Course Syllabus Statement on Required Use of Masks/Facial Coverings by Students in Class at Angelo State University

As a member of the Texas Tech University System, Angelo State University has adopted the mandatory Facial Covering Policy to ensure a safe and healthy classroom experience. Current research on the COVID-19 virus suggests there is a significant reduction in the potential for transmission of the virus from person to person by wearing a mask/facial covering that covers the nose and mouth areas. Therefore, in compliance with the university policy students in this class are required to wear a mask/facial covering before, during, and after class. Faculty members may also ask you to display your daily screening badge as a prerequisite to enter the classroom. You are also asked to maintain safe distancing practices to the best of your ability. For the safety of everyone, any student not appropriately wearing a mask/facial covering will be asked to leave the classroom immediately. The student will be responsible to make up any missed class content or work. Continued non-compliance with the Texas Tech University System Policy may result in disciplinary action through the Office of Student Conduct.

Moreover, you are allowed not one but two submissions at each assignment. Contact me if you strongly believe that you have a valid reason for missing an assignment. Besides, we drop the lowest assignment at the end of the semester so if you happen to miss an assignment, for any reason, your final grade will not be impacted.
- If you are unable to take an exam for a valid reason, recognized by the university, such as illness or death in the family, a makeup exam may be scheduled. You will be required to produce documentary evidence to substantiate your claim. Any other excuse must be approved by telephone/email in advance. A. Instructional Material: under this link, you will find chapter by chapter lecture notes and the PowerPoint slides that I slightly modified to complement the textbook. By no means will this material substitute for the book. When needed and when possible, additional material may be posted here. In this folder, you will also find

  Tutorials, I created, are also uploaded in this folder and they should be very helpful in aiding you to understand the material and complete the assignments and Exams.

B. MyLab Economics quizzes & homework in this folder, your quizzes and auto-graded excel homework will be located based on chapter by chapter. The links for these quizzes and auto-graded excel assignments will take you to Pearson’s MyLab Economics website where you will complete the work.

  The quizzes will have multiple attempts (two or three). You will know in advance how many attempts you will have at each.

  Auto-graded excel homework will have unlimited attempts.

A. How to register or create your account in MyLab Econ?
Very simple, login to blackboard. Click Lesson 1, click\open the folder Lesson

1. You will see the Folder MyLab Economics Homework and Quizzes (Pearson), open it and Click the
“Get Started with MyLab Econ Homework (14 Bonus points)”

The above will take you to Pearson’s website where you will register using the access code that come with your book. This needs to be done only once. While there, you can complete this bonus quiz to receive the 14 extra points.

This Get started quiz has 7 questions. It must be completed with correct answers no later than 11:59pm on Aug. /21/2020 to obtain credit. You have Unlimited Attemps.

C. The two lowest scores out of your quizzes and Auto graded excel homework will be DROPPED automatically at the end of the semester without impacting your grade.

Exams: Due to COVID 19 and the fact that we can’t all meet physically at the same time, ALL Exams will be taken online UNLESS I decide otherwise.

IMPORTANT NOTE: ALL EXAMS REQUIRE THE USE OF LOCKDOWN BROWSER (LDB) & MONITOR (Webcam).

Your EXAMS will consist mainly of multiple choice type questions (45-60).

You only have ONE attempt per Exam and EXAM must be completed during the assigned time and date.

You will have 75 minutes to complete each exam. Once you click to begin an exam, it must be completed within the allotted time. DO NOT start the Exam late, i.e., all exams will be available to you at 9:30am on the assigned date and will DISAPPEAR exactly at 10:45am. Any questions answered after this time will receive no credit.

Give yourself all the allowed time, i.e., do not login to take the exam after 9:30am since you may not have enough time to complete it.

D. Check your LDB quiz: This folder will contain a very brief one time quiz (it requires LockDown Browser) that you MUST complete (and will receive few bonus points if you do so). This quiz will help us check whether your computer and the lockdown browser (LDB) are working properly and you are following all exam rules. The Bonus quiz must be completed on 6/5 by 11:59pm.
IMPORTANT: Respondus LockDown Browser (LDB) and monitor (i.e., webcam) is required for all Exams.

To download the LDB, follow these instructions:

Login to blackboard
1. https://blackboard.angelo.edu/webapps/portal/execute/tabs/tabAction?tab_tab_group_id=._223_1
2. Click Technology Support:
3. Scroll down and then click Download LockDown Browser.

To access the EXAM answer key, after the due date and time, follow these simple instructions:

1. for Exams, Login to Blackboard USING THE LOCKDOWN BROWSER;
2. Go to the Grade Center by selecting the link "My Grades";
3. Locate the row that has the EXAM you want to review and select the EXAM title;
4. Look to the far right of the row and select the GRADE
5. Click on the symbol/Hyperlink;

EXAMS RULES:

REMEMBER, all my exams are OPEN BOOK, so you are allowed to use the book, the PP slides, the tutorials, and a simple calculator. All other material is NOT allowed.

