Course Objectives

Learning Objectives:
This course is designed to be an extension of the first tax course. Specifically, this course includes issues related to the determination of taxation on various business entities. At the completion of this course a student should be able to:

- Demonstrate knowledge of the components of the basic income tax formula for business entities, understand when income and deductions are recognized, and describe when they are excluded (or disallowed) or deferred.
- Explain the interrelations and differences between financial accounting and tax accounting.
- Understand how business entities are formed, operated and liquidated from a tax perspective.
- Apply tax rules and the interpretation of those rules to various sets of facts and different situations.

Students will demonstrate competence in the objectives listed above through a combination of exams and assignments.

Course Textbook and Required Readings

You must have the Connect Access version, since all assignments will be completed using Connect.

**Grading Policies**

This course employs the following to measure student learning.

<table>
<thead>
<tr>
<th>Grade Calculations</th>
<th>Percent of Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>Homework &amp; Quizzes</td>
<td>25%</td>
</tr>
<tr>
<td>Semester Examinations</td>
<td>50%</td>
</tr>
<tr>
<td>Comprehensive Final Exam</td>
<td>25%</td>
</tr>
</tbody>
</table>

Angelo State University employs a letter grade system. Grades in this course are determined on a percentage scale:

A = 90 – 100 %  
B = 80 – 89 %  
C = 70 – 79 %  
D = 60 – 69 %  
F = 59 % and below.

**Homework:**

**Blackboard & Connect**

Assignments will also be placed on Blackboard and/or Connect as we move through the course. These assignments may consist of readings and problems and homework problems relating to the material we cover in class. The deadlines for these assignments will always be at 11:59 pm on the day they are due. At that time (11:59 pm) the system will close, and you will be graded on the work completed prior to that time. I will make every effort to remind you of due dates in class, but ultimately you are responsible for meeting the deadlines that are listed on Blackboard for this course.

The portion of homework and quiz points will be determined by a percentage of the total number of points earned divided by the total possible points. For example, if there are a possible 2,500 points available for homework and quizzes and you get 2,173; then 2,173
\[ \frac{4}{2,500} = 0.8692. \] Therefore, you would get 86.92\% of the 25\% available for homework and quizzes.

**Examinations:**

There will be a total of four (4) exams in this course; three semester exams and a **comprehensive** final exam. Each exam (three semester exams and comprehensive final exam) is worth 100 points. All students must take the final examination.

See the Tentative Course Outline for dates of the exams which will be scheduled during regular class time, except for the Final Exam which will be held Saturday, November 21, 2020 from 10:30 am – 12:30 pm.

**Possible Online Testing:**

If any of the exams are taken online, this course will use Proctorio which is a browser-locking, remote proctoring solution available through the Textbook publisher. You will be able to see which assignments in Connect include Proctorio settings.

The reason I’ve chosen to enable Proctorio settings for online testing in this course is to make education more equal by allowing each student to earn the grades they deserve. The US Federal Government also requires that all schools have a process in place for verifying student identity to protect against Federal Student Aid (FSA) fraud.

Proctorio only runs as an extension in your Chrome browser. This means that Proctorio works within a sandbox and has limited access to your computer system, unlike traditionally installed software applications that have complete access to your computer’s hard drive, or other resources.

Proctorio does not continuously run in Connect. Proctorio only runs while you are taking your proctored Connect assignment. After your proctored assignment ends, you may uninstall the extension by right-clicking on it, to bring you peace of mind. Just remember, if you choose to do this, you’ll need to reinstall the extension again before starting your next proctored assignment.

All student data is kept safe using zero-knowledge encryption, meaning student data is scrambled and unreadable by anyone outside of our institution’s learning platform. Proctorio cannot see your proctored assignment data. Read more about Proctorio security.

**Missed/Late Work:**

Assignments are an opportunity to practice and demonstrate the use of tax rules. To encourage participation in assignments, homework and quizzes have been allocated 25\% of the class grade.
You are highly encouraged to complete assignments on or before the assigned date because it is related to classwork. Completed assignments and quizzes are due on the assignment date in the assignment software or Blackboard.

