all HW Problems and Exercises can be found in the Openstax Website.

**General Policies Related to This Course**

All students are required to follow the policies and procedures presented in these documents:

- [Angelo State University Student Handbook](#)
- [Angelo State University Catalog](#)

**Academic Integrity**

Students are expected to maintain complete honesty and integrity in all work. Any student found guilty of any form of dishonesty in academic work is subject of disciplinary action and possible expulsion from ASU.

The College of Science and Engineering adheres to the university’s [Statement of Academic Integrity](#).

**Accommodations for Students with Disabilities**

ASU is committed to the principle that no qualified individual with a disability shall, on the basis of disability, be excluded from participation in or be denied the benefits of the services, programs or activities of the university, or be subjected to discrimination by the university, as provided by the Americans with Disabilities Act of 1990 (ADA), the Americans with Disabilities Act Amendments of 2008 (ADAAA) and subsequent legislation.

Student Disability Services is located in the Office of Student Affairs, and is the designated campus department charged with the responsibility of reviewing and authorizing requests for reasonable accommodations based on a disability. It is the student’s responsibility to initiate such a request by contacting an employee of the Office of Student Affairs, in the Houston Harte University Center, Room 112, or contacting the department via email at ADA@angelo.edu. For more information about the application process and requirements, visit the [Student Disability Services website](#). The employee charged with the responsibility of reviewing and authorizing accommodation requests is:
Incomplete Grade Policy
It is policy that incomplete grades be reserved for student illness or personal misfortune. Please contact faculty if you have serious illness or a personal misfortune that would keep you from completing course work. Documentation may be required. See ASU Operating Policy 10.11 Grading Procedures for more information.

Plagiarism
Plagiarism is a serious topic covered in ASU’s Academic Integrity policy in the Student Handbook. Plagiarism is the action or practice of taking someone else’s work, idea, etc., and passing it off as one’s own. Plagiarism is literary theft.

In your discussions and/or your papers, it is unacceptable to copy word-for-word without quotation marks and the source of the quotation. It is expected that you will summarize or paraphrase ideas giving appropriate credit to the source both in the body of your paper and the reference list.

Papers are subject to be evaluated for originality. Resources to help you understand this policy better are available at the ASU Writing Center.

Student Absence for Observance of Religious Holy Days
A student who intends to observe a religious holy day should make that intention known in writing to the instructor prior to the absence. See ASU Operating Policy 10.19 Student Absence for Observance of Religious Holy Day for more information.

Title IX at Angelo State University
The University prohibits discrimination based on sex, which includes pregnancy, sexual orientation, gender identity, and other types of Sexual Misconduct. Sexual Misconduct is a broad term encompassing all forms of gender-based harassment or discrimination including: sexual assault, sex-based discrimination, sexual exploitation, sexual harassment, public indecency, interpersonal violence (domestic violence and/or dating violence), and stalking. As a faculty member, I am a Responsible Employee meaning
that I am obligated by law and ASU policy to report any allegations I am notified of to the Office of Title IX Compliance.

Students are encouraged to report any incidents of sexual misconduct directly to ASU’s Office of Title IX Compliance and the Director of Title IX Compliance/Title IX Coordinator at:

Michelle Boone, J.D.
Director of Title IX Compliance/Title IX Coordinator
Mayer Administration Building, Room 210
325-942-2022
michelle.boone@angelo.edu

You may also file a report online 24/7 at www.angelo.edu/incident-form.

If you are wishing to speak to someone about an incident in confidence you may contact the University Health Clinic and Counseling Center at 325-942-2173 or the ASU Crisis Helpline at 325-486-6345.

For more information about Title IX in general you may visit www.angelo.edu/title-ix.