- Unless I decide otherwise, all Exams will be online;
- You are allowed to use your TEXTBOOK, your bb instructional material, your assignment, your own notes and a simple calculator. All else is not allowed.
- You must use the webcam during the test. Using the webcam requires the LockDown Browser. LockDown Browser means you cannot use the e-book;
You are not allowed to use any electronic devices other than the computer on which you are taking the exam on (You cannot have access to a second computer, tablet, iPad, Cell Phone, …, too many to list);

Because of the above, you will not be able to access your e-book during the exam. Solution: print Chapters prior to taking the exam from the e-book;

You cannot have a friend or family member present while taking the Exam;

You cannot use your phone (make or receive calls or Texts);

You must use the LDB (using the LockDown Browser means that you will not be able to use an e-book).

LockDown Browser is required only for Exams and not the ASSIGNMENTS;

You can use the browser of your choice for submitting your Assignment answers;

Not necessarily a rule, but rather a strong recommendation, when possible use an Ethernet cord to “hard wire” your computer instead of Wifi. This will ensure that you will not lose internet connection with Blackboard during the Exam (if taking the Exam using a laptop, please make sure that it is connected to a power outlet or the battery is FULLY charged and can withstand at least two hours of the exam time);

CRITICAL: You MUST make sure that the webcam shows you at all times (not the top of your head, not the ceiling, not the floor, … etc). Make sure you are framed properly in the shot so your face and shoulders can be seen as well as some of the background. Also, the lighting should not be too dark or not directed into the lens, blinding the shot. You should have a clear video.

Make sure the microphone is on and NOT muted during the entire exam.

If I notice something that leads me to believe that you have violated one or more rules of taking the Exam, you will receive a zero and face possible disciplinary action.

Writing Guidelines

No writing is required in this course.

Course Objectives:

In addition to providing students with a basic understanding of the economic theory, this course will supply analytical tools and methodologies that today’s managers can use in decision making process to efficiently allocate their organization’s scarce resources. We will explore theory and quantitative methods, and apply them to managerial decisions such as consumer behavior, production, pricing, and profit maximization. The course will sharpen your analytical skills through integrating your knowledge of the economic theory with decision making techniques. The course also intends to significantly improve your understanding of the
structure of industries and the strategic behavior of managers in today's complex and constantly changing business environment.

By the end of the course, successful students should be able to:

1) Describe the nature of economics and how it relates to the issue of scarcity (*knowledge of contemporary theory*),

2) Perform supply and demand analysis to analyze the impact of economic events on markets (*knowledge of contemporary practice*),

3) Understand the relationship between price, revenue, and profit (*Analytical thinking, critical analysis*)

4) Understand how price, income, and cross elasticities of demand can be used by managers in forecasting and manipulating demand for their products (*Analytical thinking, critical analysis*)

5) Understand the relationship between cost, revenue, output and profit (*Analytical thinking, critical analysis*)

6) Be able to explain the varying market structures (selling environments) and their output and price determination decisions in order to maximize profit (*Analytical thinking, critical analysis*)

7) Understand marginal analysis and how managers can use it in decision making (*Analytical thinking, critical analysis*)

Grading Policies

1. We will have **four Exams including the Final**; each will consist of about **40-55 multiple-choice** type questions. Dates and number of points assigned to each Exam are provided. None of the Exams are comprehensive. **All exams count towards your final grade. Note that Exams 1 and 2 are weighted higher than exams 3 and 4. Exams may be administered in blackboard or MyLab Econ.**

2. A number of MyLab Econ quizzes and one Auto-Graded excel homework will be assigned **on a chapter by chapter basis**. Most quizzes will have three attempts, while few will have just two attempts. After each submission, you will see questions missed so hopefully with the second and third submissions, you will obtain the highest number of points. Do not open these QUIZZES unless you are ready to answer the questions, i.e., you have studied the material. Every time you open a QUIZ, it counts as an ATTEMPT.

Auto-graded excel homework will have UNLIMITED attempts. **Watch the posted short video in bb about downloading and uploading your excel file.**

Each quiz and each excel homework is capped at 100 points. After dropping the lowest two out of all these, I will take the average and multiply it by 4 (i.e., AVG. x 4).

Sometimes a quiz or an Auto-graded excel homework may have **more than 100 points** because of bonus points. Because these are **true bonus**, the way you look at your score is ALWAYS out of 100. For example, if one of the quizzes has 115 points and you scored 90, then your score is 90 out of 100 points and not 90 out of 115. Remember anything above 100 is a true bonus. If your score on that quiz is 115, it is indeed 115 out of 100. Those extra 15 points will help other quizzes or exams.

**Similarly, some exams will have bonus questions for bonus points. Again, these are also TRUE BONUS.**

**This course employs the following to measure student learning.**
