Course Syllabus Statement on Required Use of Masks/Facial Coverings by Students in Class At Angelo State University

As a member of the Texas Tech University System, Angelo State University has adopted the mandatory Facial Covering Policy to ensure a safe and healthy classroom experience. Current research on the COVID-19 virus suggests there is a significant reduction in the potential for transmission of the virus from person to person by wearing a mask/facial covering that covers the nose and mouth areas. Therefore, in compliance with the university policy students in this class are required to wear a mask/facial covering before, during, and after class. Faculty members may also ask you to display your daily screening badge as a prerequisite to enter the classroom. You are also asked to maintain safe distancing practices to the best of your ability. For the safety of everyone, any student not appropriately wearing a mask/facial covering will be asked to leave the classroom immediately. The student will be responsible to make up any missed class content or work. Continued non-compliance with the Texas Tech University System Policy may result in disciplinary action through the Office of Student Conduct.

No matter what job you hold, you will be a citizen of some country, probably the U.S., and as such, the U.S. Constitution and its implementation will affect you. Political Science 2305 introduces you to the American federal system of government. This introductory survey course covers the origin and development of the U.S. Constitution, structure, and powers of the national government including the legislative, executive, and judicial branches, federalism, political participation, the national election process, public policy, civil liberties, and civil rights. Also, it will show you how citizens are linked to their governmental institutions and how you can communicate with your elected representatives. Lectures and discussion will supplement the text, not merely explain it. Exams will cover lectures as well as course readings

CORE OBJECTIVES:

Critical Thinking: gather, analyze, evaluate, and synthesize information relevant to a question or issue.
Communication: develop, interpret and express ideas through effective written communication
Social responsibility: demonstrate knowledge of civic responsibility
Personal responsibility: demonstrate the ability to evaluate choices, actions, and consequences as related to ethical decision-making

COURSE LEARNING OUTCOMES:

2. The student will describe the effects that historical, social, political, cultural, and global forces had on the U.S Constitution
3. The student will demonstrate knowledge of the legislative, executive, and judicial branches of the national government.
4. The student will demonstrate a knowledge of the origins and evolution of the U.S. political system, with a focus on the growth of political institutions and the key components of the political system.
5. The student will understand the American federal system and explain how different political systems divide and share power between their central and state governments.
6. Students will evaluate the role of public opinion, interest groups, political parties, campaigns, and elections in the political system.
7. Students will describe the rights and responsibilities of citizens and be able to comment on the role of civic engagement in U.S. politics and political culture.
8. The student will analyze political issues, demonstrate critical thinking skills, and develop a critical approach to the study of government

LEARNING RESOURCES:
This course will use the Top Hat elearning system for your ebook and eresource. You may purchase an access code for the ebook at the bookstore. You cannot purchase the subscription from the bookstore. When you register your access code with TopHat.com, you will have to purchase your subscription but will receive a discount for it.

Both the ebook and subscription are available at TopHat.com. I will send you an ASU email with the TopHat.com purchase information. If you miss the invitation, you can go to TopHat.com to purchase. Be sure you purchase the bundle for this class so that you receive the discount on the eresouce for using one of their ebooks. Instructions on purchase and access are posted to the class Blackboard page and will be discussed on the first day of class.

REQUIRED ERESOURCE: You are required to purchase a subscription to the Top Hat e-system. There is a discount for the system for using the ebook. **If you have purchased the Top Hat e-system for another class, you do not have to purchase a new subscription, just the ebook.** For the subscription, you merely add this class to your roster.

There may be other readings noted in the course schedule. These will be available via the web or class BlackBoard page. Optional supplemental material, which I think may assist you with the required material, is also posted to BlackBoard. You are not required to read/use this optional material, but it may help your enjoyment and success in this class.
CLASS REQUIREMENTS:

Classroom etiquette: A proper learning environment is one in which all points of view, all questions asked, and all questions answered are treated with tolerance and respect. The overall goal of classroom decorum is for all of us to treat each other with respect and dignity. Any behavior that disrupts this learning environment, such as late arrivals or early departures, is unacceptable and inappropriate behavior will be subject to appropriate sanction.

Attendance: You are expected to attend all classes in person or online. **You MUST notify me by August 21 if you intend to attend online only. If you have an emergency and must switch to online-only at some point during the Semester, notify me ASAP.** Attendance will be taken for every class through Top Hat, and the student is cautioned that excessive absences will jeopardize their final grade for the course. A portion of your final grade is based on your attendance in class sessions.

