Course Objectives

This is an exciting and challenging course that focuses on many key factors of management with specific emphasis on organizational behavior. The purpose of this course is to provide students with the knowledge of management basics to be used in future business courses and management practice. After taking this course students should be able to:

1. Recognize how individual differences affect employee behavior within organizations.
2. Comprehend the role of group dynamics (leadership, teams, power, politics, and conflicts) within organizations.
3. Identify the relationship between organizational facets (culture, work design, and structure) and employee behavior.
4. Discover and recognize how globalization, cross-cultural differences, and diversity impact employee behavior.

Angelo State University employs a letter grade system. Grades in this course are determined on scale below:

1000-900 points = A  
899-800 points = B  
799-700 points = C  
699-600 points = D

Response Time
Individual/team work will be graded and returned to the students within a week of the assignment due date. Emails will be replied within 24 hours except on weekends and holidays.

Exams and Practice Quizzes
All Exams have multiple choice questions and require the use of LockDown Browser. Watch this [short video](http://www.respondus.com/lockdown/download.php?id=384131921) to get a basic understanding of LockDown Browser. A student Quick Start Guide (PDF) is also available. Download and install LockDown Browser from this link:

To ensure LockDown Browser is set up properly, do the following:

- Start LockDown Browser, log into [blackboard.angelo.edu](http://blackboard.angelo.edu), and select this course.
- Locate and select the Help Center button on the LockDown Browser toolbar.
- Run the System & Network Check. If a problem is indicated, see if a solution is provided in the Knowledge Base. Troubleshooting information can also be emailed to our institution's help desk.
- Exit the Help Center and locate the “LockDown Browser Practice Quiz” on course home page under “Module 3”
- Upon completing and submitting the practice quiz, exit LockDown Browser.

When taking an online exam that requires LockDown Browser and a webcam, remember the following guidelines:

- Ensure you're in a location where you won't be interrupted
- Turn off all other devices (e.g. tablets, phones, second computers)
- Clear your desk of all external materials not permitted — books, papers, other devices
- Remain at your computer for the duration of the test
- If the computer or networking environment is different than what was tested above, repeat the System checks prior to starting the test
- Remember that LockDown Browser will prevent you from accessing other websites or applications; you will be unable to exit the test until all questions are completed and submitted.

LearnSmart practice quiz for each chapter is required. Maximum grade of 10 points is awarded if the chapter topics are mastered successfully.
Discussion Board
During any given week/module, the discussions are scheduled to be completed no later than 11:59 PM on the day it’s due. Participation in the discussion not only includes answering questions posted by your instructor, but also includes responding and interacting with fellow students. Students are expected to participate in accordance with the rubric below. Reading the discussions is important. The individual responses are directed to other students’ projects or comments based on any of the prompts that have been posted. You are expected to start posting at least 3 days before the due date for each discussion to give enough time for others to respond and have a productive online conversation. Initial posts closer to the due date may lose points for timeliness.

Both reading and commenting are equally important. A response to another student such as "I liked your comment" is not considered constructive nor a quality posting. Analysis and critique is the goal. The professor is able to view when individual students read comments and respond to comments in the Discussions. Discussions are much more informal than your assignments, but professionalism is encouraged. Your postings will not be graded for spelling, grammar, or APA Style; however, if you refer to a source you should provide the reference in APA style.

I will read all discussions. However, I will not respond to every discussion post. I tend to lift up key ideas and concepts and to comment on them in order to add to the teaching and learning in the course. Often, if the student responses cover what I want taught and learned, then I may not respond to a posting at all. I will grade discussions as per the rubric. A single response to the stated topic is basic. Multiple responses to other students’ comments and ideas are expected. This scoring is highly subjective and relates directly to the quality of responses and somewhat to quantity of responses (number). If no appropriate comments are made in a Required Discussion thread, no points will be awarded.