Extra Credit:

There may be possible extra credit assignments/activities opportunities during the semester.

Participation/Absenteeism

Students who attend class in person will be required to abide by a seating chart. If needed, this seating chart will be used by ASU for contact tracing purposes.

Please follow all COVID-19 guidelines provided by ASU (see https://www.angelo.edu/covid-19/) which includes daily health screenings when you will be on campus and may include moving the class online.

Please stay home if you feel ill, have any symptoms associated with COVID-19, or suspect you have been exposed to the virus. In-person attendance will not be a factor in the final grades, but the student still needs to inform the instructor of any conflict that can be anticipated and will affect the submission of an assignment or the ability to take an exam. Only the instructor can excuse a student from a course requirement or responsibility.

This class may go online for some, or all of the remainder, of the semester as required by ASU or at the discretion of the instructor. You will be advised by email or Blackboard if the class will be meeting online. During a period that the class is meeting online, exams given during that period will be online.

At this time, it is expected that all lectures will be recorded and placed Blackboard. Additional materials, including videos, will also be placed on Blackboard. If student cannot, or prefers not to, attend class or classes in person, it is the student’s responsibility to follow along. If you are not attending class in person, please notify the instructor so that arrangements can be made for exams.

When conflicts can be anticipated, such as for many University-sponsored activities and religious observations, the student should inform the instructor of the situation as far in advance as possible. For unanticipated or emergency conflict, when advance notification to an instructor is not possible, the student should contact the instructor as soon as possible by email.

Classroom Policies

Students are expected to display professional conduct during class. You should arrive on time and be in your seat at the scheduled class start time and when we return from breaks. In general, I will start exactly on time at the beginning of class and following breaks.
However, if you must be late, please still come to class. I would rather you come I late than miss the material.

In addition to the above the following rules will also apply:
1. Programmable calculators, cell phone calculators, and mp3 players cannot be used during exams in this course. There are no exceptions to this rule.
2. Please do not disrupt the class by talking to others. If you have a question, please ask me.
3. Please turn off your cell phones so that it does not distract others. Also refrain from texting or surfing the internet during class. If you feel the need to do this, please leave the room and do not distract those around you.
4. You are the only one that can drop you from this course. I cannot drop you from the course. The last day to drop this class is **Tuesday, November 10, 2020**. Do not just quit coming to class. If you do you will receive an “F” in the course.

**Course Policies**

**Academic Honesty and Integrity**

Angelo State University expects its students to maintain complete honesty and integrity in their academic pursuits. Students are responsible for understanding and complying with the university Academic Honor Code, which is in both print and web versions of the ASU Student Handbook.

Academic integrity is expected. This includes, but is not limited to, any form of cheating, plagiarism, unauthorized sharing of work, or unauthorized possession of course materials. The professor assumes that all students can be trusted. Please do not violate this trust. Violation of academic integrity will result in a failing grade for the course.

It is the professor’s intention to be as fair and impartial as is humanly possible. Therefore, all students will be asked to adhere to the same set of guidelines and rules UNLESS there are disabilities or documented extenuating circumstances that have been discussed with the professor and the Student Life Office. Please make sure you inform the professor as soon as any situation arises. Do NOT wait until the problem is compounded by poor class performance, poor attendance, etc.

**Plagiarism**

Plagiarism is a serious topic covered in ASU’s Academic Integrity policy in the Student Handbook. Plagiarism is the action or practice of taking someone else’s work, idea, etc., and passing it off as one’s own. Plagiarism is literary theft.

In your discussions and/or your papers, it is unacceptable to copy word-for-word without quotation marks and the source of the quotation. It is expected that you will summarize or paraphrase ideas giving appropriate credit to the source both in the body of your paper and the reference list.