- FTF/In-Person and Online attendance: Each student is expected to attend ftf/in-persons on their scheduled days. Each student is expected to attend online during the class period on all other class days. The attendance policy will be applied to both formats equally.
- Sleeping/Talking/Using Earbuds/Surfing the web/Texting during class will be counted as an unexcused absence. You will be given one warning and one unexcused absence. **If it continues, you will be marked down one full grade on your final grade.** Any student may anonymously alert me to a concern over a distraction, and I will then determine if there is a problem.
- Arriving late or leaving early without prior permission will be counted as an absence. You must be present when attendance is taken via Top Hat and must remain signed in to TopHat throughout the class period. TopHat notifies me when you exit the site.
- Students who have five or more unexcused absences will not receive credit for attendance. Two unexcused absences will receive a 10 point deduction, three a 20 point deduction, and four a 30 point deduction.
- Excused Absences: To receive an excused absence:
  - You may use one (1) no-questions-asked (NQA) excused absence. **You may not use this absence on an exam day. To use an NQA excused absence, you must notify me by email at least 30 minutes before the start of class that you will be absent that day.**
  - Other excused absences require written proof such as a doctor’s note, faculty notice that you are out on ASU business, etc. If you are using a written proof excuse on an exam day, you must make arrangements with me before the absence to complete the work within 24 hours of the end of your excuse.

Classroom etiquette: A proper learning environment is one in which all points of view, all questions asked, and all questions answered are treated with tolerance and respect. The overall goal of classroom decorum is for all of us to treat each other with respect and dignity. Any
behavior that disrupts this learning environment, such as late arrival or early departure, is unacceptable, and inappropriate behavior will be subject to appropriate sanction.

**Grading:** This course uses a standard percentage system, 100-90%=A, 89-80%=B, etc. Grading sections are Top Hat Questions, Exams on Blackboard, Participation/Discussion postings on Blackboard, Attendance, Semester Project Proposal, Semester Project Final Paper. The Final Paper counts double as it also takes the place of the final exam.

There is no final exam. The Semester Project will serve as your final exam grade.

Extra credit is available only as specified. *Extra credit will not be awarded individually to assist you in bringing up a bad grade.* See the extra credit content module on Blackboard.

**Assignments:** All deadlines are firm. Extensions due to excused absences are granted, as noted below.

**Readings:** Readings are listed by the class in which they will be discussed. You are expected to have read the material before that class period. Reading assignments are not a substitute for attending class. We will discuss additional material in class, which will be included in graded assignments.

**Reading Quizzes in Etext:** During the Semester, there will be questions interspersed in the etext on Top Hat. These questions are over the reading or links embedded in the reading. All of these must be completed before the deadline posted in the course schedule. No extensions for Reading Quizzes will be granted.

**Exams:** YOU MUST USE A PC TO COMPLETE THE EXAMS. YOU CANNOT USE YOUR PHONE. There will be online exams using the Respondus Lockdown Browser. The deadlines for these tests are on BlackBoard, and in the course schedule, YOU MAY NOT USE ANY AIDS WHILE TAKING THESE EXAMS. These exams will be T/F and MC and cover the reading AND lectures.

Respondus Lockdown Browser. It is your responsibility to install the program and to know how to use it. You may access installation and tutorials for Respondus Lockdown Browser via the technology tab on the opening page of Blackboard and posted to Blackboard in the Exam Module. You will NOT use a Respondus webcam. If you have any problems consult ASU Tech Services.

IPAD ALERT: If you use an Ipad for your exams, let me know immediately so I can set Respondus to accept your work. Waiting until the day of or after an exam to alert me will not result in an extension of time to complete the exam.

CHROMEBOOK ALERT: You cannot use Respondus with a Chromebook. You must find another computer to take the exams. If you need assistance, let me know ASAP. Waiting until the day of or after an exam deadline to let me know you use a Chromebook will not result in an extension to complete the exam.

**Participation:** Your participation grade will depend on discussion board postings to Blackboard. The deadline Blackboard discussion posting is listed in the course schedule.
must post a discussion thread for one topic, and at least one reply to a different topic in each
discussion period posted. I do not grade the views expressed. I grade the accuracy of factual
information, that you address the topic posted, are respectful of other viewpoints, you fully
engage the issue offering not only your view but also an opposing one. The quality and quantity
of postings will be used to determine your participation grade. I alone determine the quality of
your postings.

Semester Project:   There is a two-part semester project. The first part is your project
proposal, and the second is your final project paper. See Blackboard for specifics about the
project proposal and final submission. The Final Paper counts double as it also takes the place of
the final exam.

TurnItIn: This course will use TurnItIn for written assignments. You will submit your
proposal and final project through the assignment listed on Blackboard. TurnItIn will
automatically review your proposal and the final project. TurnItIn only accepts Word or pdf
format. If you do not know how to use TurnItIn, see the tutorials on Blackboard. DO NOT
submit your project through TurnItIn.com.

Extensions for Proposal and Project Submission: Rarely do I allow extensions of the
proposal and final project deadlines. Only extraordinary unforeseeable events will receive
extensions.

FYI: Computers crash—it is your responsibility to save a backup copy of your
project off your hard drive; thus, this is not an excuse for a late project. Also, the clock
on your computer may not align with the one on Blackboard or TurnItIn. The
Blackboard and TurnItIn clocks control submission deadlines. Further, it takes time for
uploads to be completed. If they are not completed before the Blackboard or TurnItIn
clocks reach the deadline, your submission will be blocked, and you will not receive an
extension of time.

You do not need to read any full SCOTUS opinion. Reading a synopsis on one of the recommended websites is the most you will need. For recent cases, reading a SCOTUS blog article may also be helpful.