Unless otherwise specified, click the title of the initial thread in order to participate in the discussion. Click Reply to the prompt and respond as appropriate. Do not create a new thread unless requested to do so. For the most part, all discussions will be graded according to the following simplified rubric:

<table>
<thead>
<tr>
<th>Criteria</th>
<th>Levels of Achievement and Points</th>
<th>Maximum Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Completeness</td>
<td>Proficient: Posts are complete based on prompt/format and have good</td>
<td>10</td>
</tr>
<tr>
<td></td>
<td>Competent: Posts are mostly complete based on prompt/format</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Novice: Posts are incomplete based on prompt/format and lacks</td>
<td></td>
</tr>

## Term paper
For this paper students work in self-assigned pairs (2 students) and create a report that include information about a management practice used by a company. Examples of management practices are Zappo’s holacracy, Apple’s high performing teams, Amazons’s demanding and aggressive culture, etc. You can use any company with more than 100 employees. Your goal is to write an interesting and coherent paper. Use the following guideline to write a 3-4 page (excluding title and references) paper on the management practice of your choice.

1. Provide details about the company and its business model
2. Explain the management practice
3. Explain how this management practice fits with the business model of the company
4. How it helps in increasing organizational effectiveness (i.e. impact on important OB related dependent variables such as turnover, job satisfaction, job performance)

5. Include conclusion

The paper should be at least 3 pages in length (typed, 12 pt. font, 1-inch margins, and error free). The report should include your original work based on your research. Paraphrase and cite properly in order to avoid plagiarizing. It should look neat and professional. All written papers must adhere to the APA style. You are expected to submit all papers with appropriate citation, references, etc. Style guides are available online, in the University library and the bookstore.

Course Policies

Academic Honesty and Integrity
Angelo State University expects its students to maintain complete honesty and integrity in their academic pursuits. Students are responsible for understanding and complying with the university Academic Honor Code, which is in both print and web versions of the ASU Student Handbook.

Academic integrity is expected. This includes, but is not limited to, any form of cheating, plagiarism, unauthorized sharing of work, or unauthorized possession of course materials. The professor assumes that all students can be trusted. Please do no violate this trust. Violation of academic integrity will result in a failing grade for the course.

It is the professor’s intention to be as fair and impartial as is humanly possible. Therefore, all students will be asked to adhere to the same set of guidelines and rules UNLESS there are disabilities or documented extenuating circumstances that have been discussed with the professor and the Student Life Office. Please make sure you inform the professor as soon as any situation arises. Do NOT wait until the problem is compounded by poor class performance, poor attendance, etc.

Code of Ethics and Rules
Students, faculty, administrators and professional staff of the College of Business should always:

- Be forthright and truthful in dealings with all stakeholders
- Take responsibility for one’s actions and decisions
- Serve as an example of ethical decision-making and behavior to others
- Admit errors when they occur, without trying to conceal them
- Respect the basic dignity of others by treating them as one would wish to be treated

Below are some other important rules for this course.

1. Cheating, Plagiarism, Scholastic Dishonesty, and Student Discipline: Cheating is unethical and not acceptable. Plagiarism is using information or original wording in a paper without giving credit to the source of that information or wording; it is also not acceptable. Do not submit work under your name that you did not do yourself. You may
not submit work for this class that you did for another class. You must cite, reference, or quote information obtained from other sources so you give credit where credit is due. If you do not know how to do that, ask. In addition, when an assignment specifies that you must perform a task individually, asking for your classmates’ help is scholastic dishonesty. Do NOT copy any material regardless of where you obtained it into your own work. Do NOT submit work under your name if you did not complete it entirely yourself; be honest and tell me you did it together. The consequences will be less severe when you are up front about it than when you try to hide it.

ASU now has a site license for Turnitin.com, a plagiarism detection tool that you can also use to check your own work for this or other classes to prevent getting in trouble. I may report any instances of plagiarism and dishonesty to the Dean of Students Office and the grade for the assignment/course can be an “F” or “zero”.