Papers are subject to be evaluated for originality via Turnitin. Resources to help you understand this policy better are available at the ASU Writing Center.
Copyright Policy

Students officially enrolled in this course should make only one printed copy of the given articles and/or chapters. You are expressly prohibited from distributing or reproducing any portion of course readings in printed or electronic form without written permission from the copyright holders or publishers.

Code of Ethics

Students, faculty, administrators and professional staff of the College of Business should always:

- Be forthright and truthful in dealings with all stakeholders
- Take responsibility for one’s actions and decisions
- Serve as an example of ethical decision-making and behavior to others
- Admit errors when they occur, without trying to conceal them
- Respect the basic dignity of others by treating them as one would wish to be treated

Courtesy and Respect

Courtesy and respect are essential ingredients to this course. We respect each other’s opinions and respect others’ points of view at all times while in our class sessions. The use of profanity and harassment of any form is strictly prohibited (Zero Tolerance), as are those remarks concerning one’s ethnicity, lifestyle, religion, etc., violations of these rules will result in appropriate disciplinary actions.

Required Use of Masks/Facial Coverings at Angelo State University

As a member of the Texas Tech University System, Angelo State University has adopted the mandatory Facial Covering Policy to ensure a safe and healthy classroom experience. Current research on the COVID-19 virus suggests there is a significant reduction in the potential for transmission of the virus from person to person by wearing a mask/facial covering that covers the nose and mouth areas. Therefore, in compliance with the university policy students in this class are required to wear a mask/facial covering before, during, and after class. Faculty members may also ask you to display your daily screening badge as a prerequisite to enter the classroom. You are also asked to maintain safe distancing practices to the best of your ability. For the safety of everyone, any student not appropriately wearing a mask/facial covering will be asked to leave the classroom immediately. The student will be responsible to make up any missed class content or work. Continued non-compliance with the Texas Tech University System Policy may result in disciplinary action through the Office of Student Conduct.

Accommodations for Disability

ASU is committed to the principle that no qualified individual with a disability shall, on the basis of disability, be excluded from participation in or be denied the benefits of the services, programs or activities of the university, or be subjected to discrimination by the university, as provided by the Americans with Disabilities Act of 1990 (ADA), the Americans with Disabilities Act Amendments of 2008 (ADAAA), and subsequent legislation.

Student Affairs is the designated campus department charged with the responsibility of reviewing and authorizing requests for reasonable accommodations based on a disability, and it is the student’s responsibility to initiate such a request by emailing student-services@angelo.edu, or by contacting:

Mrs. Dallas Swafford
Director of Student Development
Office of Student Affairs
University Center, Suite 112
Student absence for religious holidays

As stated in the Angelo State University Operating Policy and Procedures (OP 10.19 Student Absence for Observance of Religious Holy Day), a student who intends to miss class to observe a religious holy day should make that intention known in writing to the instructor prior to the absence. A student who is absent from classes for the observance of a religious holy day shall be allowed to take an examination or complete an assignment scheduled for that day within a reasonable time after the absence.

Course Drop

To view information about how to drop this course or to calculate important dates relevant to dropping this course, you can visit http://www.angelo.edu/services/registrars_office/course_drop_provisions.php.

Incomplete as a Course grade

As stated in the Angelo State University Operating Policy and Procedure (OP 10.11 Grading Procedures), the grade "I" is given when the student is unable to complete the course because of illness or personal misfortune. For undergraduates, an "I" that is not removed before the end of the next long semester automatically becomes an "F". A graduate student will be allowed one year to remove a grade of "I" before it automatically becomes an "F". To graduate from ASU, a student must complete all "I"s.

Grade Appeal Process

As stated in the Angelo State University Operating Policy and Procedures (OP 10.03 Student Grade Grievances), a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, has experienced inequitable evaluation procedures, or inappropriate grading practices, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the grade appeal process and the number of days allowed for completing the steps in the process, see Operating Procedure 10.03 at: http://www.angelo.edu/content/files/14196-op-1003-grade-grievance.
