Idea Form Objectives

Essential (E)
1. Gaining factual knowledge (terminology, classifications, methods, trends)
Important (I)
7. Gaining a broader understanding and appreciation of intellectual /cultural activity

Course Description

In this course we will focus on the political and cultural history of Germany and Russia/Soviet Union during the 20th century and the complex relationship that existed between the two countries. During that century both countries demonstrated mutual cooperation, formed important alliances, became strategic partners, but also showed overt hostility. For Walter Laqueur Russian-German relations were one of the key issues in world affairs. To come to a better understanding of these relations we cannot only study German-Russian/Soviet diplomacy, but we also have to look at “what Germans and Russians thought about each other, their civilizations, ways of life, and political systems.” (Laqueur, 23) In this class we will look at the interplay of historical, political and cultural elements within each country and between the two.

Goals

Upon completion of this course, students will have a better understanding of the political and cultural history of Germany and Russia/Soviet Union in the 20th century and the complex relationship that existed between the two countries. Students will learn to critically evaluate primary and secondary sources (text, film, artifacts) orally and in writing. Students will also practice their writing skills in the target language.

Grading

Exams (2)  50%
Quizzes  20%
Discussions  20%
  10% - Written responses to guiding questions
  10% - Participation in discussion
Attendance/Participation  10%

Grading Scale

A= 90-100%  B=80-89%  C=70-79%  D=60-69%  F=59 or less

Exams
There are two exams, clearly marked on the syllabus, a mid-term and a final. Each exam will contain multiple choice questions and essay questions (some need to be answered in the target language, which would be Russian for Russian minors and German for German minors).

Make-up work

If you miss the mid-term exam FOR ANY LEGITIMATE REASON (see Angelo State University Operating Policy 10.04, Academic Regulations Concerning Student Performance), you must contact us within two working days from the exam date or you will not be allowed to take the make-up test. No make-ups will be given for the final.

Homework

Students will receive guiding questions over material covered in class. These questions will be posted in the announcement section of Blackboard. Students will have to answer these questions in writing and mail their answers as word document attached to an email to their instructor. The questions have to be answered in the target language (either Russian or German).

Quizzes

Quizzes follow each discussion session and cover a completed unit. Quizzes consist of ten short questions, which students will have to answer in the target language (either Russian or German).

Discussions

Discussions are composed of two parts:

- Homework assignment containing responses to questions pertaining to material covered during the preceding four class sessions. Students will have to complete these assignments in the target language (either Russian or German).
- Classroom discussion on the above-mentioned sessions. These discussions will be conducted in the target language, with either the Russian or the German instructor, and they will be conducted in the Office Hour BB Collaborate Room. Each discussion session takes 30 minutes. Quizzes will be opened up online thereafter.

Participation

The participation grade will be based on a student’s attendance, his/her preparation for class and his/her active and constructive participation in classroom activities.

Academic Honor Code and Plagiarism

Plagiarism and any other form of cheating will not be tolerated. Assignments that are plagiarized will receive automatically the grade -0-. 
Attendance

Regular and on-time virtual class attendance is of the utmost importance in this class. Each student will be allowed two (2) absences. These absences can be either excused or unexcused. Each subsequent absence will result in a 5% deduction on the attendance/participation grade. An absence is no excuse for not knowing the material or not handing in the assignments. It is your responsibility to verify your standing (attendance/grades/etc.) should you have any questions. Responsibility for class attendance rests with the student. Regular and punctual attendance at all scheduled classes is expected, and the University reserves the right to deal at any time, with individual cases of non-attendance. In case of an illness requiring an absence from class for more than one week, the student should notify his/her academic dean and/or the Executive Director of Student Affairs or designee. Angelo State University Operating Policy 10.04, Academic Regulations Concerning Student Performance provides complete information regarding class attendance and reporting student illness and emergencies.

Absence from Class for Religious Reasons

A student who intends to observe a religious holy day should make that intention known in writing to the instructor prior to the absence. A student who is absent from classes for the observance of a religious holy day shall be allowed to take an examination or complete an assignment scheduled for that day within a reasonable time after the absence.

Office Hours

Office hours held are also for remedial purposes. Please contact us early on if material is unclear to you or if you have any other questions regarding the class.

ADA

Persons with disabilities which may warrant academic accommodations must contact the Student Life Office, Room 112 University Center, in order to request such accommodations prior to any accommodations being implemented. You are encouraged to make this request early in the semester so that appropriate arrangements can be made.

Required Use of Masks/Facial Coverings by Students in Class at Angelo State University

As a member of the Texas Tech University System, Angelo State University has adopted the mandatory Facial Covering Policy to ensure a safe and healthy classroom experience. Current research on the COVID-19 virus suggests there is a significant reduction in the potential for transmission of the virus from person to person by wearing a mask/facial covering that covers the nose and mouth areas. Therefore, in compliance with the university policy students in this class are required to wear a mask/facial covering before, during, and after class. Faculty members may also ask you to display your daily screening badge as a prerequisite to enter the classroom. You are also asked to maintain safe distancing practices to the best of your ability. For the safety of everyone, any student not appropriately wearing a mask/facial covering will be asked to leave the classroom immediately. The student will be
responsible to make up any missed class content or work. Continued non-compliance with the Texas Tech University System Policy may result in disciplinary action through the Office of Student Conduct.

**Cellular Phone Policy**

Turn off all pagers, cell phones, or other electronic communication devices before entering the classroom.