If you want to test your understanding of plagiarism, take the self-assessment at http://education.indiana.edu/~frick/plagiarism or visit http://www.turnitin.com

2. **Deadline Policy and Late Assignments**: It is essential that all of you come to class fully prepared to discuss your work and do well on the in-class assignments. Once a deadline has passed, you can no longer turn in your work. Plan carefully to ensure you meet the deadlines. If you wait until the last minute, things that can go wrong often do. Your computer will crash, the internet connection stops working, etc. If you had started earlier, you would have had time to deal with those annoyances, and still turn in your assignments on time. Therefore, I cannot accept those types of excuses. Create your time management plan and stick to it, so you can get everything done on time. All assignments are due before midnight, see tentative schedule for deadlines.

3. **Missed Tests**: There will be 3 Exams and multiple quizzes. If, due to a well-documented emergency, there is a possibility of missing an exam it is the responsibility of student to contact the instructor in advance to arrange an alternative option. No arrangements can be made after the fact. Missed quizzes and assignments cannot be made up.

4. **Facial Mask**: As a member of the Texas Tech University System, Angelo State University has adopted the mandatory Facial Covering Policy to ensure a safe and healthy classroom experience. Current research on the COVID-19 virus suggests there is a significant reduction in the potential for transmission of the virus from person to person by wearing a mask/facial covering that covers the nose and mouth areas. Therefore, in compliance with the university policy students in this class are required to wear a mask/facial covering before, during, and after class. Faculty members may also ask you to display your daily screening badge as a prerequisite to enter the classroom. You are also asked to maintain safe distancing practices to the best of your ability. For the safety of everyone, any student not appropriately wearing a mask/facial covering will be asked to leave the classroom immediately. The student will be responsible to make up any missed class content or work. Continued non-compliance with the Texas Tech University System Policy may result in disciplinary action through the Office of Student Conduct.
Accommodations for Disability
ASU is committed to the principle that no qualified individual with a disability shall, on the basis of disability, be excluded from participation in or be denied the benefits of the services, programs or activities of the university, or be subjected to discrimination by the university, as provided by the Americans with Disabilities Act of 1990 (ADA), the Americans with Disabilities Act Amendments of 2008 (ADAAA), and subsequent legislation.

Student Affairs is the designated campus department charged with the responsibility of reviewing and authorizing requests for reasonable accommodations based on a disability, and it is the student’s responsibility to initiate such a request by emailing studentservices@angelo.edu, or by contacting:

Mrs. Dallas Swafford  
Director of Student Development  
Office of Student Affairs  
University Center, Suite 112  
325-942-2047 Office  
325-942-2211 FAX  
Dallas.Swafford@angelo.edu

Student Absence for Religious Holidays
As stated in the Angelo State University Operating Policy and Procedures (OP 10.19 Student Absence for Observance of Religious Holy Day), a student who intends to miss class to observe a religious holy day should make that intention known in writing to the instructor prior to the absence. A student who is absent from classes for the observance of a religious holy day shall be allowed to take an examination or complete an assignment scheduled for that day within a reasonable time after the absence.

Course Drop
To view information about how to drop this course or to calculate important dates relevant to dropping this course, you can visit http://www.angelo.edu/services/registrars_office/course_drop_provisions.php.

Incomplete as a Course Grade
As stated in the Angelo State University Operating Policy and Procedure (OP 10.11 Grading Procedures), the grade "I" is given when the student is unable to complete the course because of illness or personal misfortune. For undergraduates, an "I" that is not removed before the end of the next long semester automatically becomes an "F". A graduate student will be allowed one year to remove a grade of "I" before it automatically becomes an "F". To graduate from ASU, a student must complete all "I"s.

Grade Appeal Process
As stated in the Angelo State University Operating Policy and Procedures (OP 10.03 Student Grade Grievances), a student who believes that he or she has not been held to appropriate academic standards as outlined in the class syllabus, has experienced
inequitable evaluation procedures, or inappropriate grading practices, may appeal the final grade given in the course. The burden of proof is upon the student to demonstrate the appropriateness of the appeal. A student with a complaint about a grade is encouraged to first discuss the matter with the instructor. For complete details, including the responsibilities of the parties involved in the grade appeal process and the number of days allowed for completing the steps in the process, see Operating Procedure 10.03 at: http://www.angelo.edu/content/files/14196-op-1003-grade-grievance.
